Agnes Budianto says

Karena ini merupakan cerita dari Hikari X Kei dan membawa nama keluarga besar Special A, akhirnya saya beli lah buku ini. Saya hanya kecewa dengan gambarnya yang berbeda dengan anime(karena saya nonton anime duluan), dan serius cerita tentang coklat di bagian 6 itu ngakak banget..

Biondy says

sudah lama banget sejak terakhir baca S.A., makanya pas baca cerita sampingannya ini, sudah pada lupa sama tokoh-tokohnya :/.

ceritanya juga terasa biasa aja sih kali ini. yang lucu paling di cerita coklat yang di akhir-akhir.

It's a sequel to Special A but it's just a short story.

Victoria says

It is a great book to read

Imee says

I thought there was going to be a look into their future after they finally got married but there was none.

However, it was still a fun read.

This is a sequel to Special A but awww I was really hoping to see a continuation and get a wedding squeezed in like a flash forward deal but I guess not :(. It was really fun to read, though, with the whole

chocolate that can grant any wish and revisit of all the characters! Really nice to read this right after Speical A because it's like all side stories or if not to read this if you just want more of Special A :).
