## What You Do to Me Izzy Cullen

Abby Porter's husband dies unexpectedly and she is left with the daily struggle of raising three girls on her own. Her friends, Derek and Lexi, decide to help her rediscover the self she lost during her marriage by composing a list of all the things she wanted to, but could never do.

While completing one of tasks on the list, Abby finds herself at an Awakening concert, where fate plays a hand in bringing her together with the lead singer, Alex Morgan.

Will her extreme attraction to Alex hep her open the door to a second chance, or will she allow the protective instinct for her heart and her daughters push him away?

### **Dee says**

A beautiful story about a young widowed mother trying to do the right thing by her kids - throw in a sexy rocker and go for the ride of your life!

Can't wait to see how the story goes in book 2.. :)

---

### **Windy says**

Great story really like it can't wait till book 2 :)

---

### **Adriana says**

Nothing beats a sexy tattooed rock god yummy loved this book :) read it in one sitting ;)

---

### **Dee Montoya says**

This book was the perfect afternoon read. I really liked the female character Abby, she is a thirty one year old widow, mother of three girls who lives in a small town, she is strong will,stubborn and very passionate about her girls and her friends and family. Abby was married to her high school boyfriend and after her husband dies, she is struggling to find her old self, with the help of her awesome friends, she is trying. She attends a concert of her favorite band and at the meet and greet she made friends with the lead singer Alex, who is the perfect combination of hot, tattooed and charming. So the story is about them trying to give love a try, but the difficulties of their very different lives styles will prove it can be very hard. Very charming book, well written, and it ends with the idea of the continuation of the story, which I'm hoping there is a second book, because I really want to read if there is happily ever after for Alex, Abby and the girls...

---

### **Jennifer Green says**

I enjoyed it, but I found that, as the book developed Abby became a lot less likable. Her ability to shut people out, her ability to second guess everyone, and the way she treated Alex all made me want to smack her. I also found the daughters to be a bit forced. Maybe it would have been better with only one daughter, or maybe they should have had more development. Either way, I kept thinking that these kids were an add on for the purpose of the plot (which they were) but that it didn't work for me as well as it could or should have. Not stopping me from reading the next book, but not making this one top my list either.

---

## Jessica says

Loved this story, loved the characters (seriously all of them from dragon lady to Bruce and Alex \*SWOON and Derek and, and and). Cannot wait for the second installment. A few things I would like to see in the next book, a wish list if you will. How did David die?? I want at least one Harley scene and more tattoos, seriously there can never be too many tattoos!

## JoJo - JJJ (Jo Anna) Janesko says

3.5 stars..... Abby got on my nerves at times which is why I didn't rate this book higher. I loved Alex he was such a sweetie and so good to her and the girls. I can't decide if I will read the next book once it comes out. I have read better rocker books.

???? 3.5 Awakening Stars ????

They say love is like a lost object. If you search too hard, you won't find it. But if you just forget about it momentarily, it will show up in the most unexpected way. ***In What You Do To Me*** by Izzy Cullen, second chances at life, happiness and love are found. But most importantly, love was found unexpectedly with the most unexpected person at the most unexpected time. In this touching story that centers around friendship, family, forgiveness, acceptance, self discovery, life, love and second chances, Izzy Cullen will make you heart swoon for a rockstar and most importantly make you believe in the power of letting love in. Can years of heartache, pain and loneliness be mended and be pieced back together? Can love be found a second time around?

Left a widow at the age of 31 raising three children under the age of seven, Abby Porter struggles to balance her life. With the help of her two best friends, Lexi and Derek, they try to help Abby cross off her list of things "THE NEW ABBY" wants to accomplish. The old Abby was a doormat and this new Abby wants to gain control of her life and happiness. One of the items on the list was to go to an Awakening concert. When Abby attends the meet and greet, she fortunately comes face to face with the lead singer, Alex Morgan. Sparks fly and instant attraction was palpating between Alex and Abby. Soon Abby found herself being pursued by the tattooed rockstar. In the short amount of time they spent together, a physical and emotional connection was made. Unexpectedly, Abby and Alex found themselves falling in love. Will Alex be able to win Abby's heart or will her fear of getting hurt put an abrupt halt to their relationship? And will Abby finally be able to cross off number 1 on her list?

What You Do To Me by Izzy Cullen was a quick read about love, life and second chances. I did enjoy the book but didn't love the book as much as I wanted to. The biggest turnoff was Abby. At first, I liked her

character but as I read further along she ruined the book for me. I found her character to be annoying, selfish, and always complaining. I wanted to like her but throughout the book, she went downhill for me. What made this book for me was the secondary characters, Lexi and Derek and of course the hero, Alex Morgan. Alex and Derek saved this book. Derek was the perfect best friend. He didn't sugarcoat things that must be addressed to Abby. And I love that he adores and values his friendship with Abby. A big part of me, wished the second book was about Derek or another band member. Other than that, let me express my LOVE for Alex. He was the total package. He was understanding, patient, loving and sexy. For him to put up with Abby's indecisiveness, the man deserved a medal. Truly, he was the saving grace and lifeline of this book. He was able to finally make Abby realize what was standing in front of her. What You Do To Me reminds us all *knowing a person is like music. What attracts us to them is their melody, and as we get to know who they are, we learn their lyrics.*

**ME BEFORE STARTING IT:** *OMG ANOTHER ROCKSTAR BOOK! This is gonna be soooooo good!!!*

**ME WHILE READING IT:**

### ***STRUGGLE.***

Reading this book was painful.

Sorry. Does it sound so harsh? I really wanted to like this one and get myself into the book but this was just *MEH*. But despite of that, I finished it! *YAY ME!* Well, honestly, the only thing that encourages me to keep on reading is that I wanna find out what's number ONE on her freakin' **LIST**. You might be wondering, *What's the list?* I'm gonna tell you all about it later.

**What You Do To Me** is the story of **Abby and Alex.**

**Abby**, after her husband's demise (Don't worry guys, she isn't emotional bout it), is left with her three girls to take care of. Good thing is, her friends, Lexi and Derek are there for her. To help Abby rediscover the self she lost during her marriage, they made ( *here it goes* ) **The List**. Well, it consists of things she would like to do before she dies, something like a bucketlist (except she isn't dying). Number 2 on the list is for her to go to an *Awakening* concert, and that's how she met **Alex**.

Tattooed rockstar hottie, **Alex Morgan** first laid eyes on Abby on their concert when she joins in for a photo op with the guys. He felt instant attraction for her so he asked her where she was going to sit, and then he offered to let her to watch the show from the side of the stage because according to him, for a woman there alone, it's not safe from where she was going to be sitting. *Aww, isn't he the sweetest? :')*

So from there, Alex seems to be so infatuated with Abby, he did whatever he can to get to know her. He even invaded her privacy to get her number. Cancel his flights for her. Change song lyrics and dedicate it to her. Get to know her kids and love them as his own. *AHHH. I LOVE THIS GUY.* Despite everything he does for her, Abby keeps on whining!

UGH. **ABBY IS A BITCH AND I HATE HER.** All she does in the book is protest and complain on everything Alex does. And she does this all the freakin' time!!!

This book is dragging and my brain keeps on telling me to stop torturing myself and mark it as DNF. You see, everything worked out for them at 91% of the book. **WOW.** But as I said earlier, the bloody list kept me going. I have my suspicion as to what her number one is, I just wanna confirm it myself, and I was right! Anyway, there is nothing special about her number one because it's too predictable. Again, sorry.

But wait, the good thing is I really like how this one ends thus I will be adding **.5** in my rating. LOL.

It does have HEA, plus, there's gonna be a sequel so I hope the 2nd book improves because I will still be reading it. :)

Original rating: 1.5

+ .5 for Alex.

Another .5 for the ending.

(I think I'm just too generous) ;)

**2.5 STARS!**

---

### **Chiloe Cerrafof says**

Not sure it was just PMS or Abby really did annoy the hell out of me. It was so hard to believe that she's a mother of 3. The other characters are kinda boring. Sorry. It was erm, painful to read and I just **HAD** to finish it so I could move on and find another book.

---

### **Sarah Fitz says**

I enjoyed this book. It had good characters and steamy scenes to keep you reading for more. Alex was a great character and I'm a sucker for any story involving a hot famous musician or athlete. It will be interesting to see where the 2nd book goes. I will be **PO'ed** if they don't end up together though. Sounds like the 2nd book is going to bring drama, which I don't mind. But Abby is already such a fragile character I don't think I'll like seeing her go thru much more since she has so much self-doubt already.

---

### **Kim Person says**

The author provided me an ARC in exchange for an honest opinion. I have to admit I had it on my TBR and when she contacted me I totally.....

I was so freaking excited to read this one! I love ROCK STAR ROMANCES any and all kinds so I was in hog heaven!

Abby is a widower with three young daughters. She has a "list" that she compiled of things to do and with the help of her BFF's Derek and Lexi that list will be non-existent if they have anything to say about it. So being the best friends they are they bought Abby a ticket to see the hot band, Awakenings! She had an awesome seat and access to the meet & greet with the band. Oh, I forgot to mention she also went ALONE!

Abby lays eyes on the sexy leadsinger of the band, Alex while she was in line to meet the band and the journey starts here. We get to watch Abby take tentative, sometimes very tiny baby steps, steps towards a relationship with Alex. We get to experience their time hanging out with one another and Alex spending time with Abby's three young daughters.

When Abby & Alex hit the sheets I was.....

I wasn't disappointed either! Whew, hot damn! But this story is so much more than spending time in bed with one another. This is a wonderful story of learning how to live, again, and put the past behind you. What Abby & her girls endured in her marriage and after the death of husband had me.....

I liked that Abby & Alex's relationship slowly grew. I loved that Abby's first concern was her girls and that they were her number one! But there were parts that I was literally.....

Abby just need to take the plunge and go for it. I was pulling at my hair cause she was driving me nuts. But alas the book moves on and I got more Abby & Alex like I wanted so I was back to.....

See Abby all Alex wanted was.....

This was a 4 to 4.5 star read for me from a new author. There was some angst, sex, and a hot rocker so I was very happy. At the end of the book the author leaves you with a sneak peek of the next book, continuation of Abby & Alex's story, and I swear I was doing this...

Just enough to wet your whistle and leaving you wondering and wanting the next book very soon :) So I recommend you give this new author a go it has something for everyone and I really enjoyed this book! Kudos Izzy!!!

---

### **Secretly Adorkable Readers says**

review later to come...

---

### **KathyS says**

The main character, Abby has a chip on her shoulder a mile wide and I'm sorry nobody should put up with her bitchiness! Everyone else is great . The story is predictable, and annoying . Every time something starts to go well for her she second guesses everyone's motives. I think there are better ways to bring conflict to a story than having the main character wonder if the cute rock star boyfriend is lying at every turn ! Don't bother reading!

---

### **Laura's Book Addiction says**

A great read I loved it. Although I wish the 2nd would be about a different member of the band instead of a 2nd book for them.
