Theirs to Protect

Renee Rose

Theirs to Protect Renee Rose

Two dominant cops, a tightly wound lawyer and a pair of handcuffs...

Sloane didn't mean to start anything when she bought two hot cops coffee at Starbucks, but her flirtation sparks the officers' interest. They intend to show her how much fun surrender can be. When a stalker invades her home, she finds they're also ready to protect.

Publisher's Note: This completely stand-alone short story in the *Theirs* series originally appeared in the award-winning charity anthology *Because Beards*.

GypsyBelle says

Well it was a hot read, it just didn't have enough for me. I wanted a story , I wanted to know why she is stalked, and how long and how did he get in and etc... Not enough story line for me. Sex, yes and it was hot. But story , no

** I purchased/own a copy of this book**

Jennifer Holzapfel says

NSFW 18+ MFM. Public defender, Sloane, pays for coffee for two hot looking cops. Keith and John immediately hit on her and she rebuffs them. They meet up again the same night at a judge's retirement party. They will not take no for an answer, knowing she needs domination. Can two cops and a public defender make a relationship?

"Because Beards" anthology

Raine says

Loved it!!!

I love Renee Rose books. She knows just how to write alpha males, great women with interesting plot lines. I'm especially loving this one because there are TWO males, both of whom are cops, who become devoted to Sloane. It was a short story, but still a worthwhile read. I borrowed this book via Amazon's Kindle Unlimited, but I also realize that this story was part of the Because Beards anthology o love that I bought to help an org that supports men's charities. Yay! So I can re-read this story to my hearts content.

Teresa Christianson says

Great book. Sloane wasn't looking for anything but when she meet the two cops at Starbucks and then again at a party and they both tell her they are interested in sharing her she is intrigued and takes them home figuring it would be a one night stand. The next morning she tells them that she can't see them again. A stalker brings her to call them. They tell her they will stay until the stalker is caught. Keith has not really has feelings for anyone since his wife died but now he is feeling things he hasn't felt since his wife. John is having the same feelings and not sure what they are going to do about it. Then Keith tells him that he wants them both to share Sloane like they had the night before. Will they catch Sloane's stalker quickly? Will

Sloane want to have them both again and will she want a real relationship with them both together?

MrsJoseph says

Theirs to Protect was not a good read for me.

The author...nipped right past things that would give this story depth. Instead it relied on tropes to get its point across. It's also rather light on the plot and IDK where that ending came from but huh?

But it was quick.

Paul Franco says

A lawyer flirts with a couple of cops while getting coffee. She runs into them again later and things get sexy, followed by things getting serious.

Plenty of humor, which is the most welcome thing here. The plot peters out quickly, but then it is a short story, just long enough for meet cute—twice—two sex scenes, and some angst.

Samm Lynn says

I really liked this short story. I was nice to see a different dynamic for our two doms. Usually, we get two guys that have known each other forever and share everything. In this case, we get John the younger partner, who is doing his best to help his older partner recover from his loss. Sloane has had difficulties maintaining a relationship. Throw these three together and watch the sparks fly. My only regrets are that the book is very short and there is not epilogue to let you know how everything turned out. But it is an entertaining story and I enjoyed it.

Shannon says

It's been a long couple of days and this was just what I needed- a hot little fantasy and a bit of escapism. I mean if we're being honest, who hasn't dreamed of two hot cops???

*Also own as part of the Because Beards anthology.

3.75 Hot Cop Stars!

Dirty, Sexy, Hot,

Sloane's random act of kindness turns into a whirlwind affair with two very sexy Officers! Starbucks here I come... ;)

A great quickie read, just the distraction I Needed...with a HFN...I highly recommend!

Jennifer says

Doms? not really bossy, yummy alphas...yes! Two cops one older and one younger hook-up with an up tight lawyer. Great, smutty novella with handcuffs that was over too quick with a just okay ending.

And could the people who do the cover actually read the book or maybe the author approve of it first. One of the cops has a beard and the other a goatee.

Sue Me says

This was my first Renee Rose book. I will read a few more and hope that she gives me more of a story. This one was too sketchy and far too short on plot, tension, and resolution. The sex was hot, but I like a good story, too. Catching the 'stalker' that quickly was just too easy. Public Defender, Sloane Waters felt like she was being followed for several days. After catching the 'adoring stalker', the story should have had a real bad dude to catch. After all, Sloane had two hunky police officers to protect her.

The story starts out with Sloane buying the two officers coffee. They try to pick her up in the parking lot, but she isn't interested, even if they are too hot to be real. That same night they are all in attendance at the retirement party for Judge Tell. They finally get her to agree to have them over and see what develops. Really? She invites two virtual strangers back to her house knowing that they want to both have sex with her, and she has no qualms. More story line definitely needed to make this scenario even plausible since she is over 18 yrs old.

We get a too fast ending to this story. Suggestion: Renee, This story has real possibilities, at some point, please rewrite it and give it the depth and length it needs. As another person mentioned, an epilogue would also be a good idea. NET: GOOD SEXY STORY with HEA, needs to be at least twice as long. I was not aware that this was part of an anthology.

Dar says

Not awful, but very cheesy

~ Cariad ~ says

Another great spanking read from RR.
