Magnus

Jambrea Jo Jones

Magnus Jambrea Jo Jones

Hoorah! Take no prisoners.

The military is Marine Colonel Joe "Magnus" Rivers' reason for being. Protecting the United States of America from all threats is his sole purpose in life. His world is turned upside down when a woman is assigned to his team of elite Marines and his attraction to her threatens his career.

NCIS Special Agent Emily Patterson's orders: infiltrate Colonel Rivers' team and find the culprits behind a rash of kidnappings connected to a sex slave ring. Her mission parameters didn't include an attraction for Colonel Rivers but nothing in Emily's career could have prepared her for Magnus. Her job becomes more difficult as she gets to know the man behind the uniform and Emily finds herself wanting to prove herself to him, potentially exposing her identity before she clears Magnus.

Magnus and Emily struggle against their growing feelings for one another, both knowing the consequences of giving in to lust. Magnus is Emily's team leader and fraternising is against the rules. Emily is investigating Magnus and his team; getting involved with him could ruin her investigation and her career.

Reader Advisory: This book contains some violence and lots of swearing and sexual assault.

Publisher's Note: This book was previously released at another publisher. It has been revised and re-edited for release with Total-E-Bound.

Maddux says

I liked Magnus. He was the ultimate military man's man.

I liked the heroine at first.. then she wasn't so cool.

Okay story. It needed a lot more editing. There were typos and mistakes. And I could tell the Author was not American. Even though the story was about an American NCIS agent and an American Marine Colonel.

Mari Carr says

Incredible story! Can't wait to read the rest in this series.

? Renée says

I really liked this book. It had everything: a strong, sexy hero; a capable, likeable heroine; a vile, despicable villain; danger, suspense, scorching hot sex, and humor.

I had fun with Joe and Emily. They both started off resigned to their lust for each other but knowing nothing could come of it. When Emily reveals her mission, their lust explodes, but quickly evolves into love.

I enjoyed the intense connection Joe had with Emily as well as his close friendships with Paul, Ben, and Fin. Can't wait for more.

Billi Jean says

Hot! And very hot. I loved this book from Jambrea Jo Jones -- who has become a must read for me. She stretches my boundaries by writing such hot/sweet romance I find myself unable to put the book down! Or computer away...

Linda says

Good story with a hot Marine. Pretty intense in places though so be warned. Would have gotten a higher rating if it wasn't for the editing issues - missing words in sentences, spelling mistakes and full stops that just didn't make sense.

Chele says

thanks Sortia:)

Cindy ~ SnS Reviews says

NCIS Special Agent Emily Patterson has gone under cover on Marine Colonel Joe "Magnus" Rivers team of elite Marines. All evidence is pointing to either his team or someone on his team as being part of a sex slave ring.

Magnus doesn't understand how this woman managed to get on his team. All she does is make mistakes. He shows her no mercy as having a weak link on the team can get them killed. Emily who was raised by a marine father is having a hard time acting like she is incompetent and wants nothing better than to show the foul mouth Colonel how good she really is but she hasn't cleared him yet on whether is he apart of the kidnappings or not so she has to play the part.

It doesnt take Magnus long to figure out something isnt adding up with Emily and that he is also strongly attracted to her which he considers unacceptable being he lives and breathes by the Marine code of conduct.

Towards the beginning of the book we know its someone on Magnus team because we get his sick POV - yes this man has some sick thoughts. We know he isn't the head of the ring but we also find out he has a sick fascination with Emily and vows she will be his to torture and make scream and bleed.

Once Emily pulls Magnus in and tells him why she is really there they give into there strong attraction. But Magnus is also all torn up believing that someone on his team and possibly on of his bosses is part of the sex ring.

After they thwart an attempt to take women and children the traitor on the team shoots Magnus and takes Emily. He both physically and sexually assaults her.

Magnus calls in fellow childhood friends and marines to help him get Emily back.

(I read this book when it first came out 2010. The author reedited it and made it longer - I loved both versions)

Vashti says

Thank you Lisa for sending me this book.I loved it,loved Joe aka"Magnus" most of all.Very enjoyable read and will def be reading more from this author.This book had everything that I enjoy in a military/syspense/romance.and the loves scenes were really good.Loved the epilogue.
