### **Nicole Baher says**

This book is great for children! It is reminiscent of all of the songs we are so familiar with from our childhoods, but with a new spin. The poems are all to be read in the tune of these songs but employ a theme based on parents. something that all children can relate to. I specifically liked the one about the child watching his dad exercise. All in all a very fun book! Poetry, 2009.

Clever coupling of poetry to popular tunes.

This book has many songs and chants that contain rhyming schemes, and other forms of poetry. This book would be great for shared reading between children because some of the poems/songs have roles.

My kids love this! Super cute songs to easy, familiar tunes.

I didn't like it much. I really like Alan Katz, but as I tried to read/sing these songs, the cadence was off. I know it can't always be perfect, but it was just not working for me.

I was hoping for something a little cuter and more for the younger. A few too many topics out of reach for my SD--and the "rebellious" nature of a couple aren't quite what she's ready for in making sense of her different situation. Maybe when she's older.

The guilt! Nothing makes you feel you're a horrible parent like a song parody to the tune of "My Bonnie Lies Over the Ocean" called "My Mother Just Rushes Through Bedtime"

*(My mother just zips right through bedtime.*

*With books, she turns pages by twos.*

*While she races out to watch prime time,*

*I lie in the dark so confused.)*

Like a knife in the heart!!!!

There's another called "They're Always on the Cell" to the tune of "The Farmer in the Dell" which stings a bit as well. I guess other parents do this stuff too or there wouldn't be a book about it. But still. I don't appreciate it.

It is a *small* consolation that the illustrations are hideous.
