Let The Games Begin LaQuita Cameron

Let The Games Begin is an urban fiction try to put their lives together after their love lives become entangled and their intimacy is over the top with kinky actions. Monae is looking for a committed relationship from Porter, but she runs out of patience after their two years of dating, with him refusing to marry her. She ventures off to dating, but meets another guy who is aiding in the revenge on Porter planning to take the one person he loves away. Yvette battles her relationship with her cheating boyfriend. She secretly has affairs with Troy leaving her with an unwanted pregnancy, not knowing who the father of her unborn child is. See how these characters deal with the drama and betrayal they are faced with at every turn. The shocking twists will leave you wanting to read more to find out what the next chapter holds.

From Reader Review Let The Games Begin for online ebook

Flenardo Taylor says

This book is that down South gritty mixed with that Chicago gangsta hood drama. The characters were scandalous and vindictive. I was rooting for Jazimina but I guess I have to roll with Deon now. Troy is psychotic and ruthless and would slaughter his Mom on Christmas if need be. I enjoyed this book and and it was a hood tale with all the right ingredient of lust , power, sex, and revenge. Truly worth the read and I can't wait until Part 2 drops

Francesca Reid says

Halfway through the book, I found myself thinking "this was it. This has to be the end of the book." There was nothing else that could take place. But boy was I wrong. This could've been your average street tale had the creative author not included curveballs & unexpected twists in the mix. I was very surprised to see that this is just part 1 of a 3 part series as it felt as if I was reading an entire series. Full of lies, murder, drugs & more, this story will captivate the reader's attention from beginning to end.

°BeauutiLovve says

You are right!!!! Let The Games Begin, drama baby, Troy is beyond crazy, that fool is like a tornado. He is about to do some damage, I think friendships are about to be over, Troy has bad demons, Porter needs to get prepared. I can't wait to see whats going to happen to Eve, I'm mad at her bestfriend, I think she made some bad decision with Porters money, I wonder if she can deal or will she walk away. I cant wait to read part 2

"Let The Games Begin" by Laquita Cameron

Book Description....

"Let The Games Begin is an urban fiction try to put their lives together after their love lives become entangled and their intimacy is over the top with kinky actions. Monae is looking for a committed relationship from Porter, but she runs out of patience after their two years of dating, with him refusing to

marry her. She ventures off to dating, but meets another guy who is aiding in the revenge on Porter planning to take the one person he loves away. Yvette battles her relationship with her cheating boyfriend. She secretly has affairs with Troy leaving her with an unwanted pregnancy, not knowing who the father of her unborn child is. See how these characters deal with the drama and betrayal they are faced with at every turn. The shocking twists will leave you wanting to read more to find out what the next chapter holds."

What I liked about the novel...

This was a quite a urban read that had a lots of it all in the read from lies, drugs, killings, lust, greed, craziness, romance, revenge and if you can imagine yes... there's much more. I found the read very captivating and will keep your attention till the end. There were so many twist and turns that will keep you turning the pages. All of the characters are so very real being very scandalous and so vindictive in the story that this author gives to the reader. Wow, what character: Troy is along with Porter, Deon, Yvette, Monae and Jazmina to name a few! I don't want to give any of it away only saying you must pick up "Let The Games Began" to see how this author will bring it all out to the reader. If you are into urban street fiction, you have come to the right place because this novel will give it to you and more. Now, I will only say the reader will be left waiting for part 2.

Laquita Cameron says

Everyone will want to read this urban fiction novel to see how the drama unfolds. This thriller has everything from sex, drugs, guns, and death in its scenes. This is only part 1 to a 3 book series. Readers will enjoy the twists and turns that Porter, Troy, Yvette, Monae and Jazmina encounter. You get a chance to read about every one of their perspectives on what is really going on around them. A GREAT READ!!

K.F. says

So uh...when's the sequel coming out because I NEED to know what happens next? This book was an awesome read. LaQuita Cameron took the time to create well thought out and intricate players in this cast of ruthless and criminal cohorts. Let The Games Begin is full of murder, betrayal, greed and even love. Troy is the stand out character you will love to hate as his story slowly unfolds and his heavy handed and twisted sense of self righteous personal justice is doled out to any and everyone in close proximity. Monae and Porter are on a rollercoaster of emotions as their relationship see saws throughout the book. As I read, I could practically visualize the script as though I was watching an episode of a street crime drama on cable. If street fiction is your preferred genre to read, then get a copy and LET THE GAMES BEGIN!

Bianca Harrison says

Wow what can I say, a street tale at it's best! This was some real gangsta ish (lol). Truly I enjoyed this book from the beginning to the end. That Troy was something else, he isn't one to be played with, he would screw you over in a heartbeat with no questions asked. Remind me of the movie New Jack City mixed with a little Boyz in the Hood! I enjoyed Porter's character a little on the (Gee Money) side of the game, but not quite

(Nino Brown) as Troy. The girls Monae and Yvette was a great mix, although I would love to see the outcome between Porter and Monae. Jazmina was another character that I liked, she to was ruthless giving Papi a dose of his own medicine.

I will not give the book away with spoilers because there was so many characters to mention and twist and turns that kept me intrigued. This was defiantly a page turner and one I would recommend. Now I'll be waiting on the second installment of this book :)

Chris Colton says

this was the worst book I have ever read - between the lack of plot, no conclusion, the copy was never proofread - multiple punctuation, usage, capitalization errors - and worst of all, misused words
