## Cursive Handwriting Practice Workbook for Kids Julie Harper

Cursive Handwriting Practice Workbook for Kids is designed to inspire kids' interest in learning and practicing to write cursive letters, words, phrases, and sentences by hand. Kids enjoy reading phrases like "obstacle course" and sentences like, "Draw with sidewalk chalk." Writing exercises like these help to make it fun to learn language arts, whether in the classroom or at home.

This workbook focuses on developing cursive handwriting skills in five parts:

- \* Part 1 offers practice with cursive letters and words. Students trace and copy the words.
- \* Part 2 features cursive letter blends. Students trace and copy the words.
- \* Part 3 involves copying sentences; there is no tracing at this stage.
- \* Part 4 challenges students to rewrite print sentences with cursive handwriting. This provides a good test of cursive handwriting skills. An answer key is included.
- \* Part 5 provides creative writing prompts. These combine writing exercises with cursive handwriting practice.

May your students or children improve their cursive handwriting skills and enjoy reading and writing these phrases and sentences.

With less and less import but on cursive writing, I have been looking for tools to help me with teaching this (in my opinion ) important skill.

I gave this book to my daughter and she seems to really enjoy it; she has taken to writing and reading about this subject on her own as well. Pretty happy mom right here.
