Big Bad Wolf

Georgette St. Clair

Big Bad Wolf Georgette St. Clair

Going on a very public date with Ryker Harrison, the sexy, surly ex-boxer whose Alpha attitude and string of one night stands have earned him the nickname “the Big Bad Wolf”? Daisy would run as fast as her paws could carry her...if it wasn't a publicity stunt for her favorite aunt's new dating service.

But it turns out the handsome shifter and his family have other ideas. Apparently after her first date, his nosy, interfering pack think she's agreed to be his life-mate. And the curvy she-wolf has Ryker convinced it's time to give up his playboy ways and claim Daisy for his own.

Except Daisy's pack has other plans for her, and they'll stop at nothing to use her for their own ruthless ends. And her friends keep showing up to rescue her, when she least needs their help. And his family can't stop messing up Ryker's attempts to court her. Ryker's determined to fight for Daisy...but can he roll with the punches when word reaches him that Daisy has ditched him for a wolf with a more impressive pedigree?

The Mating Game
Big Bad Wolf
by Georgette St. Clair
??????????

OMG! The storyline is everything I love about Georgette St. Clair. I absolutely enjoyed reading this awesome story. The story is so fantastic that I read it in one sitting I just couldn't put it down, it captured my attention from the first sentence to the last page. It's full of humor, lots of romance, it's compelling, emotional and you may get little mad at a few of the characters because of the way they treat the heroine and its hard to have a dry eye while reading because it will make you LOL that the tears may flow. The scenes are sensual, scorching hot, beautiful and loving. The characters are humorous, sexy, gorgeous and dreamy. The dialogue is witty, full of passion and mind-blowing. WOW!! This storyline is SPECTACULAR!! I was so engaged in reading this great story I didn't want to eat dinner or go to sleep it's just that Fantastic!! Georgette gives us so much entertainment with her creative imagination and lots of laughs. This is a standalone but I hope it's a start of a series.

Daisy is a BBW wolf shifter. She broke off her engagement because he cheated on her and then moved to be closer to her aunt. Her aunt runs a dating service and she decides to send Daisy on a very public date with Ryker Harrison. Daisy thinks she should run as fast as her paws can carry her, but this is her favorite aunt even if she is her only aunt. Daisy feels her aunts description of Ryker is to good to be true but since it's a publicity stunt for her aunt's new dating service, Daisy decides to go because what else does a school teacher have to do besides watch Rom-com movies and cheat on solitaire.

Ryker Harrison is a sexy, ex-boxer, Alpha wolf shifter whose attitude and string of one night stands earned him a nickname of the Big Bad Wolf. Ryker is the Alpha of his pack and CEO of his apparel company. His pack depend on their job at the factory and the factory and the pack lands need money. So the investors wants Ryker to straighten up his act and get a mate.

This is a Fantastic Read. If you are looking for a Spectacular paranormal book to curl up in your favorite chair and read, then you need to read this is the book. You don't want to miss this awesome book and it's a magnificent book to add to your TBR list. I'm excited and anxious to read the next book written by Georgette St. Clair next book and I highly recommend this book.

If you believe in the world of paranormal romance, then the possibilities are endless and fascinating!

Hollie says

This is my kind of shifter romance and definitely one of my favorites by this writer. I was worried about the blurb because the hero sounded like he had the potential to be a manwhore, but I was relieved to find this was not the case at all. His character came across as very genuine and endearing. He was smitten with the heroine from the second they met and treated her respectfully. There really wasn't any OW or OM drama. He did run into an ex, but brushed her off immediately and was repulsed by her. Also, the heroine has a run

in with her ex, but again there was no interest on her part for anyone except the hero.

The secondary characters were also solid and hilarious. I loved how the hero's mother meddled in his love life trying to play matchmaker so she could have some grand-cubs.

This was just a cute, funny and all around enjoyable shifter romance. Another benefit is that it's offered as a Kindle Unlimited. I look forward to more from this writer.

Rhonda Jones says

Funny, sexy, some action, and wonderful characters

This book had a whole bunch of strange but wonderful characters. A few were bad guys, but most were just zany funny people. And loyal, oh my, never read about so many people sticking up for their loved ones when they were completely wrong about the circumstances causing their ire. So funny. Great book.

C.J. says

This book was less about the story and more about the amazing characters. Every single one was vivid and totally insane in their own way. I smiled my way through this book. Harriet was probably my favourite but there are a lot of close seconds. If you want a good shifter story with lots of laughs, you'll enjoy this.

Angela Crockett says

This was one of those happily ever after stories. Daisy and Ryker are bear shifters. The story was more of a families interfering into their children's lives. All types of crazy. Still it was a funny story that made me smile.

Barbara? says

****3.5 Stars****

I really enjoyed this different story about shifters. It was funny and sweet. I don't usually read stories where there is a "fake" relationship that turns into more. But this was cute and didn't cause much angst between the characters.

I loved Daisy. She was so funny and I liked how she stood up for herself and didn't let her family bully her into something she didn't want. Her family was horrible. I just cringed every time her mother opened her mouth because I knew it would be horrible...very mean and nasty.

Ryker, though he was the alpha, wasn't presented in the typical alpha way. He wasn't domineering or OTT

but he was still a good hero. I loved how he saw Daisy the first time and wanted her. Just a warning though, they don't "know" they are mates right away. So, again, not a typical shifter/mate story. Ryker's family was hilarious. The things they did or got into had me lol'ing many times.

So, I dropped a full star because of a few things. One, this needs an editor. There were several times I noticed a word missing. The second being, and this bugged me the most, there were inconsistencies. Again, with a good editor or beta reader this would have been pointed out. For example, Jasmine, a girl at Daisy's school, was sitting outside the principal's office with someone. I was confused as to whether it was her aunt or her grandmother. Below are parts of a conversation between Daisy, Jasmine and her aunt/grandmother that lasted on a few paragraphs:

“Hey, Ms. Bennett, this is my grandmother,” Jasmine said.

Jasmine’s grandmother looked relieved.

She shot her niece a severe look.

“Jasmine, we do not threaten to shank people!” her aunt scolded her.

“No, Grams, you do not threaten to shank people,” Jasmine said. “I do it all the time.”

Her grandmother fanned herself with a bus schedule.

So you can see my confusion on whether this was her aunt or her grandmother. I think this should have been caught easily. Another example was when they shifted without removing their clothes they were shredded but on one instance Daisy and Ryker shifted with clothes on that were shredded but when they shifted back and went inside nothing was mentioned about getting dressed but they acted as though they were clothed. Things like that tend to bother me...just a pet peeve of mine lol.

Overall, it was cute and funny and I did enjoy it.

Caroline Taylor says

An excellent rom-com

This was my first book by Georgette St. Clair. I drive a lot to and from work. I love listening to audio books. I chose this book because I like the audio reader Natasha Soudek. She has a smoky rich voice that I like to listen too. This book was awesome! The characters are crass, loveable, and so funny. I am so eager to listen to the whole series!

Betty Lambert says

This book was very good. This is Ryker's and Daisy's book. Daisy is set to go out on a one time date with the notorious Ryker Harrison as a favor to her Aunt as she just opened up her new dating service. It doesn't quite work out the way Daisy thinks it will. It was a fun filled book with some side seriousness. What with nosy parents on Ryker's side and Daisy's parents are a total work of art. They, Daisy's parents, were out to use her to bring two packs together and get more land, etc. They never thought much of Daisy at all as Daisy is BBW and a great personality to go with it. Ryker's parents are just nosy and want the two together no matter what they have to do to get them paired. Highly recommend.

Beware of Spoilers!

Star Ratings:

Heroine (Daisy): 23yrs old

Hero (Ryker): 33yrs old

Plot: 5/5

Grovel: none

Cheating: none

HEA: yes! (but no babies)

Triggers: none

Average score: 4.5/5

Best Line: lots of good ones: H: *"Damn it, you don't put a corset on perfection!"*

Worst Line: none!

Personal Review:

This was a surprisingly fun romance between two wolf shifters!

Random Ramblings:

- The H deserved the purse beating, it was funny
- Great banter
- I loved Harriet's stubbornness but she did over-react at times
- Jasmine was great

Overall Feeling:

Adorable couple!

Jeanny says

Boring

Cactus says

DNF - I really tried with this one!

I found this a bit difficult to get into. It seemed to jump all over the place and Ryker seemed to change his mind every few sentences. I finally had to stop 96 pages in.

I felt like this book had a bit of a judgemental tone, almost like the author had a chip on her shoulder about being in a world that values skinny girls over plus-sized. Now I love an unique heroine that doesn't fit the usual PNR tropes and the increase in plus-sized girls as the heroines is awesome. But eating chocolate bars at the same time you're complaining about your mother fat-shaming you? *C'mon..* is that really a necessary point to make?

Man, there were some lines I couldn't help but roll my eyes at:

“My date and I were just about to grab something to eat. And yes, I will be having seconds.”

“who felt lean and bony and smelled of Chanel No. 5 and always had lettuce on her breath.”

(Lettuce?? Lettuce? What does lettuce smell like?)

This coupled with the almost non-stop skinny shaming was a real downside to this book.

Also thank god the author kept reminding us that Daisy was an shifter too because she sure did not act or think like it. There were lines like **“She should have tried to channel her inner vamp”** that made me go back and actually check Daisy was a shifter and not a vampire!

Cons:

needs editing

cut it out on the skinny shaming - not necessary.

Laura says

What Is It About:

Ryker is an ex-boxer who now owns his own business while being the Alpha of his pack. Recently, a board of investors have become nervous about the fact that Ryker doesn't have a mater, which would improve his reputation in the press. Daisy is a teacher at an underfunded school in a bad neighbourhood. She left her own pack after being cheated on by her fiance.

As a relationship begins between the two of them as a way to gain investors, feelings do begin to show. The

press, Daisy's roommates and Ryker's pack's enthusiasm make it hard for them to get close, Daisy's pack has a plan that could drive them apart forever.

What I Liked and Didn't:

My biggest issue with this book is the length. It seems drastic to say that when that means the length of the book cost it three stars. But, the things that I disliked about the book may have worked out if the book had been longer.

The plot was mainly based on the relationship of Ryker and Daisy with a little action chucked on at the end. The characters as individuals were okay. Ryker seemed a bit softer than the bad boy image was made out, though he does have a trigger temper. Daisy does seem a bit whiny but can't fault her kindness working in that kind of school and putting in the effort with the children. But I feel like these faults could have been worked out if the book were longer. It would have created character development but also have given me a longer time to get into the characters and their way of thinking as opposed to just a snapshot into their lives. I quite liked the two of them together. There were some sweet moments, I wouldn't have minded the name calling at the start to have carried on a bit longer. They were in love fairly quickly considering this doesn't include an insta-love lifelong mate plot. Just another area that could have been developed a bit more *cough*longer book*cough*. What? Of course I'm not being repetitive.

As for the other aspects of the book. The secondary characters were a little one dimensional except for maybe Jasmine although JKAT? Really? Ryker's mother didn't really have a personality other than breaking down any boundary and Cadence was hardly mentioned considering she's in the next book. With the action plot, there was meant to be a twist but it wasn't foreshadowed that well. It made me question Daisy's brains and self-respect that she didn't see it coming.

Final Thoughts:

You probably wouldn't think that I liked the book considering how negative the review is but it's always easier to remember the negatives rather than the positives. I am actually a fan of Miss St. Clair's books but I suppose that can hinder me because I have higher expectations *sigh*.

Would I recommend this book? I don't know, I wouldn't say it was one of her strongest books but I suppose the first book in a series is always the hardest. I'll say go for it, and if you like it maybe try some of her other book series.

Will I be carrying on the series? I'll give it a go especially considering that it's dragons.

The BookChick says

I listened to this one as an audiobook and it was terrible. Do yourself a favor and buy the ebook instead.

Tsholo Mothibi says

Nice enough, I suppose, for whiling away an afternoon. The fact that they are Shifters doesn't really seem to have any bearing on the story and it just seems gratuitous and unnecessary which frustrated me more than the editing errors to be honest.

Ivy Deluca says

It's what I've come to expect from Ms. St. Clair. An enjoyable enough shifter romance with some humor. The romance portion is a fifty/fifty shot - I usually like the 'verse, and just ok on the romance. This book's 'verse was more interesting than the actual romance. But if you're into shifter books, you may enjoy it more than I did.
