## At All Costs Carolyn Keene

Nancy Drew is spending Thanksgiving at the University of Utah with her old friend Alison Fernley. But the holiday gets off to a chilling start when Alison's boyfriend, Tyler Conklin, turns up missing, his apartment ransacked. With ties to a radical environmental group that has made big business its #1 target, Tyler has made some powerful enemies. Now, with billions of dollars at stake, Nancy fears that Tyler could end up paying with his life.

### **Eric Wood says**

A pretty great book! I loved the suspense that built up as the story progressed and the action scenes in this were page turning! The mystery was a bit confusing though, as there were many different connections popping up and the solution could have been explained a bit more in detail. However, this was a really fun book to read and I give it 4 stars.

The plot was a little confusing, but very dramatic.
