April in Atlantis

Alyssa Day

April in Atlantis Alyssa Day

When Poseidon's elite warriors gear up to train a new generation of fighters, they have no idea that Atlantean Queen Riley has secretly taken on a new role: Matchmaker. By the end of the year, she plans to find soul mates for all twelve of Atlantis's fiercest warriors . . . whether they like it or not.

Twelve all-new adventures in the hotly anticipated world of Poseidon's Warriors, coming once a month from New York Times bestselling author Alyssa Day. These books are sexy, romantic, and wickedly addictive —welcome to 2018! And welcome to:

From Reader Review April in Atlantis for online ebook

Sheena says

This is a novella in the Warriors of Poseidon series. April is the first female Warrior of Poseidon and she's been sent as an ambassador to the European wolves, specifically requested by Pine, the prince of the European wolves whose motives may not be completely wholesome ...

I loved April, she knew how to stand up for herself and was a fierce warrior in her own right. I loved the story, set in my own Scotland too. Because this is a novella it's short - as it's supposed to be - but the characters are all well-drawn. It's a good read for an afternoon off, and great if you like shifter stories. Annie in particular is a hoot.

More please!

Cheryl says

I don't think Alyssa Day could write a bad book if she tried. I have been on board since her first Warriors of Poseidon, Atlantis Rising. I remember my sister and I read it at the same time and had laughter, fanning from the hotness and worry for our hero. This short Novella (book 4) in the spinoffs provides the same in a novella form. Get comfy, grab the book, revel in the strength, understand the insecurity, fan yourself over that hot Werewolf Prince, yes, yes, not what they prefer to be called, smile at the wit and snark, and just know you are in for pure enjoyment. I requested, received and arc and voluntarily leave this review. All thoughts and opinions are my own and were unsolicited.

Anna Wick says

Love this series, fun, HEA and great world

Robin says

Alyssa Day - April in Atlantis: A Poseidon's Warriors paranormal romance novel

April in Atlantis has been a bit of a wait but worth it. King Conlan has formed a second group of special forces Poseidon's Elite Warriors". Finally there is a female warrior, April, she is a proud capable woman who excels at the bow and arrow.

April has worked hard to be accepted on this team and to be treated as any other warrior. When in the midst of a battle she runs into Pine, Prince of the Wolf Shifters. Although they save each other's lives, April wants nothing to do with the gorgeous wolf shifter, even though his sexy Scottish accent makes her melt a little. She wants nothing to come in the way of her career.

Pine and King Conlan have been working on the two groups getting closer. Pine realizes there's something

special that draws him to the feisty female warrior. He convinces Conlan to assign her as an Ambassador to his county. Of course April was. It thrilled with this position but agrees to follow orders.

As April adjusts to being Ambassador she and Pine grow closer. This is a very enjoyable novella in the warriors of Poseidon's spinoff series. All the books in the series have been quick enjoyable reads with just the right amounts of drama, humor, wit, and sexy romance. It's also very awesome that we get to see a kick-ass female warrior.

Jen says

April and Pine. I love strong heroines. Pine's niece was a hoot. Such a fun short story. The relationship between these two was fun. A must read.

Rhonda Hicks says

The fabled group known as Poseidon's Warriors job was to protect humankind from any of the vampires, shifters, Fae or other supernatural creatures who wanted to prey on them. A new group of Atlantean fighters are on the move. The king calls them the Twelve. The rest of Atlantis calls them Denal's Deadbeats. April was the first female to become one of Poseidon's Warriors. Her skill was with the bow and she was accurate and deadly. Pine is the King of the European Werewolves. When they meet in the middle of a battle their lives will change forever.

I just really love this series. There's always some type of angst involved that requires a battle of some kind that the warriors are involved in. Two polar opposites that somehow produce virtual sparks yet make you chuckle with the way they're down to earth. Great book!

Niki says

Captivating, hilarious story!

I LOVED April! Though I wish there was a bit more about the demon/twin/whatever, the entire story was sexy, humorous, and fast paced. It flowed smoothly, was easy to read, and thoroughly held my attention. April, the person, was snarky and witty, and someone I wish I could know in real life. Great job on this one!

Lucy says

I received an arc in exchange for my honest opinion.

This was a fun book. Pine and April total opposites but so right for each other. April is sent to be an ambassador in Scotland, but she is a warrior not an ambassador. Pine just wants April with him and doesn't care how he gets her in Scotland. With someone trying to murder Pine or April and an evil twin thrown in. Funny and great read.

Signi Siemens says

Received this book as an ARC in exchange for an honest review! And honestly.....I absolutely loved it!! As always Alyssa Day has outdone herself and written a book worthy of 5 ?'s! So far the whole "A Year in Atlantis " is great and I am certain the rest will be the same. Cannot wait for May in Atlantis! April in Atlantis has everything that the other books have.....excitement, action, interesting locales, tons of humor that makes you laugh ? till it hurts and such unique characters! In this book there is April ? and Pine! Pine is a European werewolf prince and instantly falls for April the first time he sees her. He doesn't want to loose his chance with her, so he comes up with a plan/idea to keep her close!! Find out for yourself what it is and how it all plays out!! You will not be disappointed especially if you love paranormal romances!!!

Melissa says

This book was months in the publishing loop. But it was worth the wait!

April is the first female warrior in Poseidon's Elite Warriors. She does everything right and is lethal with her bow and arrow.

Pine is the Prince of the European Wolf Shifters, during a huge fight in March he was trying to provide cover for the beautiful archer when she saved his life, then he got to save her's. And when going for his kiss... yeah should have known better.... got punched in the face. He wants her, she's his mate. So politics has it perks, he asks for her to be the new ambassador between Atlantis and his people.

It wasn't about the dress... but wow the dress made her feel something new - or was how it made Pine look her? Or everyone else at the table treat her? Then of course you had Annie, a thirteen year old spunky shifter who wants to kill everybody (or at least pounce on them) and Pine's evil twin brother he didn't know he had. A quick fun read, loved it. Five stars and a great addition to the Warriors of Poseidon series.

Marty Tool says

I don't do 5 stars often, but this fast novella had all the marks. It is a part of the follow up to the Poseidon's Warrior book series, which you kind of need to read to understand everything that happens in these novellas and gives you the explanation of what the Warriors are and the history of Atlantis. This installment is mainly romance. I liked Pine from previous stories. There is action at the beginning and the end, but it is mostly a story of two lonely people getting to know each other and falling in love. Looking forward to May.

Madison Warner Fairbanks says

April in Atlantis by Alyssa Day

A paranormal novella from the spin off Atlantis series. Can be read as a standalone romance.

April is a warrior. The minute Pine sets eyes on April, he is determined to have her as his own. Making her Ambassador from Atlantis to the Scottish werewolf clan is a perfect plan to have her spend time with him.

Unfortunately, April is just not the Ambassador type.

Fun, fast and adorable, this 90 page novella has humor and love. Perfect for an afternoon escape.

Penny Noble says

This short novella was a quick, romantic, fun read. While I do wish we had a little more detail on April and Pine's whirlwind courtship, the story was still very satisfying, having all the great earmarks of this author's great writing. The interlude into the arc of the overall story was great and just what you need if you're looking for a fast read on a dreary afternoon. I do recommend!! I was provided the e-book which I reviewed voluntarily.

Carolyn Jenkins says

Perfect Mates

Pine and April meet in an earlier story, March in Atlantis. He gets her named ambassador to his pack in Europe. Her transformation from warrior to reluctant ambassador is very entertaining. It has a lot of humor as well as adventure. I enjoyed the story very much.

Mary says

5 stars

Another home run for the writer. Please read all her books, which I have, and enjoy. Her books never fail to entertain the reader.
