Sweet Murder Hexes

Zoe Arden

Sweet Murder Hexes Zoe Arden

Heavenly Haven has a new murderer in town... this time, it's vampires vs witches.

Page Count: around 330 pages

Ava Fortune isn't your average witch.
She works in a bakery.
She solves crimes.
And above all... she fights vampires.

When someone in Sweetland is murdered, it looks as though a vampire is to blame.
But there are good vampires and bad vampires; how can anyone tell the difference?

Detective Colt Hudson can't handle this case alone. Things are too personal this time.

His father was murdered by a vampire, and he's never gotten over it.

When a face from the past suddenly resurfaces, Ava is forced to keep secrets from Colt.
Secrets she'd rather not know...

Ava must find time to solve this new murder before things get even worse.
She thinks Colt knows something about this new murder.

Something he's not telling.

Ava is still mourning the loss of Melbourne Hammond, the one vampire she trusted.
But is he really gone?
And what does it mean if he's not?

By the time Ava figures out who she can trust, it may already be too late.
Cupcakes wait for no witch; neither does murder.

Page Count: around 330 pages

Carol says

Welcome back to the island of Heavenly Haven. Ava Fortune was born on this island. Her father, Eli took his daughter away from the island when she was a baby after the murder of her mother. Now they are both back living on the island and trouble seems to always find Ava as she is learning the spells and magic of being a witch.

Just when things are settling down in Ava's adventurous life, a murder occurs. A vampire is blamed. Ava starts her investigation. She will be re-acquainted with Melbourne Hammond and learn more about the dangerous evil vampire, Vlaski and his Cult of V.

Colt is in for a few surprises as he discovers more about what happened to his father.

Unique plot with creative, colorful, scary and interesting characters.

There is suspense, danger, mystery mixed with magic, humor and romance.

The bakery's three fur babies: Snowy the cat (Ava's familiar), Tootsie the cat (Trixie's familiar) and Rocky the wolfhound Eleanor's familiar) plus a fourth fur baby, Tadpole, a skunk that is Otis (the deputy) familiar add to the flavor of the story.

This book is part of the Sweetland Witch cozy series. It can be read as a stand alone.

Rosemary says

The prolog. This is where you get drawn in..to the deepest depths of ..vampires, witches and..... mystery! Ava and Colt have so many things going on in their lives. It's hard to keep track,. is the Vampire Melbourne really back? And who is this mysterious shadow that is following Ava? This is the book where Ava learns more about the vampire V..and what he's all about.I love how this storyline keeps getting more mysterious as the chapters go on, I guess that's what makes for a good book. I like how the relationship between Ava and Colt is developing but will it be strong enough to withstand the secrets that are coming out. ...and who can you really trust when there are 3 people telling you not to trust the other two!! I recommend this book for everyone and join the mystery.

Mari Hinton says

Sweet Murder Hex

Love this series!! This one leads off with Ava finding herself trying to find out the truth about vampires. Melbourne is still alive and needing help . Colt and Ava are dating. Ava thinks she is being followed by Melbourne but are there more vampires in town doing the killings.

Great book and I can't wait for the next one

Ruth King says

Another Sweetland Success!

Zoe's series about the citizens of Sweetland has a fun, interesting set of characters! Ava Fortune and her witchy family solve an attack on their beautiful town's people who are not ordinary citizens. Sweet Murder Hex continues their interesting saga. It is a must read! I can't wait until Book 5 comes out!

Bobbi says

Ava and Cole are really deep into solving crime in this story. There are so many crimes and villain's it is hard to not suspect everyone. This was a wonderful story, lots of action and romance for everyone. Peaceful is not a truthful description of the Island anymore. Twists and turns galore keep you guessing who is telling the truth and who is lying. You will enjoy this murder mystery, it is well fleshed out and a joy to read.

Julia Stephanie says

I felt that the story was more on point this time, but that the subplots were all brought to the forefront in the same fashion so it was a bit like having whiplash trying to go back and forth. I look forward to the next book, though!

As another reviewer mentioned, I will say it has been fun to learn things as the main character is learning them, as well.

Bev says

Ava and Colt are finally dating. Then Ava senses someone is following her around. One is Melbourne, who everyone thought was dead. One is someone she never knew...Colt's father! But he has turned into a vampire and is part of Vlaski's group who want to make every man, woman, and witch their slaves. She must tell Colt, but Colt was a young boy when his father left, and they were told he was dead. Things do not go well for Ava and Colt. Melbourne tells her one thing, Colt's father tells her something else. Who is she suppose to believe? Then things turn deadly for Ava and Colt, who can help them survive and rid the island of Vlaski?

Read the story to find out. I received ARC of this story. The review is done voluntarily and of my own opinions.

Andrea Stoeckel says

[I received a pre-released ARC from the author and voluntarily reviewed it]

"It's not nearly as easy to fool a vampire as it is a human or a witch. No offense."

Ava Rose is still recovering from her last "adventure". She has also wondered just how she was going to let Trixie know that things weren't exactly as they seemed. Or Colt, or anyone else in Sweetland. Would anyone even believe her? She wasn't even sure she believed what was happening!

Life was moving forward. A buyer had come forward to by The Alchemic Stone. The other town, Mistmore was being governed by the late mayor's wife, Aunt Eleanor's wedding was coming up, and Snowball, Tootsie and Rocky are playing tag all over the place, just like Ava feels like she's doing with the community... and she's IT and if those who want her catch her, she just might be dead.....

This latest addition to the bookshelf by Zoe Arden is a great read. Action packed, it could possibly be read as a stand alone but continues the story of Ava and her friends-and enemies around the island. Recommended

4 1/2 stars

Terri Arturi says

Excellent

Once again an excellent read. I love the characters but don't really understand the need for two opposing towns. More detail can be given about the characters. They still seem a little vague in the looks department. However, overall an excellent, fun, and enjoyable book. Would recommend starting at the beginning of the first book and not stopping until the end of the last one !!

Lin says

Heavenly Haven is about to blow to kingdom come. Mistmoor Point has lost its mayor and the deceased mayor's wife is standing in for him. Sweetland Cove's mayor is digging deep in the rules and stating that if Mistmoor Point doesn't get a new mayor; not the interim one, then Sweetland's mayor will rule over them as well. Mistmoor Point residents are up in arms, as they do not want this to happen. This means war!

Meanwhile, Ave Rose Fortune and her boyfriend Colt Hudson find out some very reeling information about

vampires and a club formed to rule the world. Can Colt face his past in order to save his future and that of Ava?

This new installment to the “Sweetland Witch” series is the best so far. The characters are even more developed and integrated into the communities; you feel like you live there too. Fast paced, quick, fun and delightful read!

Dora says

Sweet Murder Hex

Ava's Aunt Eleanor is preparing to wed Sheriff Knox. Her Aunt Trixie is in mourning for the vampire, Melbourne. Ava is preparing for her first date with Colt but is distracted because the Melbourne has started to appear to her asking that she search for a book in his house. It seems that the book follows the Code V and their plan to subject all humans, wizards, and witches to vampire rule. Things get very confusing because it is difficult for Ava to determine who the good vampires are.

I like these stories but still feel that Ava acts too young for her age. There were fewer errors in this book but still too many for my liking.

Anne says

Sweet Murder Hex is Zoe Arden's latest offering in her Sweetland Witch series of cozy mysteries. Damon has left town and Ava has settled in as Colt Hudson's girlfriend, well, she has her first date. All of a sudden, Melbourne, Trixie's (really) dead vampire boyfriend surprises Ava. He just wants her to retrieve a book from his house. Easy, right? He's not sure where it is exactly. From there, she discovers information about Colt's father, then his visiting mother, as well as Melbourne's earthly family. She's worried about Vlaski, a dangerous vampire, and his Cult of V who want to rid themselves of every man, woman, and child in the world, including witches. Things unfold, as they always do, Vlaski is thwarted, and Colt and Ava resume their relationship, as do Trixie and Melbourne. With the wedding of Eleanor and Sheriff Knox coming soon, there's plenty to do.

As always, Arden writes an engaging novel with lovable characters. Colt's personality needs to be rounded out a bit, but it's early yet. There are plenty of subplots in this novel to keep you interested while the primary plot unfolds. All in all, a decent read. I would recommend it.

Paulette C. Kent says

Fabulous story.

I have loved all of Zoe Arden's books , but this is my favorite so far. It was the hardest to figure out the true bad guys. Love the fact that everyone's life doesn't always go as smoothly as they d like , but things do work

out if you're patient and give it time. This is a wonderful fun series . Although, each book is a stand alone , you want to start with book one ,so you have the whole history. Another great book , Zoe . Can't wait for the next one.?

Judy says

You never know what is going to be happening in Sweetland or in Mistmoor. You can bet Ava will be right in the middle of it! It might be political, or it could be history coming to rear its ugly head, or some corrupt official. Whatever the happening, Ava and cohorts will be right there trying to help right the wrong. I wonder how you would handle some of the situations she finds herself in. Would you be asking the same questions she did? What if it was reversed? Would you want someone asking questions about your family? This series is never boring and I'm always ready for the next one.

Lois L Langham says

Another Great Sweetland book!

I love how the story goes back and shows Colt as a child. This one keeps you guessing and has twists you will not see coming. I continue to find myself pulling for the characters. The familiars keep me smiling. I can't wait to see what the next book brings. I highly recommend this book as well as the series if you have not read them.
