Mysig & söt Nora Roberts. Man får vad man förväntar sig & det är rätt charmigt de med.

o carte foarte simplu de citit

o iubire clasica (imposibila la prima vedere ;)),

un el cu o viata calculata, si o ea schimbatoare

genu de carte care are cel putin cite o gluma reusita pe fiecare pagina, nu o poti citi fara sa zambesti cu gura pana la urechi, sa simti florii dragostei, si, in final, sa fii "fericita pana la adanci batraneti" prin prisma eroilor :)

A typical Nora Roberts book; I really enjoyed the heroine Shelby. She is an artist, lives as she pleases and refuses to be bored. Her father was a Senator, running for President, when he was murdered in front of his children. Shelby adored her father, she was only eleven, but she was determined to live life to the fullest, and never marry a politician. She would not risk that kind of heartbreak again. Nor would she be molded to be a polished politician's wife.

But when she met Alan MacGregor, another Senator who would undoubtedly run for President one day, she had to make the hardest decision of her life. She told him in no uncertain ways that she was not interested in him, in dating him, going out with him, but Alan did just not take no for an answer, and forced his way in her life and in her heart.

He knew that Shelby was the one for him, and he would have her as his wife. Sure, she was nothing like the cool blondes he usually dated, poised and elegant, Shelby was fire and life and unique. But he had to overcome her fear to get her to accept.

I liked Shelby a lot, determined to go her own way, not giving in to pressure. But I had a hard time with liking Alan. I know this is an 80's book, but he really did not take no for an answer. He kept pushing and sometimes pushing to far. He did not accept her reasons. In my eyes, even if the woman loves you and desires you, no means no, and just pushing on, bedroom wise until she gives in at last, is just not the right thing to do.

It is just a short story, so Alan did not have all that much time to sway Shelby with more gentle ways, but it pushed the wrong buttons for me. I did love it when Shelby and Alan visited the MacGregor castle though, and the MacGregor tried to intimidate her with his loud ways, but as a true Campbell, Shelby was not afraid of him and stood up against him. He loved her for that, and accepted her in his family immediately. But Alan still had to make her accept his proposal at that time.

But well, what woman can say no to a man who gives her a rainbow instead of the standard roses?

I have read this book in Dutch, many years ago, and now I am slowly making my way through Nora's backlist in English. And I am afraid I will never catch up with the pace she writes in. But like Alan, I will persevere.

6 stars.

Despite the shortened time-line of the romance and the hero in pursuit this book worked for me. A nice oldie.

Romanul scriitoarei Nora Roberts a aparut in limba romana cu titlul " Posibilitati nenumarate" publicat de editura Litera in colectia " Carti romantice". Face parte din romanele inchinate familiei MacGregor. Acum i-a venit randul celui mai mare dintre fratii MacGregor, Alan, senator cu perspective de a candida la presedintie dupa inca un numar de ani, respectat in mediile politice dar si in saloanele la fel de politice ale Washingtonului sa si traiasca propria lui poveste de dragoste. Trecut deja de 30 de ani atat familia cat si confratii de partid care isi pun sperante in cariera lui politica, considera ca e timpul sa se insoare. Toti sperau sa gasesca o femeie la fel de calculata ca el, precisa si de o frumusetate standard care sa-i fie sprijin in cariera. Dar asta doar pana in seara cand o cunoaste pe Shelby Campbell la cocktailul senatorului Write. Shelby Campbell este departe de a fi o frumusetate standard de o eleganta standard. Fiica a senatorului Richard Campbell asasinat pe cand ea avea 11 ani, Shelby detesta tot ce tine de politica si de functiile politice pe care le considera periculoase si plicticoase. Ea este artista ceramista, are micul ei magazin in care isi vinde propriile productii si o locuinta micuta dar placuta chiar deasupra magazinului. Nu prea agreeaza sa participe la intalniri simandicaose ca cea organizata de Carol Write dar ii promisese mamei ei ca o va face si se tine de cuvant. La aceasta petrecere o vede Alan Macgregor pe mica frumusetate neconventionala cu parul rosu ca focul si se indragosteste pe loc. Shelby il place si ea de la prima intalnire dar faptul ca este senator o determina sa respinga cu obstinatie orice incercare a lui Alan de a o convinge sa se casatoreasca cu el. Modul in care va lupta Alan MacGregor cu incapatanarea si temerile frumoasei Shelby merita sa fie urmarit citind acest roman simplu, curat si placut care vorbeste numai si numai despre dragoste.

É já certo e sabido que Nora Roberts não é uma autora a seguir por todo o tipo de leitores. No entanto, para leitores como eu, são livros que de certa forma nos permitem relaxar sem qualquer tipo de pressão associada. Na maioria das vezes sabemos exactamente o que nos espera. E esta obra não é excepção.

Nesta obra ficamos a conhecer Shelby Campbell e Alan MacGreggor - duas personagens que não poderiam ser mais diferentes uma da outra. Como é característico da autora, temos aqui a criação de duas personalidades fortes e de toda a faísca previsível entre as duas! No entanto, contrariamente aos livros da autora que já li este apenas se foca na relação entre os dois, o que de certa forma desilude o leitor.

O?aravaju?a, lagana pri?a. Zaista sam u?ivala u jo? jednoj pri?i o MekGregorovima. Volim ?to se u svakoj narednoj pri?i pojavljuju i likovi iz prethodnih delova.

O lectură frumoasă și relaxantă. Mi-au plăcut cei doi eroi total diferiți, Alan - calculat, cu o carieră de succes și Shelby - nonconformist, vulcanic, total diferit de frumusețea elegantă și convențională la care se aștepta toată lumea. Împreună descoperă dragostea adevărată, formând perechea perfectă. Replicile drăguțe și, pe alocuri, pline de umor, împreună cu personajul haios Daniel MacGregor nu lipsesc nici din această carte, ceea ce îi adaugă câteva puncte în plus.

Un clásico de Nora Roberts, puro romance en el que la protagonista me resulta perfecta. Hasta el momento el mejor de esta serie...
