When Trenae is found beaten half to death and unconscious, doctors notify Nae's family that she will suffer temporary memory loss. In the midst of finding Nae's body, the police also find a business card next to her. A business card belonging to none other than Nahlij Jones, making him the prime suspect in the investigation. On the run and basically a wanted man, Nahlij has to figure out a way to clear his name by doing anything that he can to help Nae remember what happened, all while dealing with the fact that he is slowly falling for Trenae.

Elsewhere, Silas is dealing with his inner demons as well as the fact that he is slowly losing Trenae. When he discovers that Trenae has been using Nikki's phone to secretly talk to Nahlij, Silas hatches a plan to keep Nae in his life, but when his secrets and lies begin to unfold, Silas will soon realize that he's lost Trenae for good.

Will Trenae regain her memory in time to clear Nahlij's name, or will it be far too late? Will Nahlij finally admit that he's fallen hard for Trenae, or will he continue to keep his heart guarded? Can Silas keep Trenae in his life, or will his secrets finally be revealed and cause her to walk away? All will be revealed in the second installment of Can't Hide From Love!

**Vernell Howard says****Well! Well!**

I'm glad Trenae and Rome finally made it official. I love how thoughtful and romantic he was about planning Trenae's birthday party. I love how she opened him up to be a better person to trust again. I just hope Rome's health is okay. I still think Trenae has a bun in the oven that could be the reason he's sick. Well now there is a saying that says, "What's done in the dark will sure come to light." I think daylight has hit. Lol! Great Read! ReneeG ?

**Alesia Russell says****This keeps getting better and better!**

The secrets keep spilling out. Nae can't seem to catch a break. Solar is in for a rude awakening. Marlin has staked his claim. Love the family dynamics!

**Taz Will says**

I knew there would be more behind the ending of the last one. I was hoping we'd get back to what Nahlij was doing with the cops, but I guess we'll have to wait. I thought with him being wanted that would lead Grant back into his life. These need a bit more drama in them to really hold the readers, it doesn't need as much editing work as the last then again, I'm probably just used to the mistakes now.

Hopefully the next one won't just be about cheating and Trenae's mess, but we'll see Nahlij's four women and Grant. I'm thinking that Meek has something that she's gotten from Silas but then again it should've come out with Cam since she's been with him the longest and is further along. The next one could be really good if the author steps up and get creative.
