**Skyler Tower** Khelsey Jackson  
She is terrified of relationships....

Evangeline Skyler has acquired everything she wanted in her life, she is a successful C.E.O. of Sky Tech. The only thing she doesn't have is a love life. When she meets a gorgeous dark hair man in a grey suit he starts to unravel her.

Angelo Giovanni is there to interview the beautiful but secreted Ms. Skyler. When he sees her he is stunned, her pictures don't do her justice. He will do anything to be the one she turns to.

Someone is stalking her...

But when someone is starts stalking her and sending her creepy messages she turns to her long time driver and friend Axel Roberts.

Who will be the one to steal her heart, and the one to break her trust?

## **From Reader Review Skyler Tower for online ebook**

### **Tracie Ridgeway says**

One powerful women in the business world. One reporter that wanted the story on her. But what happens when he meets her and she takes his breathe away. One dinner, one night together can that make her not hurt anymore and make him forget his past. Then there is her driver Axel or I would call him sex on legs. One kiss because she is confused but what that makes happen will change everything. Then throw in a stalker. Two men willing to die for one women which will she choose.

---

### **Sharon Obelenus Holland says**

Evangeline has it all...her own computer company, beauty and money, but after having her heart broken years ago by her sister and her boyfriend, she didnt have or want love. On her way into her building she runs into Angelo, a reporter. He wants to do a story on her but is extremely attracted to her and her him. But there is something about her head of security/bodyguard Axel. And to top it all off she has a stalker trying to kill her. Axel is trying to figure it out, but things from Angelo's past make him seem to be the person behind it.

This is so well written you wont be able to put it down. Another great story by Khelsey!!!!

---

### **Emily says**

Evangeline Skyler has a career as a CEO that only others dream about, but there is one thing about Evangeline that is not complete though, she is all alone. It isn't that Evangeline wants a relationship, she doesn't but when she meets Angelo Giovanni she is captivated.

Angelo believes there is something special about Evangeline, he sees the walls she has carefully erected to protect herself. Angelo has a plan though if she will give him a chance, but when a stalker targets Evangeline Angelo has to accept help from Axel who has his own interests in Evangeline.

Fantastic read. I liked that Evangeline was a powerful woman and yet when it comes to Angelo seems uncertain about what to do. I really liked Axel, hope there is a book about him in the future. Angelo is suave very interesting twist to his story. Entertaining read.

She is terrified of relationships....

Evangeline Skyler has acquired everything she wanted in her life, she is a successful C.E.O. of Sky Tech. The only thing she doesn't have is a love life....

Angelo Giovanni is there to interview the beautiful but secreted Ms. Skyler. When he sees her he is stunned,

her pictures don't do her justice. He will do anything to be the one she turns to.

When someone starts stalking her and sending her creepy messages she turns to her long time driver and friend Axel Roberts.

Who will be the one to steal her heart, and the one to break her trust?

Ok, first and foremost this is a good story, the twist of the woman being the rich CEO who has everything was a breath of fresh air. The one thing Evangeline didn't have is LOVE, then when it did come along she had a choice....one was her tall, dark and handsome and the other was her all American boy with blonde hair and blue eyes.....HELLO, what a choice to have!!

The book incorporates, suspense, romance, action and well written and so were the sex scenes so should appeal to most readers.

### **books are love says**

I am a little torn. Not because the book wasn't good because it was and there are still some hanging threads for the next book but because I loved both Angelo and Axel. These two are so great and perfect for Evangeline and both love her with all their souls that it was sad to see one not get her affections in the end.

The meeting of the mysterious Angelo had put Axel on edge. He was handsome and had a past. Right on the heels of a stalker this raised the hackles of Axel and he went digging. Evangeline didn't appreciate this because she was instantly attracted to Angelo even though she had feelings for Axel too. She wanted to find out about Angelo the way normal people who date do by asking. Axel didn't like this but didn't let her deter him. With the stalker threatening and him thinking ill of Angelo he did what any man in love would do, talk to the other man who loved her and warn him. This kind of set some things in motion for Angelo for this occurred after he spilled his past to Evangeline and when he saw the dossier on him he flipped. This set the stalker in motion too.

Evangeline realized she wanted Angelo but was to stubborn and she was also dealing with her feelings for Axel. Axel was her best friend and she didn't want to lose him. So her feelings all these years were set aside. Axel will most likely need to walk away to be happy and heal this saddens me. Anywhoo they are going off to Evangeline's sisters when the stalker gets the best of them. Evangeline is injured and Angelo shoots to her side realizing his mistakes and that he can't live without her.

This I think is a trigger for her stalker because one thing leads to another and confrontation occurs.

A hair raising story about love unrequited, being stalked and threatened, resolving past anger and finding love that is supportive and unconditional. A wonderful read that will keep you guessing as to what will happen. You will love Axel and Angelo and I do hope Axel finds someone who will love him the way he

deserves in the next book. He is too good for Evangeline honestly. Oh and Angelo's past will we get the answer to the mystery? And his brother will they ever get close again? I hope these questions are answered in time as well.

### **Twin Sisters Rockin' Book Reviews says**

Overall Rating: 4 Rockin' ★★★★

Evangeline is a self-motivated woman that knows what she wants and goes after it. Now at the age of thirty she had built her business Sky Tech into a very successful company and she is an extremely wealthy woman. She has everything she wants except love and she solves that problem with sex until she suddenly notices her driver and friend of five years is totally drool worthy. Then on her way to her office she is intercepted by a reporter from The Times and finds herself attracted to him.

Angelo knew that there was something different about Evangeline. The pictures that he had seen of her did not do her justice and the actual woman made him think about his future. He also knew that if he wanted to be a part of her life that he would need to let her have her freedom to be Evangeline. He really wanted a partnership and more with her and so much more. Angelo knew that someone had hurt her deeply and he wanted to take that hurt away. When he saw the way her driver/bodyguard was looking at her, he knew something was going on between them and he needed to stake his claim.

Evangeline's life is threatened once again and she finds that she needs both Angelo and Axel. Angelo made her feel safe and Axel had been with her through some of the hardest times of her life. They needed to get alone and be there when she needed them. Evangeline does not know that Angelo was hired by the paper to find out about her private life. She had given him her trust and if he betrayed her it would be hard to ever forgive him. Axel is concerned that Angelo is after something and he lets him know that he will be watching him.

Evangeline has never been on that cared for a love triangle but she finds that she is being drawn into one with Axel and Angelo. Will Axel protect Evangeline and catch her stalker? Can Angelo let go of his past and find his future with Evangeline or will she choose Axel?

Hero –Axel Roberts/Angelo Giovanni: 4 stars

Heroine –Evangeline Skyler: 4 stars

Steam: 4 stars

Plot: 4 stars

Cliffhanger: No

Would I recommend this book: Yes! This book is a mystery, love story with a convoluted triangle. You really don't know how it will end until the end.

Would I read other books by this author: Yes! Love the way this author tells her stories.

### **L.L. Hunter says**

Skyler tower is a thrilling and sexy new book from Khelsey Jackson, and boy is it steamy. If you love books like the Second Chance series by LP Dover then you will love Skyler Tower. The story is about Evangeline Skyler, the CEO of a computer firm. She'd been hurt before so closed herself up to the possibility of finding love, that is until she meets Angelo. Angelo is a sexy Italian reporter who was asked to interview Evangeline but soon they fall for each other. Angelo melts Evangeline's hard interior. But Angelo has demons of his own. Nail biting and steamy, I believe Skyler Tower has the potential to go far.

### **Nicola Mann says**

Disappointing and an unbelievable story. It doesn't take much for me to get into a story but this was one I didn't buy! evangeline was a character I disliked and I'm glad axel didn't end up with her cause he deserved better!

---

### **Emma Allsop - Perusing Princesses says**

2 Crowns

Book 1 in the Tower series.

Ok, so I read the blurb on this book and was immediately interested. The premise was a good one. Uniquely the CEO is a woman, there's a love triangle, suspense and mystery. I thought it was right up my street; sadly I was wrong.

I am not going to give you a detailed summary of this book. what I will say though is that this had the potential to be a really good read. unfortunately it just fell short on several fronts.

The characters were ok; Evangeline was everything you would expect from a CEO type of character, she unfortunately though wasn't overly likeable. Angelo the suitor was pretty hot, but a little smarmy in my opinion. I did however love Axel; hot, loyal and alpha - I would have just liked to have seen more of him.

The blurb hinted at a love triangle; that never really even started in my opinion. I found this a shame as that could have added width to a very narrow story. One of the main themes is the relationship between Evangeline and Angelo. For me, it was too instant, especially for a woman who proclaims to avoid relationships. Even when we find out the reason for this, it is sort of easily skirted over; again a shame. I also found her complete trust in Angelo strange. She doesn't want to know his background, even though she is

being stalked.

The main focus of the book is the stalker element. This is probably the best part of the book, however I quickly worked out who was doing the stalking and when it culminated it felt rushed.

I would at this point urge the author to look at numerous editing issues. They didn't distract from the story, but they were there all the same.

This wasn't an awful book by any means. It just didn't float my boat. We are lucky to have an array of brilliant and memorable books in this genre; unfortunately this for me wasn't one of them.

---

### **Dianne says**

No matter how much beauty, money, and power Evangeline has, she is missing the one thing she needs the most, love. After five years, her driver and bodyguard, Axel, suddenly is looking pretty hot and she finds herself drawn to him. Enter Angelo, dark, Italian reporter on a mission and the sparks she felt with Axel pale in comparison to the nuclear explosion Evangeline feels. Two dominant lovers, sharing control, but Angelo hides some dark secrets and its Axel's job, both professionally and personally to discover what it is. Is Axel doing this out of jealousy or duty?

When a stalker threatens Evangeline, and the timing coincides too closely with Angelo's appearance, Axel fears he is part of the plan to hurt Evangeline's once-shattered heart. Will this turn into a painful triangle or will the stalker eliminate the ice queen of industry?

**Skyler Tower** by Kelsey Jackson is built in the high dollar world of successful corporate power, where everyone knows they are attractive, they are powerful and they get what they want. Evangeline has been hurt in the past, so she has been driven to never need anyone else, ever. She revels in her power, but there is a side to her that is warm and caring. Angelo is the Italian Stallion, almost a little too slick, but he, too has a painful past. My favorite character, who I do wish we saw more of, was Axel, all American in looks, a former trained soldier, devoted and loyal to his boss, all while hiding his feelings for her, only to miss his chance.

Ms. Jackson has created an intense tale with a touch of danger and a dollop of mystery. She has no problem steaming up the plot with enough sexual tension to take the wrinkles out of a cotton shirt. If you want a quick read that doesn't dig too far below the surface of its characters, has lots of instant heat and beautiful people who dwell on the power that gives them, come on up to the top floor of Skyler Tower!

Series: Tower - Book 1

**Beckey says**

This was an ok interesting intriguing reads that was confusing at the same time. Full review will be on my blog on 6/28

---

**Teresa says**

Beautiful. Tragic. Sexy. Suspenseful. Love triangle. Skyler Tower is a powerful book. You are given such deeply painful situations that Skyler has to press on and do the best she can. The characters are strong willed, determined, and loyal. It's a truly amazing book. There are a few places that had me confused, but just keep reading, and its all explained in the end. Great book by a very talented writer!
