# **From Reader Review Kiki the Kung Fu Kitten for online ebook**

## **Len says**

I received my copy via a Goodreads giveaway.

This rhyming anti-bullying story is really enhanced by the illustrations. There's a bit of surprisingly fun 'non-violent revenge' at the climax of the tale, but it's well-written (and, of course, well-illustrated) to emphasize the motive and method as positive.

---

## **Topher Colin says**

i won this book through a good reads giveaway. it's silly, it's for kids, but the rhymes are nice and the message is timeless... and timely, given current societal focus on anti-bullying. could easily be presented in classroom and library settings. (i'll be donating my copy to a local children's literacy group.)

---

## **Barbara White says**

My nephew and I read the book together and had a great time. He enjoyed the story and the illustrations. Now he draws Kiki. I can think of no better recommendation than high praise from a child for Kiki the Kung Fu Kitten. I highly recommend it. Thanks to Goodreads First Reads for a copy of Kik the Kung Fu Kitten. My nephew and I look forward to more books by Francesca Hepton.

---

## **Margaret Cekis says**

Kiki the Kung Fu Kitten is a charming book to read aloud to young children, especially those attending day care and learning to get along with others. I also think early readers will enjoy reading it themselves.

---

## **Joan says**

Loved this book! I have read it at least 100 times to my grandchildren. And because we have a crazy dog named Kiki it has special meaning for us.

---

## **Michelle says**

Fantastic book on anti-bullying. My neice loved this. Were look forward to more in this series.

---

**Patricia Bergman says**

I won this book from Goodreads giveaway.....

This is a cute tale that discusses bullying. A little kitten is introduced into a house already home to a big mean cat. The story of the two cats sends a good message to small children.

---

**Sue says**

I won this book in a Goodreads giveaway. (Thanks!)

I was happy to win this book since the kids call our cat Kiki and they have tried to teach her Kung Fu. It is a cute read. I enjoyed the rhythm of the story.
