Reunited Hearts Ruth Logan Herne

Back in his hometown, military hero Trent Michaels comes face-to-face with a twelve-year-old boy who looks just like him. Same dark curly hair. Same blue eyes. And the boy calls Trent's old flame, Alyssa Langley, mom. Trent was a foster kid from the wrong side of the tracks when he fell in love with Alyssa. But she cast him aside because he wasn't good enough--or so he thought. Now Trent is determined to connect with his newfound son. And to get the truth from the woman he never stopped loving....

Ausjenny says

I bought this book last year and have been eager to read it. The story is about a small town in New York state and stars Trent Michaels who is retired from the military and now back in his home town and Alyssa who was his former girlfriend who has a secret of her own and has recently also returned following her fathers heart attack. 12 years ago Alyssa left when she found out she was pregnant without telling Trent to save him having to choose between her and the military. 12 years later a chance meeting and he learns hes a father. The way the story plays out is interesting, seeing Trents reaction and learning why Alyssa kept quiet and what else has happened in this time. We see them dealing with old feelings and new ones. Trent is angry but he has feelings for Alyssa but she hurt him when she left. Alyssa is dealing with a lot of heartache and guilt over decisions she has made. This book deals with a lot of emotions and past feelings. Again we see how things from our past can affect our future and can be hard to get over. I enjoyed the book and am eager to read the rest in the series.

Christy says

3.5 stars. Fascinating premise excellently executed.

Faye says

One of my favorites from Ms. Ruthy :)

Lisa Carter says

Really loved this sweet story of second chances.

D.J. says

Wow! I'm glad I never found myself in Alyssa Langley's shoes . . . well, I can imagine she wished the same thing, when Trent Michaels showed up. Oh, my!

Trent comes back to town in time to find out some distressing news.

. . . and if I say much more, I might give away too much. One thing I don't want to do is spoil this book for you. So read it — matter of fact, if you're looking for it, just pick up the whole series. It promises to be a real winner!

Ruth Logan Herne is a true-to-life hero to me . . . she's conquered mountains I only dream of climbing. Her books are full of inspiring, likeable characters, who grab hold of you — and don't let go until the end. I've read several of her books (and will be reading many more this month) and I have been impressed with each and every one. I'm honored to share her books with my readers.

I'll be back soon with another great book from this series...

J. says

It takes a special writer to create a “secret baby” romance. Readers often stay away from these tales because of the irritation with the heroine for hiding a child from its father, the weight of the secret throughout the book, and the often easy forgiveness coming at the conclusion. Ruth Logan Herne, in her trademark style, has turned the genre on its ear and created a book to be devoured, not avoided. The author takes the “secret baby” story and turns it into a “prodigal daughter” tale of the highest order. Full of realism, teachable moments, and heart wrenching yet heart warming romance, Reunited Hearts is a brilliant start to the Men of Allegany series.

Trent Michaels engages the reader as a stalwart former foster child turned ex-military hero. Alyssa Langley, the emotionally wounded heroine, is sympathetic as a woman dealing with bad choices and daily challenges. The secondary characters are richly drawn, as important to the story as the hero and heroine. As I turned each page, I constantly found myself surprised at the turn of events, moved by the characters’ struggles, and reminded of the challenges we each face in our life of faith. I can’t wait for the next installment.

Reunited Hearts

Ruth Logan Herne

REUNITED HEARTS is the first book in the Men of Allegany County. It is a sweet small town story of second chances and I was instantly swept away in this beautiful story of Alyssa and Trent. They were childhood sweethearts but when Trent was on his way to Westpoint, an Army officers school, they broke up. Alyssa kept a very big secret from Trent for over twelve years and now, her past is about to blow up in her face. Trent is back in town for a new job and runs into Alyssa almost right away. Before he accepted the job he did some checking on Alyssa and learned she was no longer in Jamison, New York.....so why is she standing in front of him now looking so beautiful and stirring up all those feelings he thought he buried years and years ago? Hang on readers! It will be a crazy up and down ride!

Alyssa knows she has to confess to Trent what happened all those years ago and why she ran away from him, but she knows what the fall out is going to be when she does. REUNITED HEARTS has Alyssa scared to death and filled with guilt and shame. On top of all of this, Lyssa's dad just had heart surgery and she has

already caused him so much shame and heartache. She doesn't want to be the cause of another heart attack or something worse. She knows how disappointed he is in her and makes her feel like she isn't good enough, so she is torn on what to do. How can she make it right and confess her sins and not hurt her loved ones?

I read REUNITED HEARTS fairly quickly and was quickly emotionally invested in all of the characters and their troubles. Ruth Logan Herne is a local author and I'm devouring her book list. Her writing always makes me happy and fills my heart with wonderful stories that I just can't get enough of. Her characters are never perfect, have flaws and troubles, and always make me feel as if I have known them on a personal level for years. They face huge challenges and I am always cheering for them to get through their struggles and find their happy place. REUNITED HEARTS is filled with so many emotions and feelings and you can't help but have your heart strings pulled as you fall in love with this small town and all of the sweet and wonderful people who live there. Ruthy Herne sure knows how to make her readers hearts swoon and I for one, can not wait to continue this series!

Linnette says

Great story with great characters! Definitely a must for your TBR list! Ruthy does a great job layering her story with believable characters with real problems. One of the best LI books. I would have liked to seen this fleshed out in a regular full-length novel.
