The NOVA trilogy is intended for mature audiences due to explicit sex, strong language, and abusive situations. It may be disturbing to some readers.

Sophia Jameson is the daughter of adult entertainment mogul, Paul Jameson. She suffers from an abusive past and sees nothing wrong with sleeping around; after all, sex is the cure for her depression. A long-term relationship with any man is not on the agenda—until she meets Cove Everton. The two fall fast and hard; diving into a relationship they know will be forbidden by Sophia's father.

Cove Everton was once the biggest star of Jameson Industries. Forced into the company at a young age, he still suffers mental and physical scars from the business owned by Paul Jameson. Angst-ridden and tormented that his family's been blackmailed and his father framed for crimes that were committed by Paul, he continues to work for the adult industry, hoping to discover proof that will bring Paul to his knees and set his father free.

\* From Sophia \*

My story begins in St. Louis with my best friend and former college roommate, Mera. I'm twenty-three, not the romantic type, and convinced that I can mistreat my body however I see fit. I'm not worried about any consequences, only my therapist is. I see her twice a week as requested by my father. He believes I have issues with my mother and that my lack of motivation, foul mouth, and immaturity all stem from her neglect. But my therapist? She thinks I'm a sex addict. All of this is about to change... because of *him*.

Cove Everton holds secrets that are infinitely darker than mine. The demons he carries are destroying him, and his connection to my family is tragic. He distances himself, but our attraction is too powerful for that withdrawal to last. Once his private life is exposed there's no turning back. We fall fast and hard, both virgins to this kind of love and troubled by the unknowns of a future together.

Can we erase the scars of one another's past and move forward? Or will we be consumed by our former lives?

*You'll spend time in shallow water getting to know me before you advance into the deep end with Cove. And it is deep, be patient. The unexpected is coming. ~ Sophia Jameson*

---

\*The characters in this trilogy have frequent sex. 18+ only\*

---

Please Note: Cove's not an alpha. He's a passive character who's dominated by Sophia's father. The trilogy contains kidnappings, physical and psychological abuse, and sensitive subject matter involving teenagers.

#### **Great**

Loved it. Was very into it. Got angry and cried with them. Felt as though I was right there involved.

---

### **Wendy says**

Mind blown. This author is amazing at keeping your attention. It took me 3 days to read all three books, I could not put this one down. I will definitely recommend this author instead of just her books and will continue this series.

### **Sherry Haynes says**

This series is dark. Well to me it is dark. It involves everything from child abuse to porn but that isn't what makes it dark. It is the mental abuse and control one man (Paul) has over his children, his employees and anyone connected to him. I am glad that I bought the box set because it definitely needs to be read in order or else the reader will be completely lost. Once I started reading I couldn't put it down because the more I read it the deeper the dynamics, the drama, and story lines developed.

Triggers: There are so many triggers here but here are a few that stand out; child abuse, domestic violence, rape, pornography, kidnapping, and murder. Definitely meant for readers 18 years and older.

I read all 4 books. GREAT STORY, LOVED IT - even though some stuff was sickening but this stuff does happen in real life as well.

I already sent these on for others to read.

Can't wait to see what else you can come up with. I added you to a list of favorites to follow.

Keep up the good work.

I don't know where to start. These books are so incredible that there is so much I want to say. I haven't just read this trilogy, I genuinely feel as if I was in it. Living, breathing, smelling, listening, touching, watching. This is some of the most fantastic writing that captures you right from the start and transports you on Sophia's journey.

Early in the first book we learn about Sophia's difficult past. It's perfectly written in that it's kept to a minimum. We discover all we need to know without chapter after chapter of past events.

This sets the standard for the whole series, the books flow and don't ever lose their momentum. At absolutely no point did I feel I could put these books down, I couldn't turn the pages fast enough. They are fast paced and certainly action packed.

There are twists and turns that leave you gasping, crying and desperate for more. My heart ached for Sophia and Cove and I couldn't bare for the story to end. I got to the final few chapters and couldn't believe that I was going to have to leave them to continue on their journey into the future. I almost screamed for joy when I discovered in the acknowledgements that there is a book four. Needless to say I immediately 1clicked and cannot wait to continue.

4.5 STARS! Wow - I was so not expecting where these books took me. This book may not be for everyone as it touches on some pretty taboo and just plain wrong subject matter. If you like a dark read that's a bit twisted and are not put off by sexual abuse then this may be a book for you. Great story, characters and writing. Would definitely recommend this book.

Would definitely read this set again...

The Boxed Set includes Fallen Snow (Book One), Desert Star (Book Two), and Sunset Rush (Book Three).

NOVA is a dark trilogy for mature audiences. It contains explicit sex, harsh language, and abusive situations. Please be warned - dark novels may be disturbing for some readers.

Sorry, no spoiler alert here...

I wasn't really sure about this book what with the content being what it is, however after meeting Sophia and Cove who I have to say have dealt with their problems in completely different ways to move forward I fell in love and had to continue reading.

I was shocked and appalled at how Paul treated his own daughter and other people around him, he was a dirty despicable character and so we're others who worked with or for him. I'm sorry to say but I'm glad at how it ended for him and that everyone else who mattered got the ending they deserved.

Excellent writing even if the subject matter is quite dark and down right scream inducing.

#### **Surprisingly entertaining plot that is bold and characters that are fiesty**

I started reading this book, thinking it was a 50 shades knockoff, but I was happily surprised. Yes ,it is erotica, voyeuristic, but the story has a sadness on so many levels, that makes it all the more worthwhile to read.

This book is bold and I love how the heroes of the book are both damaged but rise from the ashes despite their histories.

It was an independent writer whose imagination took me to places I didn't know existed.

NOTE: Cove's far from an alpha. He's a passive character who's dominated by Sophia's father. The trilogy contains frequent sex scenes, kidnappings, physical and psychological abuse, murder, and sensitive subject matter involving teens.

Teasers for NOVA...

#### **Unbelievably GOOD!**

This has set in my library for a while and just never "got around to it", and now I ask myself...WHY NOT? OMG, talk about a story that is so different than anything that is out there right now. It is a darker read, but it has such a great story and it shows such great emotion and love between many of the characters in the story.

Cole and Sophia have such a troubled past and they find themselves falling for each other. I do not do spoilers, but let me tell you....this is a story filled with sexy scenes, crazy dark stuff, but yet it is a "feel good story" as long as you hang in there. I have one more to read, and I can't wait.

### **Tanya says**

What a wonderfully written series about a tough subject, thankfully the author didn't go down the route of writing unnecessary graphic scenes in order to get the shock factor. I loved how the story of Cove & Sophia unfolds, the plot & characters are well developed & thought out. We don't find out what happened to Cove at the hands of Sophia's father until the final book Dark Scarlett & despite what he was subjected to he remained a sensitive/emotional guy.

This was a fantastic set telling the trials and tribulations face by one person and what happens when the life she thinks she knows changes dramatically. Absolutely loved Cove and Sophia's story and reading how they coped when life threw obstacles at them xx
