Casa Clara

Kate McCabe

Casa Clara Kate McCabe

Emma Frazer packs up her job in Dublin and flees to Fuengirola in southern Spain, where she finds refuge in a beautiful little hotel right on the beach - Casa Clara. Here she can escape the mounting pressure from her domineering elder sister Trish who is pushing her into a marriage she herself has grave doubts about. Emma quickly falls in love with the hotel - her little room overlooking the courtyard with its vivid flowers and soothing fountain, the cast of quirky guests, warm staff and flamboyant owner. When the post of receptionist falls vacant she seizes the bull by the horns and, with little Spanish and no experience, cajoles her way into the job. She soon discovers a talent for management and Casa Clara flourishes in her care. When Fate brings the man of her dreams to the door, the future looks perfect. But her scheming sister is still busy tracking her down and eventually Emma must face forces that threaten to destroy the idyllic life she has built for herself.

Lisa says

Nice easy read book.

Pauline Fenton says

I thought this book quite poor lots of predictability - I quite enjoyed the early parts with her childhood but the latter parts I thought were terrible very predictable and totally unbelievable.

Kerry Grantham reilly says

I liked this, cheesy and predictable but a good easy read

Lianne says

I picked this book up as it's set in Spain in a place that I have recently visited. I probably wouldn't have chosen it otherwise.

It was a bit predictable but was a nice easy-read story.

Beth Gosser says

I usually like her books but this one was very dry and not written well at all.

Helen says

Read this book on a wet day . enjoyable for a quick read not much depth . Story so predictable could have been a lot more exciting with a few twists . Descriptions of Sunny Spain boring . Repeated accounts of Clara 's preparation for outings also boring how many showers did she have ?

Carol says

It was a cute story and very predictable - great for a fast read on the treadmill

Kelly says

I really enjoyed the first half or so of this book. Then it seemed to "jump the shark" about halfway through (when a long ago friend shows up at Casa Clara) and it rushed to an ending. The events leading up to the ending were a little unbelievable and awkward. If the author could have stayed in the same tone and the same path she was originally on, the ending would have been relatively the same but much more enjoyable. (*SPOILER*: i.e. I still see Emma buying Casa Clara, but not in the way it came about. Again, for me, bringing Tim back in is where it all fell apart and got awkward).

Renee Azzopardi says

Casa Clara by Kate McCabe.

I give this book 5 stars.

This is the first time I've read a book by this author and I'm glad I was given the opportunity to read it. It is such a beautiful book. It is so well written, and I am a new fan of this author. You soon learn you have to struggle through the early part of life in order for your dreams to come true.

Tracey says

While the descriptions of Spain were very good I found this book quite formulaic. There was a lot of scope for more exploration and investigation of some characters motivation but this was never developed. It was all too rushed at the end - very much 'and they all lived happily ever after'. Certainly would not make me want to read anything else by this author.

sheila says

Lovely

Emma just needed to find her place. When she did...she was very happy. Even if her sister thought she needed to be committed. But fate played a huge part in her life. If only....

Book-shelf Shelf says

At first I found this book to be very matter-of-fact, but as you read on you find that the writer spills masses of emotion while only giving the facts. The description of Spain is just right to take you on a journey there without the need to be flamboyant. The story takes the reader right back to Emma's childhood but never tells too much to bore the reader. The reader is taken on a journey of a big period of time through Emma's life and keeps you guessing to the end, but is never a cliff hanger. A lovely read for the beach and also to an extent a guide to parts of Spain. Toughly enjoyed the book and would read a lot more of Kate's work.

Liza Fay says**Wonderful story!!**

I enjoyed reading Casa Clara very much!! Well told story of Emma Frazer and her life in Dublin and in Spain. Wonderfully written.

Barbara Botch says

A wonderful story of self discovery in Ireland and Spain. Being a traveler myself I loved it !

Anne says

Another lovely read from Kate McCabe - good story, lovely characters, a heroine who comes good and shows how strong she really is, a romantic lead to die for, a sunshine setting and a really happy ending. What more could you want on a sunny afternoon in the garden? Lovely stuff...
