Lyndy Ann ? says

A short novella to complete Brock and Kate's story.

What happens after Kate finds the phone?

Will she be able to forgive Brock for lying to her from day one?

How far is Brock willing to go to proof his love for Kate?

A lovely conclusion to a great couple.

April says

I love Brock and Kate ever since I read book one. I think it is a cute little tale of two people in love. One who has been burnt and has issues trusting and one who has loved her for half of his life. They both teach each other and end up happy in the end. I will be honest I was not ready for Brock and Katie's story to be over. All in all 5 stars from me. I would suggest this book to friends. :)

Kat says

Another great novella by Ruth Cardello.

I was nearly in tears with this book but I got the ending I wanted. I love Brock and Kate, what a great couple. The truth should always be told, never lie or hide secrets.

I would recommend this book and any book by Ruth Cardello.

Julie says

loved it can't wait for more of her books

This is the continuing story of Brock and Kate from Twelve Days of Temptation, when we left them all was well in their relationship. Well besides the secret of Mr. Elf. This book picks up right where it left off. Only we find Kate at a bar talking to a bartender named Rob, and just so you know that's not what you think. The book then takes us to when Kate finds out who Mr Elf really was and all the fall out that brings. It brings Mr. Elf back into the picture and it brings Brock to his knees. Can they both get past it to have the relationship

they both need or do they let that stop everything. I will say that this book was just as hot as the first one but it also had other aspects to it. You got to see the relationship and how it develops. It's a great second book and conclusion to Kate's and Brocks story. Hopefully we can find out more about Tyler. He needs to be caught.

Cynthia says

An entertaining and HOT read.

Temptations are dangerous and tantalizing but yet so FUN as you will see in Brock and Kate escapades.

Love this temptation, looking forward to more "adventures"

Cynthia Gallaher says

Oh Ruth

Can you make Tyler the next hunk in this series? Loved the first book but need more than two books to enjoy this series. It's funny, sexy, and hot. Your "naughty" side rocks. Another 5 star winner.

Hot, hot, hot but way too short! I need more, more, more!

Debbie Collins says

This novella continues the story of Brock Foster and Kate Hale that started in "Twelve Days of Temptation". At the ending of that book everything was fine, and it looked like they were going to be a happy couple. That is until Kate discovers his secret. Well, I guess Santa's elf, is now going to have to pay the piper, as they say. When Brock found the letter Kate had written to Santa, he did not think beyond the fact that he wanted to make her wish come true. Typical male! Of course, when reading that letter, it is no surprise that Brock could only think of one thing. This little novella, is all about a woman scorned, and how she gets her revenge. On the other hand, Brock will do whatever it takes to hold on to Kate, and I do mean whatever!! If you love hot, steamy romance that will have you laughing at loud on one page, and saying I cannot believe he did that on the next, then this novella is for you. Don't worry about the holidays being over, it only takes a short time to read this book, and it is guaranteed to leave you smiling.

Ruth Cardello, I love your naughty side, and if you write it, I read it. I do have a favor to ask, please, please, you have to write another book or novella in this series, because I have to meet the woman that can make Tyler see what had poor Brock tied up in knots!! It will take a special woman to bring Tyler to his knees.

Karen says

This was fun hot sexy and full of new/old love that is lasting. loved it. The characters where so good and full of life. And new an old friends get a new fire in there relationships. Can't wait to see what's in store for Tyler.lol

Emily (Mrs B's Books) says

The previous book left when all was well with the fledgeling relationship with Kate and Brock, however trust is still an issue for Kate and when she discovers the 'other' phone in Brock's draw at work and exactly what it was used for she gets a little angry.

Needlessly to say that the once, almost smooth relationship takes a tumble as not only has Kate to sort out her feelings for Brock, but she wants to get her own back.

Angie her new best friend is there for Kate and gives her advice on the problems, however Kate still does things her own way until she cracks.

Brock is still persistent with his want of Kate and is determined to win her back no matter what he has to do.

"A low chatter spread through the restaurant. Kate looked up from the table and saw Brock, dressed in a ridiculously large set of white feathered angel wings and a jaw-droppingly small white loincloth."

Needless to say the above had me laughing out loud.

With the way the novella ended I really hope that Tyler gets a happy ending.

Lenore Kosinski says

I tried to put away my grievances from the first book and start cleaner with this second book...and for the most part I achieved that. This one started off funny -- I mean, I guessed what was happening, but if I hadn't I probably wouldn't have appreciated it since it came across cheaty (and I'm a no cheating girl). And then I was actually enjoying myself not too badly -- it was nice to watch Brock and Kate together when things were good and pretending nothing was between them. But of course what I had been expecting at the end of book 1 had to happen (ie Kate had to figure out Brock was Mr. Elf), and then it was just ok again. I wasn't a huge fan of playing games to get him to confess, and so I had a hard time going through the emotions with Kate. It wasn't fun, though it wasn't meant to be.... I guess I just didn't feel sympathy for either of the characters, so I just wasn't all that personally involved in the storyline.

Wow, this turned into a longer review than I had been anticipating. All in all I just wasn't that invested in the characters or the storyline in this 2 part novella series. It wasn't bad, it just wasn't my cup of tea. I found I wasn't even that interested in the steamy parts b/c there was stuff hanging over their heads most of the time.

Dorel says

After I read Twelve Days of Temptation I had to read this book. I loved this book's story line. I loved the hot & steamy scenes. I loved Kate & Brock's characters. I loved Kate & Brock as a couple. I loved the ending. Awesome job Ms. Ruth Cardello.
