The Escort is the right title for this short story because The Escort was psycho! Angel is a high priced escort who becomes obsess with one of the clients, Corbin. Corbin is married with children but he just needs to release that pent up man energy for a few days. The only problem is a few days wasn't enough for Angel. She didn't want to be his woman, just his booty call whenever and wherever she wanted him to be. When Angel crosses the line, things start to get even crazier. This was a very enjoyable short story and I can't wait to part 2 is released.

Army-mom says

The escort is nuts. The male is nuts for keeping it going and with no condoms. But it is a good story.

Christina says

Needed a better ending, really his wife didn't find out...

Another GREAT freebie.....Escorting with Angel is a HOT and STEAMY read.....Angel is a true character until she meets one client who she can't seem to get enough of.....Corbin..... Corbin has his issues but loved his wife and kids and that's when things start to get a little crazy when Angel couldn't have things her way.....This was a very enjoyable read and hopefully Ms. Pennington won't keep us waiting long for part two.....

This is a must read people not sure who needs more help Angel, Corbin or Miley. These some crazy stalkers. Isis is concerned about her money and nothing else so Angel needs to come correct. Miley on the other needs to go get her business correct and stop interfering in others business. Patiently awaiting part 2.

Author Carla Pennington has done it again. Her short story " The Escort' was steaming hot from beginning to end. It is the tale of Angel, a call girl who is enjoying the benefits of her job. Money, gifts, exotic trips...what more could she ask for? Things take a dangerous turn when she becomes attached to one of her dates.

" The Escort" had all the makings of a full length novel. In depth characters, a good storyline, action, and of course, steamy sex scenes. There were 'hell naw' moments, moments that made you laugh, and moments that kept you on the edge of the seat. There were a few errors. Fingers crossed for a part two. 4.5 stars.

Yvette says

Very entertaining, some parts not so believable but entertaining just the same. Ended letting us know that there will be a part 2. Looking forward to seeing what else this crazy woman is going to do!

Good read

I really enjoyed this book. I read grin beginning to end without putting it down...I'm anxious to begin the

next book.

Mary says

Angel has taken escorting to a completely different level when she falls in love with the sex of her client Corbin. She becomes deeply attached and will stop at nothing to get the sex that she wants from him. Corbin just doesn't know what he has gotten himself into by having sex with Angel. He will soon learn that the price is greater than he is willing to pay and it does not always include monetary value.

I truly enjoyed reading this short story. It was hot, funny, and crazy all rolled into one. There were some grammar issues within the book; however, they did not take away from the story. Readers will truly benefit from a part 2 to this book. There were questions left unanswered and holes that need to be filled in that only a sequel will be able to do. I am hoping that the author takes this into consideration and not leave the readers hanging.

Kim says

Whew this book was on fire. Erotica with a little bit of crazy thrown in there. Angel was certifiable, but her and Corbin's romps were something for the record books. Talk about raunchy get right down to business straight up five alarm sex scenes that's what they had over and over again. This one ended a bit in limbo so I am curious to see if there will be more to this story....well done!

Yekaterina says

Angel is quite the opposite of her given name. She's good at what she does, maybe too good, and she's not afraid to take advantage of that. Her story is steamy and totally nuts. Props to Carla Pennington for writing suspenseful erotica.
