Betsy says

This book reminds me that I need to be more aware of what books are in my classroom. There were some funny parts to the book but the overall way that the adults behave is disturbing. Granted this is the way that many adult behave towards one another but it was put in such a light that the children would be led to believe that it is okay and even humorous to treat others this way.

Gail says

Weird cases of adults behaving badly.

TBHY says

I wonder if both of the Miss Traceys are sisters.
