## **Nirvanic Rebirth. Blood Everywhere! Er Gen , Deathblade (translator)**

I Shall Seal the Heavens is currently one of the most popular xianxia stories in China. It is about a failed young scholar named Meng Hao who gets forcibly recruited into a Sect of Immortal Cultivators. In the Cultivation world, the strong prey on the weak, and the law of the jungle prevails.

Meng Hao must adapt to survive. And yet, he never forgets the Confucian and Daoist ideals that he grew up studying. This, coupled with his stubborn nature, set him on the path of a true hero. What does it mean to “Seal the Heavens?” This is a secret that you will have to uncover along with Meng Hao.

### **Jan-petter says**

The rating given is not a correct portrayal of the individual book's rating but as a general rating of the series as a whole.

---

### **Lazybee says**

Good story and an even beautiful ending.

---

### **Anh Cao says**

If you want a good xianxia, pick this book.

---

### **Marquis says**

So much conflict (boring garrulous fight sequences) and barely any meaningful story progression for 90% of this book. The other 10% that was pretty great I suppose, but over a hundred chapters could've been entirely skipped without any impact overall story.

### **Collins Hilltop says**

i think this will be a good start for me? guys can you suggest another novel, interesting that the mc is too cool and badass and overpower character, that kind of mc that i like!

---

### **Jakub says**

Quite good, though bit too much warfare.. I guess author does a better job when meng hao cons people rather than slaughters them.

---

### **Mnoraznan says**

So many ups and downs. The battle chapters are especially awesome to read. Off to the sixth.

---

**Paulius Mat says**

This was great. Er Gen is now my favorite xianxia author.

**D says**

The first arc will make you laugh out loud, the second arc is really good, the third is phenomenal, the fourth will have some pretty good surprises, the fifth is full of plot twists and then this great book has ended. Two thumbs up for Er Gen!
