## Payback's A Bitch Missy Johnson

I'm the girl who likes 'the cock in the back hole.'

At least, that's what the dating profile my so-called friends set up for me claims. I'm also into BDSM, Furries and 'I'll try anything twice.'

I have no idea the profile exists until the replies start rolling in. They range from funny, to downright creepy and everything in between. Just as I'm shutting down my email account for good, a new message pops up.

He's funny and he's the only one to suspect the profile is a joke, so I think what the hell? I reply.

When he suggests that we meet, I say yes. When I walk into that bar, he's sitting at a table, facing the other way. He turns his head just enough for me to be able to make out his face...

Fuck.

It's Cameron Hunter, one of the rudest, most arrogant assholes I've ever had the displeasure of meeting. He's also the son of one of the state's most influential judges.

The same judge who's about to become my step-father...

## From Reader Review Payback's A Bitch for online ebook

### Sofia Lazaridou says

Payback's A Bitch is the newest addition to the Awkward love series. It can be read as stand-alone, but those who have read the previous book (Don't go there) might notice that Darcy also appears there and in this one, we have some cameos. The story was much better in Darcy's book though and I remembered why I liked the series so much. It was fun and I was starting to worry that Cameron would really start cross-dressing for the rest of his life. He didn't seem like that kind of guy from the beginning, but he was very into it. I got why both of them and especially Cameron were insecure about their relationship and I have to say that this story had the most normal developing in the series. What I found weird is that in this book everyone was accepting that these two to-be-stepsiblings were in a relationship while in other books it's a huge taboo and it keeps the main characters apart. The book was good and it was a lovely companion for a summer evening, so I would recommend it.

### Nadine Bookaholic says

While Payback's A Bitch is the sixth book in the Awkward Love Series it can be read alone, each book in the series has its own theme/trope and this one is step-siblings. We met Darcy in Don't go There and I had a feeling she would be getting her own book because with a secondary character like her there was no way she couldn't. Darcy is spunky and funny and quick with a quip, she had me laughing out loud more than once in both books.

Darcy has the unfortunate birthday of April Fools Day, which means (for her anyway) that her friends play jokes on her. Every year they have done something awful but this year, YIKES! Darcy's friends run an ad on a dating website for her and the calls and dick pics come flowing in one right after the other. I mean really who does things like this??? Well apparently Darcy did in Don't go There so that is where her friend Katie got the idea....LOL

Cameron Hunter, total jerk according to Darcy but there is something going on that she isn't aware of that has him all out of sorts. I will admit I liked Cameron right away but his brother Mack, \*shaking my head\* this kid needs to grow up fast and get a book of his own because he is a riot and I would love to see what kind of trouble he gets into before finding his own HFN/HEA.

Cam figures out that Darcy has been set up by her friends with a fake dating profile and he jumps on the bandwagon as a way to make her realize how dangerous it could have been if she met a crazy person but what he didn't figure on was actually starting to develop feelings for her. This goes back and forth as they both find out that the other is playing a \*joke\* on them and who can out \*best\* who. But in the end someone always gets hurt don't they.

This has been a fun series of standalone reads. You can read them in any order you like but here is a handy list so you will know what trope each book has in store for you.

It's Complicated - Dad's Best Friend

I Can Explain - Sexy Boss

Too Much Information - Hot Doctor

Comfort Zone - Student / Professor  
Don't Go There - Enemies to Lovers  
Payback's A Bitch - Stepbrother

Happy Reading!!!

Payback's A Bitch by Missy Johnson is book 6 in the Awkward Love Series. This is the story of Cameron and Darcy. This can be a standalone book if you wish to do so.

Darcy was born on April Fools day so she is used to jokes and pranks. But when this year one of the pranks played on her ends up breaking the bearer between her future hot stepbrother and her it turns into something else.

This was such a good easy read! Really enjoyed so much that I have to back track now so I can catch the other stories!~ Loved it.

### **Jo - \*-\*•.★Reading Is My Bliss★•-\*-\* says**

Darcy has the unfortunate luck of sharing her birthday with April Fool's Day. This means that every year her best friends come up with the most outrageous pranks and challenges for her to endure. This year is no exception.

Darcy awakens the morning after her birthday to a huge pile of missed calls, texts and emails from a fake profile that her friends set up for her on 'Anything Goes.' If it's not bad enough that she is another year older and feeling the effects of a hangover - she now has a weirdos sending her dick pics.

Meanwhile, in her family life, her mother is about to get married and that means she will now have a step-brother, the douchey Cameron. At least she doesn't have to see him very often. After she finally gets her 'friends' to take her fake profile down there is one guy that ignites her curiosity so she responds to him. Thus begins a text friendship between Darcy & James.

Darcy enjoys being able to anonymously talk to a guy who is not blatantly flirting and trying to get in her pants with lewd messages. A friendship builds between them until James decides they need to meet in person. That's when things take a turn for the worst. James is not 'James' and Darcy is horrified to discover that the man she felt a connection with is douche canoe step brother Cameron.

Darcy is determined to set things right and she has a whole crock pot of revenge she is planning on dishing out to everyone involved in this 'joke.' Payback 's a bitch!

### **Three Chicks says**

Review by Lisa Kane

Darcy has friends who live to torment her with pranks. Her birthday is April Fools Day and that's the one day they strive to pay her back for all the things she does to them all year long.

Darcy starts to get filthy texts on her phone. Texts promising naughty, disgusting acts and texts asking what naughty, disgusting acts she will do. Turns out her friends pulled the ultimate sex ad prank on her.

Darcy's mom is about to marry Jim, a successful judge. He has two kids-Cameron, a gorgeous business man and a twelve year-old Mack. Turns out angry sex following their divorce proceedings proved fruitful..hence..Mack.

Cameron finds out about the ad, and goes a little crazy. Darcy doesn't realize how beautiful she is and is always getting into trouble. It's up to him, her soon to be step brother, to help her out. But he comes up with a prank of his own. This adds a unknown layer to their relationship.

Payback's a Bitch is hilarious and full of witty banter. I have loved this whole Awkward Love series!

Darcy and Cam are laugh out loud funny. It starts out with Darcy's friends playing a usual gag on her with April Fools being her birthday she never gets off easy. This time they went a bit crazy by advertising her on a dating web site and let's just say they gave her a lot of freaky tendencies. Darcy and Cam soon to be related through marriage their parents are getting hitched. Cam has always found Darcy interesting and yes she is extremely sexy without trying. He finds out that she is on the dating site and things get a little crazy from there let the hijinks commence !!!!

Funny, sexy and romantic .

\*\*\*\*\*FOUR STARS\*\*\*\*\*

{ARC Generously Provided by Author}

**PAYBACK'S A BITCH**, the sixth installment of the *"Awkward Love"* series by Missy Johnson, is filled with many laugh-out-loud and steamy moments. This is a sweet and oftentimes silly “stepbrother” romance, and I really enjoyed it. Darcy was the crazy best-friend of the Heroine from *“DON'T GO THERE”*. I thought she was just a ditzy and immature twenty-year-old, but in her story, I actually felt a little sorry for her.

Darcy's birthday is on April 1st and her two besties make it a ritual to play some really extremely horrible practical jokes on her. Honestly, with friends like that, she really doesn't need enemies. They place a kinky and disturbing ad up on some fetish dating website under Darcy's name and she starts to receive some bizarre text messages and calls. One sicko actually shows up at her parent's house and confronts her. Luckily, her soon to be step-brother, Cameron, comes to her rescue. Darcy and Cameron have a hate/hate relationship and enjoy slinging verbal insults at each other, but deep down there's a simmering attraction burning between them.

Cameron decides to teach Darcy a lesson and reaches out to her regarding her personal ad under an alias, and they soon begin an online romance. As time passes, they're both starting to develop real feelings, but Darcy has no idea that her online love interest is actually Cameron. Cameron knows he has to come clean, but will Darcy be understanding when she finds out that Cameron has been lying to her or will she end up hating him forever?

This one turned out to be my favorite of this series. I thought the plot was entertaining and the characters were likable. I found myself laughing out loud almost throughout the entire book. I even learned about a really disturbing and nasty sexual fetish that actually made me a little nauseous!!

Here are my overall ratings:

Hero: **4.5**

Heroine: **4**

Plot: **4**

Angst: **3.5**

Steam: **4**

Chemistry Between Hero & Heroine: **4.5**

OMG! I laughed a lot on this book. I don't know where the author got this pranks ideas but they sure were a lot of fun. I enjoyed both hero and heroine. I think PAYBACK'S A BITCH is my favorite from this awkward love series.

It was fun, a fast reading and enjoyable. I wish for more books like that. It made me smile a lot.

I received a copy of this book from the publisher/author to review for Stephanie's Book Reports.

I'm the girl who likes "the backdoor". At least, that's what the dating profile my so-called friends set up for me claims. I'm also into BDSM, Furries and I'll try anything twice. I have no idea the profile exists until the replies start rolling in . They range from funny, to downright creepy and everything in between. Just as I'm shutting down my email account for good, a new message pops up. He's funny and he's the only one to suspect the profile is a joke, so I think what the heck? I reply. When he suggests that we meet, I say yes. When I walk into that bar, he's sitting at a table, facing the other way. he turns his head just enough for me to be able to make out his face. Crap. It's Cameron Hunter, on of the rudest, most arrogant butt heads I've ever had the displeasure of meeting. He's also the son of one of the states most influential judges. The same judge who is about to become my stepfather.

If you have read a book in this Awkward Love Series then you know that they have humor in them. However this book is filled with the main female characters friends playing practical jokes on her all the time. I would have had a fit if my friends had ever done the things they do to me. Especially the fake dating profile that make her seem like a girl who will try anything. It really pulls the weirdo's out of the woodwork. It also puts Darcy in some really awkward situations. However none could be worse than finding out her future stepbrother Cam is the only one who realized that profile had to be fake and in doing so caught Darcy's attention and led to them agreeing to meet up. Darcy is not a fan of Cam and thinks that he is arrogant, selfish and just generally not someone that she is very thrilled to be around. However neither one of them likes to lose and take the word competition to a whole new level. This book will have you laughing out loud and swooning all in the same chapter. If you like funny romantic books then you are sure to enjoy Payback's A Bitch.

### **Anne Milne says**

This was a really fun book I found myself smiling and giggling alot.

Unfortunately for Darcy her birthday is on April fools day a fact her friends use as an excuse to play

practical jokes on her every year. This year's prank is the best seriously I totally cracked up reading it. Her mum is soon to be married and she's going to have a hot stepbrother.

I loved Darcy and her friends they are a great group supportive and fun. The competitive nature of both Darcy and Cameron mean there are some hilarious pranks. When the fun stops will they be able to build on their chemistry ?

If your looking for a fun sexy read you'll love this.

4 Stars!

Darcy is a 23 yr. old woman who just finished her psychology degree and is about to start a new job. Her mom recently met and fell in love with one of the most respected judges in California, and he's about to become her stepdad. Her new family will also include two new stepbrothers. One is younger and annoying, but the other is closer to her age and an arrogant, rude, sexy jerk. Cameron Hunter seems to get joy out of irritating her. Then again so do her best friends Katie & Sasha. Every year since her birthday falls on April Fool's Day, they take it as an opportunity to embarrass her. It's become their tradition to prank her. This year for her birthday they place an inappropriate classified personal ad for her. Just as she's about to shut down the fake profile a new message comes in from a guy that makes her laugh. He realizes it's a joke, and they begin messaging. They really click and have real chemistry.

She feels a spark, and really likes this guy. She thinks maybe it could lead somewhere so when he suggests they meet in person she agrees. When she arrives she's stunned to learn her mystery guy is none other than her hot stepbrother just having some fun at her expense. She decides to teach him a lesson and give him a taste of his own medicine. He's going to be sorry he messed with her because payback's a bitch, but as her plan evolves it becomes unclear who's actually being played as real feelings develop.

This was a hilarious stepbrother romance. It was so damn funny, but also has love, emotion, and real connections. I really enjoyed this book and love this series! I can't wait for the next one!

## **Nerdy Dirty & Flirty says**

This was such a fun read. Johnson delivers an engaging, laugh out loud, romantic comedy.

I thoroughly enjoyed the witty and, at times, ridiculous back and forth between Cameron and Darcy. They totally cracked me up. As I was reading, I just wanted to shake them both and tell them to just stop with the games and go for it! Their chemistry is palpable and when they finally caved to it, it was steamy! The build and anticipation was perfect.

This was an easy and fantastic read. No crazy drama, just the hilarious games they play with each other. I'm really glad that I've discovered Johnson. I like her writing and the stories that she creates. I'm eager to read what I've missed and look forward to what she gives us next.

☆☆4 Furry Stars!!!☆☆

Missy Johnson legit has me crying with every single book she writes. I'm either crying bc it's one of those ugly cry stories **OR** bc I'm laughing so hard I can't help it. This *Awkward Love* series is hysterical.

We meet Darcy in the previous story *Don't Go There* and she had me giggling whenever she popped up. So, I was glad to see she was getting a book. You don't need to read the previous books but if you're looking for great light funny reads then I'd suggest you read them.

Darcy just moved back in with her mom, soon to be stepdad & younger stepbrother Mac. Her stepdad got her an internship so for now it'll work.

Darcy's birthday just happens to be on April fools day and every year her two best friends pull out the pranks. Just when Darcy thought she'd had the ground rules set for them they top themselves.

Darcy wakes up to find out that her friends set up a personal ad for her on one of those websites for BDSM, furries and everything goes types of fetishes. And, her profile was an everything goes type. Omg I'd legit kill my friends I'm just saying lmao.

The texts, calls and emails Darcy received were interesting. But, there was one email that caught her eye. Darcy starts talking to James bc he's the only one who figured out her profile must've been a fake. They start talking and have a connection. Darcy even tells him about her obnoxious, arrogant, douche soon to be stepbrother Cameron. When James wants to meet she agrees. But, when she walks in Darcy's pissed. James is there but James isn't James.... James is actually Cameron... Her soon to be stepbrother and major pain in her butt.

Cameron has just moved back home bc of work. His dads getting ready to get remarried. Cameron is dealing with his own feelings and issues with his dad and him remarrying.

When Cam learns about Darcy's ad he knows it's gotta be a fake. But, he decides what the heck and messages her. Cam didn't expect to have a connection to Darcy that he has.

These two are a lot alike. They're both headstrong, love competition and insist on being the winner.

When Cam comes clean to Darcy that he's talking to her and not James, it doesn't end there. Cam and Darcy are both out to one up the other and OMG the things they did to each other and themselves just to beat the other was priceless. If I could get a guy that looks like Cam to dress the way Darcy did no joke I wouldn't be able to keep a straight face.

This is a must read!! Once I opened it there was no putting it down just like the previous ones in this series. I'm looking forward to more book in this series.
