Deceived 6 - Ultimate Deception Eve Carter

I am aware of nothing. There is black then white, then cold. I try to open my eyes. A wave of confusion washes over me. Is it morning? Where am I? And why can't I remember anything?

When Chloe Collins wakes up from an induced coma she has no recollection of what happened and how she ended up in a hospital. Because of her weakened state of health, she is unable to fly back to New York and must stay in Miami until her baby is born. Having an aversion to hospitals, she's relieved when Nina Hastings opens up her mansion for Chloe to recover. Little does she know that she's just walked into the lion's den.

Will Chloe discover Nina's secret before it's too late?

Beth Patrick mccord says

Another great book. I'm glad I bought this book. I could not wait to see how everything played out. Patrick is a great man who does anything for his wife. Chloe is a wonderful mother and wife. Short book but it reads fast. Could not put it down once I started. No cliffhangers but leaves you with a few questions.

Loved

I would love more Chloe and Patrick.. they never fail at bringing plenty of love and drama to a story.. please write more of them, ooooh and something about Liam and Ryan and elyse and Ricky.. lol ;)

Kourtney Reece says

It's really hard for me to start a series and not finish it. I honestly didn't know there were two more books for this series, but I saw them and I knew I had to see how Chloe and Patrick's story ended. I wish I could say I enjoyed it, but I was just "meh". I didn't hate it, but I didn't enjoy it.

Everything was pretty predictable. I knew what was going to happen before the story ended. I am glad that everything worked out and all the characters got their HEA. So yea...that's all I have to say about that.

Lisa Barker says

Eve Carter....I was captured with the start of this series and you did not disappoint with Deceived 6..... Chloe & Patrick share so much passion & love for each other!!!

Looking forward to many more reads from you in the future

Veronica LaRoche says

With Chloe and Baby still in the hospital after her accident, Patrick will not leave her side. When Chloe waits up from being in an induced coma, she remembers nothing. Not wanting to stay in the hospital, Nina offers her place and hopefully can trigger memories. Patrick has his suspicion about Nina and when Nina comes onto him he now knows something is up. When finally the truth comes out, they finally get on with their lives? Patrick and Chloe have been through so much they deserve to finally be happy

I could not start this book fast enough after I finished #5. I had to know what happened to Chloe! Yet again I was not let down. I love all the angst Patrick and Chloe went through and how they seemed to stay grounded within one another. This was the perfect tie up to all of the other books. Well written and thought out.

Heart Pounding

WOW. as usual Eve Carter has delivered another outstanding book! I love Patrick's and Chloe's story, the love, the passion, the commitment that is only viable in soulmates and Eve gives us this in every Deceive book that has been written. I can't wait for the next book, to see where they're journey takes us next

Louise Rogers-Thomas says

What a lovely conclusion to the series, Patrick & Chloe are so good together.
Patrick is a loving, caring husband that protects his family and Chloe is a fantastic wife and mother.

Lets hope their troubles are behind them. I certainly wouldn't be disappointed if Eve wrote more books about these two or their friends, especially Ryan & Liam.

Mary Fazzi says

Chloe and Patrick still going strong. Chloe has no memory of the fall or anything. She was on bed rest till the baby came. Patrick thought something was wrong but couldn't put his finger on it until finding pictures. The drama unfolded but together with friend everything work out well. Love this series

Ultimate Deception picks up where New Beginnings left off. By the end of this installment of the series, I can only hope there is another book for the series. Patrick and Chloe's journey has been very adventurous and filled with many obstacles. Yet these two have continued to overcome those obstacles in search of their happy ending. Now the couple is faced with the treacherous actions of Nina. Will Chloe and Patrick survive Nina's actions? Or will they fall victim yet again to the schemes of someone out to destroy them? I highly recommend this series to others. It's a story I believe many will enjoy.

Deceived 6 Ultimate Deception

5 stars. I absolutely loved this book and was so very happy with the ending. I loved Chloe and Patrick from the beginning of this series and have been team Chloe & Patrick. They are a beautiful and loving couple. Absolutely recommend this book series, buy it you won't be disappointed.

Melissa says

"Ultimate Deception" had so much potential to be a home run for the end of a series. There were so many twists and turns throughout this short installment. I was disappointed with the end. The end was rushed and left with a pretty large string hanging. There was no justice served. I always enjoy a happy ending and it was great to read all the characters you loved in the series wrap up in a joyful scenario.

Michelle says

this book was ok the story was better than the last book but there r still thinks that i wanted 2 know like what happened 2 nina did they get her its annoyin not knowin these thinks

but i did luv like the endin it was good an i will alway like the characters they r great luv chloe an patrick god hes hot but the couple have been through so much they had a rough start glad the way it ended xxx

Keri says

I couldn't imagine having memory loss like Chloe did. It was heartbreaking at first, but Patrick came through as the man we all know he is, and Chloe is one lucky woman. Being a mom myself, I couldn't even imagine the idea of what Patrick and Chloe did with a brand new baby. The love was definitely there between them and it showed as the journey continued.

Kristal Taylor says

Wow freaking amazing, wonderful, exciting, and so much love. I didn't think this series would ever end. But I have to admit this last book was what I was looking a HEA. Not another cliffhanger. I loved Chloe and Patrick, bringing plenty of love and drama to the story. Those two being in love with each other was like breathing. They craved it. Patrick and Chloe journey was adventurous and too many obstacles. They overcame all of their obstacles and i got my HEA. Nina was treacherous; I was speechless. I couldn't believe she set this whole thing up because of her sister, which is still in prison. Nina's disappearing was the worst. Patrick and Chloe manage to get to the end hopefully it will last. Chloe didn't loose the baby and own their way to having another. And oh my gosh Ryan and Liam what a beautiful wedding. All the characters became one big happy family, Ryan, Liam, Elyse, and Ricky. It was definitely an awesome book.
