### **Sesana says**

So much fun. I love Squirrel Girl, simply because she's never meant to be taken seriously and is still so endearingly earnest anyways. It's wonderfully silly, even while the events in the book are being taken seriously by the characters in the book. This is a book that I think my niece would really get a kick out of, and I can enjoy it, too, so win-win. Actually, I think that this would probably be a favorite comic of the Lumberjanes cast, which is a really wonderful thing. Squirrel Girl isn't quite like any other book that I can think of that's currently being published by the Big Two, and that's a wonderful thing, too.

---

### **Elizabeth says**

So fun! I can't wait to read more from this world.

I loved the commentary on the bottom of each page. I also loved her group of friends! Such great variety and glad to see some fun characters who aren't all white dudes. I need more superheroes like this! Or I just need to keep reading Squirrel Girl. ^\_^

---

### **Sh3llraiser says**

(Apparently I read this out of order and thought it was Vol 1. I don't feel that I missed anything, really. It could be read as a stand-alone, but a couple of the notes make better sense now.)

Heh. Unpopular opinion time, I guess. I thought I would like this. I wanted to like it. It wasn't bad. It just wasn't that great, in my view.

I liked Squirrel Girl. I thought her friends really cluttered things up. I liked the glimpses we got to see of other famous superheroes: Captain America, Spider Man, Thor, Hulk, Black Widow, etc. I liked when Loki made an appearance.

I liked the Twitter feed in-between where Iron Man tweeted to Squirrel Girl. And Deadpool tweets in one which was funny too. I think the Twitter feeds were actually the funniest parts. I didn't care for the sections with the "fan letters" and all the little notes at the bottom of almost every page. I skimmed those or completely ignored most of them.

I guess this just wasn't for me. The story didn't seem that strong. Something about it just didn't click for me. I guess I'm not cool enough.

---

### **Gary says**

Continuing Marvel's best and funniest meta-comic, this time with an epic to rival the Galactus/Planet of Nuts arc.

Loki changing himself into [NO SPOILERS HERE] to annoy his brother is the highlight of highlights.

---

### **Peter Derk says**

This book is funny as hell. I'm so happy to have a book that's actually funny, and to see a character who is confident without having to throw out lines about her confidence all the time or fight a bunch of straw men created to make a point about how she's good at this and that. She's doing what I want in comics, kicking ass and cracking wise. It's exactly what I love about Spider-Man. Okay, part of what I love. There isn't quite the emotional depth for me, or not yet at least, but this definitely isn't a book that seems to want to go that way. Not so far. I'm 100% convinced that should Ryan North decide to go that way, he could pull it off, but right now I'm happy having a good time. More than happy. I'd be happy to laugh my ass off at this book for as long as they want to keep putting it out.

For me, this book is one of the better books in terms of fulfilling the need for character diversity in comics. Because it showcases that diversity, and it also still manages to be a goddamn comic book.

Let me put it this way. Bitch Planet is like your slick, cool friend who you kind of like hanging out with, but also kind of makes you feel less-than or stupid or something. Bitch Planet is always talking about how you should really take a trip to South America because it will broaden your horizons. Bitch Planet never asks what you've been reading, but tells you about all these things you should be reading.

Squirrel Girl is your best buddy you haven't met yet. Reading Squirrel Girl feels like an inclusive, fun, awesome time. Squirrel Girl wants to be your friend, and you should totally let her. She beat the shit out of Spider-Man and stole his web shooters. Who doesn't want a friend who uses web shooters with reckless abandon? Who doesn't want a friend who has Twitter battles with Tony Stark?

Also, Straw Man would be a great villain. Until the Scarecrow got his pantaloons in a bunch and kicked his ass with fear dust or whatever.

---

### **Max says**

So goooooood. Cat Thor!

---

### **Ally says**

THIS COMIC IS FULL OF JOY

---

### **Renay says**

Although not as cute as the first volume, it was super great to meet the rest of Doreen's superhero team and

watch her get to beat up \*\*\*\*\* and steal his \*\*\*\*\* and have them not even \*\*\*\*\*! And then Nancy figured out the answer while hanging out with \*\*\*\*\* and \*\*\*\*\* on \*\*\*\*\*! TEAMWORK! \o/

Probably what made this feel so weird is that some guest artists drew Doreen and I recoiled from the page because no. It made me want to KICK BUTTS. Can I just petition Marvel to only allow Erica Henderson to draw Doreen, ever? Or another woman I guess. SOMEONE WHO UNDERSTANDS WHAT IT'S LIKE to have your body-confident, super tough fictional pal rammed into a DudeBro Vision mold. ZERO NUTS FOR THAT ART.

But four out of five nuts for the rest of it. And now I need to go look up Doreen/Nancy fanfic, so excuse me.\*

\*It's not like I'm going to find any. I guess I'll probably end up writing it myself. I could probably make some PRETTY CUTE FANFICS for these two, if I do say so myself.

## **Chelsea says**

Ten things I have loved, and continue to love, about Squirrel Girl:

- 1.) Body positivity
  - 2.) A relentless refusal to be anyone other than herself
  - 3.) She's got a silly, dad-joke type sense of humor
  - 4.) CAT THOR (and I don't even really like cats. At all.)
  - 5.) The shit she gives to Iron Man (and the way she interacts with the rest of the Marvel universe on the whole)
  - 6.) Those footnotes!
  - 7.) The letter to the editors are always full of SO MUCH positivity
  - 8.) Diverse, inclusive, and no 'tokens' here!
  - 9.) DID I MENTION CAT THOR AND MEOWJOLNIR?!
  - 10.) She puts her friends (and the world) above herself every. time.
- 

## **Kalie says**

This second volume did not disappoint. I'm only mad at myself for not picking up the series last year when people began raving about it. As usual, I'm late to the party. But better late than never, because it has quickly shot up my list of comic faves. If you like puns, friendships, squirrels, and hilarity (and why wouldn't you like any or all of those things?), I cannot recommend this enough.

---

## **Ashley \*Hufflepuff Kitten\* says**

I HEART NANCY THE END

---

## **David Schaafsma says**

All right, I liked it, but it took me a while to get into it. I am not a big fan of the art, so didn't feel drawn in. It's the garish color scheme. Maybe that's a small thing. But it made me keep putting it down, picking it up. But to be fair: the energy and positive girl power spirit continues, which is all good, and I like the whole silly squirrel girl and sidekick-who-is-actually-a-squirrel thing, and all the readers who send pictures of themselves with squirrels, my fave one from a squirrel biologist (who as a group now have an obvious best comic, yay!), the sass she gives other superheroes (many of whom have cameos throughout), all the bad dad-joke squirrel/nuts puns. Chipmunk Hunk. Koi Boi. An actual character named Girl Squirrel. A character named Hippo is who is also actually a hippo.

The central story here is a mock epic battle with Ratatoskr, the Norse God of Squirrels, which Thor gets called on to deal with.

A fun YA series. A lot of manic teen invention. I prefer Ms. Marvel and Nimona in this comics area, but hey, it's good.

---

## **Paul E. Morph says**

OK, I think this book is starting to grow on me (like mould) as I actually quite enjoyed this second volume. Maybe I'm mellowing in my old age... or senility is kicking in.

Charming, harmless, frothy fun... Nothing great but to keep saying mean things about it would feel too much like kicking a puppy.

P.S. It's only with the introduction of Chipmunk Hunk and Koi Boi that I've realised that, in the US, 'Squirrel Girl' rhymes. Here in the UK, we pronounce the E in squirrel, making it a two syllable word. Squi-Rel. Say it with me... That E is there for a reason...

---

## **Maria Kramer says**

More fast-paced fun in this volume! I loved meeting new superheroes Chipmunk Hunk and Koi Boy, and the first issue, where bystanders tell stories they've heard about Squirrel Girl, is hilarious. Love this series!

---

## **Miss says**

okay so i had all these dumb new year's resolutions like 'exercise 30 minutes every day' and 'wash the dishes

regularly' but you know what? i have seen the light. forget my whole list, my new new year's resolution is to be more like squirrel girl

it encompasses everything one should strive for in life! as i accept the power of SQUIRREL into my life i will be blessed with the following:

- 1) COMP SCI POWERS
- 2) THE ABILITY TO SPEAK TO SQUIRRELS
- 3) THE ABILITY TO USE ENVY TO ADDRESS FLAWS IN MY NATURE AND SUBSEQUENTLY GROW AS A HUMAN BEING
- 4) FUN ANIMAL THEMED FRIENDS, SOME OF WHOM ARE HUMAN
- 5) I WILL GET TO GO TO ASGARD MAYBE OR AT LEAST HANG WITH CAT THOR???

see you all in 2017 when i have attained the power of both girl AND squirrel

4 stars

P.S. can we talk about the fact that there isn't going to be any new squirrel girl until june? JUNE? that is nuts! it's not even a good nut like cashews, it's PEANUTS

---
