Rhiley says

This series just gets better with each volume, and I'm so pumped to find out what happens next!

Zachariah says

Pew pew! Blow things up! Stuff go boom!

Jeni says

[Nice to see the return of badass Mira. Also, Bixlow's powers are kind of cool. I wish he was used more. Though that's just that he's weird and I like him. Fried, poor Fried in this volume. (hide spoiler)]

Lissibith says

Ahh, a good old fashioned tournament manga. :) As a Yu Yu Hakusho fan, I can't help but like the conceit. :) Though this manga takes things in a slightly different direction from normal.

Shala says

4.5 stars. This arc has some great character development that I had forgotten about! Love this series!

Strangerealms says

My review is for the whole manga so far (50 volumes). Fairy Tail is set in a fantasy world where wizards join guilds to make a living, and help the population who have no magic and cannot face certain threats. Lucy is such a wizard looking for a guild, and after meeting Natsu she joins his guild Fairy Tail. I watched the anime first and I prefer the anime look, but the drawings do get better after some volumes. The regions do look pretty, and the cities as well. The manga is packed with humor and action. The battles between the wizards are fun to watch, and are never drawn out unnecessary. The manga has more serious storylines where the past of the wizards in the guild are revealed. There are plenty of wizards in the guild to root for. Another good aspect of the manga are the great amount of female characters that are powerful and capable, like Erza, whether they're enemies, part of the guild or friends. There are some light romantic touches too in the manga.

The downsides are that there are way too much of fan service and nudity, and also way too many big-

breasted female characters.

Mary says

I loved Mira and Fried's battle.

Joseph R. says

The Battle of Fairy Tail continues as Laxus's three companions strive to eliminate members of the guild. Ezra's false eye gives her the chance to beat Evergreen, who turns people to stone when she makes eye-contact. The battle starts to go south for Laxus's crew, but will their defeat come in enough time? Will Master Makarov have to surrender the guild to save everyone?

The list of epic match-ups continues, which is fun. The battles are entertaining but feel like filler before the big final show-down which looks like it's coming in the next volume.

Recommended.

Nidah (SleepDreamWrite) says

Good volume.

Kanna Ogihara says

It's so sad!! I can't stand with many terrible scenes that member of fairy tail injuries each other to protect their guild. Luxus is a main antagonist so he did many brutal things to other Nakama but the reason why he does such a thing is so childish and simple. I want Luxus to be an adult. However, I guess Luxus will be a good person at the end of this episode.

Soline says

Fuck yeah ! Mira has finally shown her true power !

Connor says

[4.25 Stars]

Jordan says

Damn, Mirajane!

Also, Juvia refusing to fight Kana and sacrificing herself so she does not have to hurt a friend is just so beautiful.

I also love that finally Levy can show what she is capable of.

Amanda Setasha Hall says

Story wise - this had it's moments.

HOWEVER

It still skips around so much it's hard to keep track of what's going on.

Also, there's almost TOO MANY details in most of the drawings to the point where you feel like you can't focus. It's disappointing because it has a lot of potential.

I rated this higher than expected because the small chapter or two with Loke won me over.

Hannah Belyea says

The battle for control of the Fairy Tail guild continues as Laxus and his allies beat down every wizard that gets in their way! Mashima will keep readers guessing in every chapter of this exciting entry. Lucy and Era may be growing in strength, but will their abilities be enough to overcome the powers of their opponents?
