*Paige North*

**The Billionaire's Accidental Bride (Part One) Paige North  
Jaden Nash. Hot billionaire, cold businessman, and heartless womanizer. And oh, yeah, my new husband.**

I'm responsible. Practical. Definitely not the kind of girl who marries some guy in Vegas.

An annulment and we can forget it ever happened, right?

Wrong.

Because my new husband? Jaden Nash, the man who touched me like I'd never been touched, the man who kissed me until I was breathless, the man who warned me to stay away from him because he has no heart?

He's a ruthless billionaire businessman, dead set on taking over the only factory in my tiny hometown of Norfolk, Ohio. Pretty much everyone I care about is about to be out of work because of Jaden.

I've married a man who stands for everything I despise, a man whose malice knows no bounds. I hate him, even if my nerve endings thrum with electricity every time he's near.

But then Jaden makes me a deal.

Stay married for forty-eight hours. Let him kiss me and touch me until I all I want is more...

If I do, he'll consider keeping the factory open.

Against my better judgment, I say yes.

And by the end of the two days, it's not the factory I'm worried about. It's my heart...

## **From Reader Review The Billionaire's Accidental Bride (Part One) for online ebook**

### **Ms Donna says**

#### **Who is the Man?**

Jaden Nash is somethin', somethin'! Who would not want to be Everly right now? In Part 1 there was no actual sex, yet it was very sexy. I've read about other Alpha Billionaires saying "you're mine", but Jaden took it to a whole another level. I'm like What? I had to buy the whole series. So far the books are just novellas, so it should take me 3-5 days to read them and I'm excited. I'm not familiar with this storyteller but so I'm loving her imagination and her passion. Thank you Paige North for sharing.

---

### **Amy says**

Getting drunk is never the answer. But it sure can be fun at the time. Paying the devil his due the next morning sucks though. Paige North can weave a pretty picture that makes you smile as you read her words. I loved Everly's drunkish mouth and her fiesty spirt. Made this a fun read.

I received a free copy of this book via Booksprout and am voluntarily leaving a review.

### **Sonja Martin says**

#### **The series**

I really enjoyed this series it was heartwarming. The way they started and how they learned real trust. I also like a series with a ending I have a couple writers I was into the series and it stopped so you have unresolved stories and though I love ?their books I refuse to read their books ? that's not. Stand alone books so thank you for a wonderful series

---

### **Italian Princess says**

Everly is in Vegas with her girlfriends for a bachelorette party and Jaden is there to celebrate his latest acquisition for his company. Both have been drinking a bit too much when their paths cross, but that doesn't stop them. The next thing Everly knows is that she wakes up in a strange, albeit lavish hotel suite, next to a very handsome man and then it all starts to come back to her. She remembers the way he kissed her and how turned on she was; no one had ever kissed her like that before. She was so hot for Jaden, the way he looked, the way he smelled and then she sees 'IT'...the ring on her finger...and her head starts to spin. But it only goes downhill from there when she learns that Jaden's last name is Nash...what has she done!

I enjoyed the book; it was a quick an easy read that ended with a cliffhanger. I would definitely recommend it and I look forward to reading the next book in the series.

I received an ARC in exchange for an honest review.

### **Patricia R Galutz says**

#### **Good story and good characters but.....**

While I really liked the whole story , the total cost of the book (\$12 - would have been more except I have kindle unlimited) is more than I am willing to spend in the future. I like this author but the five parts should have been done all in one book for \$2.99. I have read many books from other authors with more chapters that are just as good and I don't have to wait for each installment to be released. You lose the flow of the storyline when you have to wait for each part. This seems to be a growing trend by a lot of authors just so they can make more money. Now when I see that a book is "part one" I will no longer buy them. I know there are a lot of other readers who feel the same way. Your greed just may be your down fall. It's a shame.

---

### **Debbie Caswell says**

Everly at a bachelorette party in Las Vegas when she learns that the steel plant in her hometown has just been bought by the heartless billionaire Jaden nash and now all of her family's jobs are on the line. When chance has her meeting Jaden in Las vegas she wants nothing to do with him but he offers her a deal she gives him 48 hours and he will reconsider closing down the steel works She agrees but now she will have to protect her heart Can't wait for the next instalment of this great storyline there is sure to be plenty more drama between these two

I received a free copy of this book via Booksprout and am voluntarily leaving a review.

---

### **Jenny Brightman Harris says**

I received this book with the understanding that I could leave a voluntary and honest review.

In this book we meet Jaden and Everly. While Everly is out in Vegas at a bachelorette party she and the girls begin telling their woes about the town's local plant. They talk about how it will be shut down and how the bride's soon to be husband plus others will be out of a job before long. Jaden sees Everly and knows that he wants her. The thing is can he get her to stay still long enough to convince her. Can these two find common ground or will the truth of who they are keep them apart.

This is an amazing beginning to this series. It has its ups and downs that I really want to tell you about. However I don't want to ruin it for any other readers. I will say this book will have you hooked from the first word to the very end. I would highly recommend it

---

### **Lisa Varn says**

I have read most of Paige North's books. I will have to say this one is really quite entertaining and puts a new spin on the whole "Accidental Marriage" theme. I am looking forward to the next book. I will say that I truly hope it is longer than this one. This was more like reading a few chapters as opposed to actually reading an entire book!!

---

### **Merry Jelks-Emmanuel says**

They're both in Vegas to celebrate for two different reasons. Jason is a womanizer who is in town to celebrate his latest acquisition. He sees Everly and knows that he has to have her. Everly is with friends and getting blasted! She leaves with a blond haired hottie only to wake up the next morning she wakes up married and to the bloke that now owns the company that's going to put so many people out of a job. This is the first part of the story and it starts with a bang!

I received a free copy of this book via Booksprout and am voluntarily leaving a review.

---

### **Cristina Avilez says**

#### **Good But Not Worth Continuing**

The book was doing good keeping me entertained, and while I definitely wanted to know what was next; when looking up the series I found each of the next "books" (sections) to cost \$3 and if the length of this book reflects the length of those... well its not worth continuing.

---

### **Chris Bennett says**

Loved it! It was funny, sexy and a little bit outrageous. Who doesn't love a little bit outrageous? Everly is in Vegas for her friend's bachelorette party. Jaden is there to celebrate his latest acquisition. Both of them are unsettled over the same situation, but for different reasons. There's instant attraction and off the page chemistry. This was part one of the story, believe me when I say I'm hanging out for more, much more. I highly recommend this book, trust me, you'll love as much as I did.

I received a free copy of this book via Booksprout and am voluntarily leaving a review.

---

### **Emma bramley says**

This is the first part in this series by this author. This is a very short read and can be read in one sitting. A good story which left me wanting more. I really liked the characters, they were really strong. I loved the story line which was fast moving and flowed really well. I can't wait to read more in this series and by this author in the future.

Highly recommended start to a series

I voluntarily reviewed an advance reader copy of this book

### **Brenda Moser says**

This is a well written book with strong characters in Everly and Jaden. She gives them a strong connection and hot chemistry and weaves a fun story that moves quickly and smoothly. I loved the characters and story line and would recommend this book.

I am volunteering to leave a review for an ARC of this book. All opinions in this review are my own and freely given.

---

### **Belinda Hayes says**

Everly is in Vegas with her girlfriends for a bachelorette party. While at a club she meets Jaden and has a drink with him. When one drink leads into another Everly awakens the next morning in a hotel room that's not hers. She also notices something on her finger and a man laying next to her, Jaden. She slowly starts to get flashbacks of the previous night and realizes what she has done. While Everly is freaking out, Jaden realizes this marriage is a good thing and he wants to stay married for now but can he convince Everly to agree. What will happen when Everly realizes who Jaden really is and how they already share a connection?

This was such a good but short read. Can't wait for more!
