Off the Leash: The Secret Life of Dogs Rupert Fawcett

Originally launched on Facebook, Rupert Fawcett's charming and heartfelt *Off the Leash* cartoons have developed a huge daily following around the world. This book brings together the very best of those cartoons, featuring the secret thoughts and conversations of dogs of every size, shape and breed. The cartoons appeal to all sorts of people, from passionate dog lovers who have eight sleeping on their bed at night, to people who don't have any pets at all, but can still identify with the characteristics. Let's face it, who doesn't like to be fed, have their tummy stroked and snooze on the sofa in the afternoon? A celebration of our favorite belly-scratching, tail-chasing, bed-stealing canine friends.

Velmi nevyrovnané. U n?kterých koláží jsem se od srdce smála a u jiných enhápav? kroutila o?ima. Každopádn? majitelé ps? porozumí :)

Off the Leash: The Secret Life of Dogs was a fun and entertaining read, I really enjoyed it! Full of black and white comics about dogs, anyone who has a dog, or even knows a dog will undoubtedly see that dog in these pages. Full of (possible) doggy insights, and everyday interactions it was a lot of fun to read. Perfect for the dog lover in your life - though I think anyone could probably find something to like about this!

Vivienne says

Funny and accurate depictions of dog behaviour. Worth getting as a gift for a dog lover.

Kelly Long says

This book is very cute and funny. Owning 2 dogs, I can relate to a lot of these comics. I'd recommend this to any dog lover.

Emily says

such a funny book and all ways make me happy when im board I highly recommend this book to people who just like a good laugh.

Jeanne says

Spot on comics about dogs and their humans. Laugh out loud funny.

Shelly Donaghey says

OFF THE LEASH: THE SECRET LIFE OF DOGS by the subversively brilliant mind of Rupert Fawcett is both a collection of idiosyncratic panel cartoons about dogs and their owners and a truly remarkable book full of insights into just what the canine mind may be thinking. Almost every cartoon is funny and when they hit home they make you laugh and think, something that only the best comedy achieves. This would make a wonderful gift to the new puppy owner, the long time dog lover, your favorite veterinarian or anyone who likes a good laugh. Even though I have seen some of Mr. Fawcett's cartoons on-line, I am very glad to have received this collection through Goodreads.

Sarah says

Entertaining even for non-dog lovers but not laugh out loud funny. I only paid £1 for my copy. I don't think I'd feel quite so positive if I'd paid the RRP of £9.99.

Boží, boží, boží. Pokud tyhle psí komiksy ještě neznáte tak to rychle napravte! :)

Nancy says

Great saw my dogs in many of the cartoons!

Tomáš says

?eský p?eklad v tomto p?ípad? poh?bil veškerý humor pod zem. V originále vtipné

If you have dog, or even know one, and like them, then this book is definitely for you! Normally, I read more cat based humor, but enjoyed this canine-based volume. This tome has general appeal to pet-owners and animal lovers alike. Whether it is a decidedly NOT lap dog trying to squeeze into the small space between you and the chair arm, the multitude of mutts "sharing" the bed, or the little ankle biter deciding to have a fabulous day, it will bring a little warmth to your funny bone. Doggy kisses not included.

Janna says

I don't own a dog & I'll never get to own one. But somehow, this really cracked me up!

Chloe Wong says

welcome to the life of dogs
a comic book

Sandy Rhodes says

I would rarely actually buy a book of cartoons, but I love this author/cartoonist's insight into not only the psyche of dogs, but in the whole human/dog interaction. I often just pick it up at any place when I need to smile or to be reminded of what is very important to me (two of which are my wonderful dogs!) It's so funny and some are just laugh out loud hilarious...from both the dog's perspective and ours!
