The Calamity Janes: Lauren Sherryl Woods

#1 New York Times bestselling author Sherryl Woods returns with a story of the Calamity Janes...fierce friends facing challenges in life and love.

Lauren Winters has achieved fame and fortune, but all she wants when she goes home to Winding River, Wyoming, for a reunion with old friends is a break from her high-profile career. Seizing the chance to work incognito as a horse trainer for Wade Owens, she revels in the wrangler's attention.

But how is the man who's disdainful of the rich and powerful going to feel when he discovers she's deceived him? Will Wade be able to see past her celebrity and believe in the woman who's fallen in love with him?

Kate McMurry says

Terrific finale to the Calamity Janes series!

After two failed marriages, 28-year-old Lauren Winters feels like a failure, in spite of a red-hot acting career in a string of blockbuster romantic comedies and an Academy Award nomination. Needing to get her head back on straight, she escapes to her birthplace of Winding River, Wyoming, to visit friends and family.

Almost the moment Lauren arrives back at her home ranch in Wyoming, she butts heads with arrogant horse wrangler, Wade Owens. Wade didn't grow up with Lauren, and not being a fan of romantic comedies, he has never heard of her as an actress. He just knows she's rich, an interloper in his domain, and assumes she's snooky as sin.

Though she finds herself brangling right and left with Wade, Lauren comes away from their sparring sessions more stimulated than upset. What a refreshing change to interact with someone who isn't in awe of her! And as things heat up between her and Wade, Lauren is even more delighted knowing that whatever Wade feels for her, it is for her alone, not for her fame and prestige. But even as she rejoices in her good fortune, Lauren knows that sooner or later she's going to have to confess to Wade who she really is.

This book is an excellent addition to an exciting romance series. There are lots of sparks and sharp repartee between the hero and heroine. The story has plenty of conflict and tension, but (which is something I personally prefer), remains light drama without too much angst, and with frequent touches of humor. The sexual relationship between Wade and Lauren is highly emotional, which makes it very hot. Also, if you are a fan of stories set on a ranch, you will like the way the ranch in this book is very authentically drawn.

Crystal says

Good read. the old question "for love or for money" spins its way throughout the pages of this fast read by Sherryl Woods. Frustrated with the trappings of Hollywood fame, Lauren moves back to Wyoming to work on her friend's horse ranch. There she meets Wade the wrangler and sparks fly almost immediately. But, running from past hurt, Wade has a loathing for anyone with money and riches. Can she convince him that he is what she needs before her past in Hollywood catches up with her?

Michele Dambach says

I picked this book up from a "Little Library" in a state park in Florida. It's not really the style I normally read, but it was easy to pick up and enjoyable, if not simple. It's part of a book series called the "Calamity Janes" about a group of high school friends in Wyoming that are always there for each other, no matter the distance. The books don't need to be read in order, as this is the first book I have ever read from Sherryl Woods, and you can read along just fine without having read them in order.

This book dealt with Lauren, a Hollywood actress, who is looking for something different in her life, so she

heads back home to see if what she is looking for is there. Enter her best friends, two of which have recently married, and a good looking horse trainer, and you have an entertaining little read.

Great for the beach or vacation - as it's quick and easy to pick up where you left off.

Teresa Schiltz says

There are 3 books, 5 girls total. By the time I finished all 5 stories, I was tired of them.

Peggy Clayton says

Sherryl Woods is an automatic buy if I need something to read right at the moment. This book was really good right up at the top with the others I have read. It involves a horse ranch which is always a hit as there are a lot of readers who enjoy horses and stories about them. This was a hit right up the line for me.

Harlequin Books says

Miniseries: The Calamity Janes

Chris Linhart says

Loved this book also....Its worth the read I couldnt put it down

Jane says

The is the final book of the Calamity Janes: Lauren by Sherryl Woods. Lauren has it all. She is a mega star in Hollywood and has all the fame and fortune she could want. But she feels that something is missing. She is not happy. She has been married twice; each time to a man who was using her to get where and what he wanted. She has been going home to Winding River more and more to visit her friends the Calamity Janes.

On a visit with Karen, one of the Calamity Janes, made her look inside herself to see if she wanted to move back. They made a deal that Lauren will come back and live with Karen and Grady and in exchange she will work with a couple of the horses on the ranch. On her first day she met up with Wade who also works with the horses and who will be her boss. They were like oil and water.

Lauren is a horse whisperer. Her main job is to work with Midnight. This horse won't let anyone near him. Of course Lauren slowly but surely changes that. It took a long time for Wade to be comfortable with Lauren working with Midnight. He really thought she would get herself killed while working with Midnight. I am sure you have heard there is a fine line between love and hate. It sure does show up here.

But Lauren never let Wade know who she really is. He only knew her first name. He did not know that she was a rich and a famous actress. It didn't help Lauren any knowing he had a great dislike for rich people. What would happen when he found out who she is?

As with all Sherryl Woods books you know there will be a HEA but the road to get there will be bumpy maybe even rocky. It's not all serious as there are many laughs to keep you going. Happy Reading !!!

Emma Maher says

This was a very predictable book. I saw it coming from the beginning. It was however a very sweet book. Now and then a chicklit, and a hanky-panky romance can sometimes be good in between the novels, detective and murder books and the psychological thrillers. I certainly am glad that Lauren gave up fame and fortune for the man of her dreams.

Jodi says

This was my favorite out of the series I think. I liked that it took place a little after the others so it wasn't quite as confusing reading different books that all took place at the same time, not as much repeating as the others either. I didn't like that Lauren didn't tell Wade who she was but other than that it was just a nice read and fun to see where the other characters were after they had been married a bit.

Kristina says

I loved the Calamity Janes and I was so looking forward to Lauren's story. I am so disappointed. Wade was just a jerk - judgemental, rude, biased, and unlikeable. I just don't see why this was the was he was written. So much of a letdown after the others - books and men.

Jewett says

A fun read but rather predictable. Nice characters

Michelle says

A typical romance. Good Beach read.

Cait says

This one was fine. I like the other stories in the series better.

Jenn says

I try not to mock serial romances because occasionally the urge hits me for a good cowboy story. Then I read this one and fell more in love with the Calamity Janes and their undying friendship than I did with the primary love story. Now I'll probably have to read all 5 of the books in the series...
