#### Amazing

Another well written book by Desiree and I absolutely enjoyed reading it from beginning to end. The writing definitely draws you in to each character where a connection somehow develops. I love the Skye sisters and the relationship they have with each other. What I like the most is how much the sisters have grown especially Caroline being more open with her sexuality and Trinity accepting a relationship with Andre. Also Caroline and Trinity making peace with their parents. Siren helping Shiloh with his demons was the best. Glad the Carters made an appearance. Elijah is still crazy but I love it. Hate that this is the end of the series.

#### Wow

Ok so this series was good. It's difficult to read how you speak. Black English runs a lot of words together that on paper make absolutely no sense. And will give people who like proper grammar the heebie geebies. So, with that said if you can't read a book with grammar difficulties leave this series alone. If you can then you'll enjoy it. I wish the author would have given clearer closure on the main characters. Savannah, Tuesday, and Moe before moving on to The Skye sisters. There are parts of Jason and Tuesday story left unfinished (just honorable mentions) in this story. Savannah and Paris's HEA were basically left untouched. Moe and Gunner just showed up at the end like an afterthought. There are some scenes that could really use exploring ie (Caroline shows signs of Multiple Personality disorder). And Omni and Jason both seem to share Schizophrenia. What happened with DeMarco and Devyn? I could go on. Over all it was a really good series to read. Just to many unfinished areas.

#### I'm so happy I'm sad

I was so excited to continue in what's now one of my top series. Desiree is an awesome story teller, I love her style of writing. She gives you the story from every characters point of view which I find to be dope, I'm always wondering what's on the mind of the characters during some scenes but the way she puts the story together makes it more intriguing. If you haven't began from the very beginning I suggest you do so. It's gonna be worth it.

Happy reading

### **Another good one by Desiree**

I loved this book! Her books keep you wanting more and this one definitely hit on some of the major topics in the world, while still providing the story line of each Skye sister

#### **Bitter sweet**

I found Desiree by pure chance and so glad I did I loved this book like all the rest I'm sad about this series ending I absolutely love the skye sisters love their relationship with the spirit world and each other I also liked how she sprinkled a little bit of carter boys in there but I have a few questions will homer ever have a relationship with his child? Will Francesca aka Serenity ever tap into her powers? Will we ever get to see moe get married? Will Francesca ever meet her biological father? Lastly will we get a book about the skye men curious to here their story? Again I'm a forever fan can't wait for the next book. In the words of siren skye one time for the one time

#### **Amazing**

This was so good and well worth the wait. So glad that trinity and her dad got to have a good relationship as well as Caroline and her mom. Siren and Ahmad are too cute. Keep up the amazing work

#### **Nirvana**

This book was EVERYTHING I wanted and more! The gems that were dropped in this book where EVERYTHING! Trini gal is growing up on me! I have a new found respect for Siren she isn't as bad as everyone makes her out to be. The girls in pink are a intense group of women but I would love to read more about them. Everyone has grown into their own and I'm so happy for that surprise at the end! Desiree never disappoints me! Fantastic job! On to Samsara....

#### **This book was AWESOME!!!!!!**

Omg this boooooook!!! Wow it was a page tuner ????? I couldn't get anything done because I wanted to read, read, and read! All I can say is DESIREE GRANGER IS ONE HELL OF A STORYTELLER!!!! I can't believe how lost I was in this story. It was almost as if I was right there watching it all play out!!! Lord thank you for blessing us with this wonderful Urban fiction author who can tell a story like no other! I can't really

call her an Urban fiction author because it's almost like she's creating a genre that's doesn't exist yet! Ik confusing right?!?! That's how I feel but I'm loving it!!! Thank you Desiree for putting your all into your stories and sharing them with the world! I can't wait to see them on the big screens!

#### **OMGEEEEEEE**

I LOVE love love the fact that trinity and her dad made up... She was so harsh to him but it was justice just the same.... So happy for siren she deserve true love and genuine happiness.... Trinity finally got that back broke in lol and caroline standing in her truth.. Omni is omni lol.. Kenneth Skye ain't have to do Andre like that tho lmao.... Love u desiree and to bomb ass creativity... U THE BEST

#### **Insanely Good Book**

Thus author never disappoints! She never gives you the ordinary, only extraordinary, by taking you on a journey. I really think she a little crazy because her mind works like no other, her stories are so descriptive the play out in your mind like your apart of it. This book in itself was an experience. Thrilling, with romance, drama, and real life issues. Love it Girl Dessssss!!!! You haven't disappointment me yet. But I stick by my claims that it takes a touch of insanity to be the creative?

#### **Another banger!**

Desiree never fails us. I'm so glad I found out about her series starting with FTLOATL I'm so stuck on her writing style she's amazing from the storylines she comes up with to the way she connects dozens of characters giving them their own personalities and bonds with each other to the way she'll have you crying one minute and laughing the next. Tuesday is a whole fool "bitch you tried it" Trinity is a big ball of emotions that she tries to hide but if you know her you know "Me a wife". This was an awesome read. On to Samsura!!!

#### **SMH**

Ms. Desiree you never disappoint with your books!!! I was glad to see the Carter boys in here. Elijah is still a fool. I am happy for Shiloh and Amari. Now to the Skye sisters. So many things happened. I really felt sorry for Moe because of how they treated her but she did let it happen but now her and Gunner are concentrating on them! I am really happy for everyone in the book and was happy to hear Siren and Ahmad's story. This

book had me laughing so hard at Trinity. I am ready to read the next book. Thank you Desiree you are a great author!!!

#### **The Wait Is Over**

The wait was worth it! Just outstanding work! Trinity had my cracking up the entire book! Keep up the magnificent writing! Truly enjoyed this work of literature!

---

### **Michelle says**

#### **As always I KNEW these books would be worth the wait!**

So many things answered from past books. So many jewels dropped. So much of EVERYTHING. Yeah I was under the impression these Skye woman were something else....Man they have NOTHING on these Skye men. Uncle Rob and Daddy Skye came to Atlanta and showed out. Reading folks, not spiritually either, and kicking butt. But all seemed to work out. Now on to the finish with Samsara!
