## Desperate to the Max Jasmine Haynes

Thirty-something, down-on-her-luck accountant Max Starr has the unfortunate gift of being psychic, a newly-discovered wrinkle in her already messed-up life. Her husband, Cameron, is dead, killed in a botched 7-11 robbery two years ago. In her grief, Max has cut herself off from friends, moved out of her San Francisco home in favor of a studio apartment, and dumped her flourishing career as a CPA to do temp work.

Now Max has developed an annoying penchant for attracting the spirits of murdered women. Okay, they possess her. And to exorcize them, Max must unmask their killers. But how?! By stepping into the void their deaths created, taking their jobs, befriending the loved ones they left behind. Max goes wherever she has to go and does whatever she has to do.

In Max's latest adventure: By day, poor pitiful Bethany Spring runs a courier service for housebound people; by night, she becomes the seductive Helen on the other end of the phone line and men will pay anything to talk to her. When Bethany is murdered, the brutal slaying plunges Max into the woman's kinky after-midnight world. Barely surviving this crash course in Phone Sex 101, Max turns once again to her late husband Cameron and hunky Detective Witt Long to help her crack the case.

Needing Witt for his detecting skills is one thing, but meeting his mother is scarier than facing down a cold-blooded killer. What commitment is the irresistible detective going to extract from her next? Max almost prefers being possessed by a spirit.

### **Dicey Grenor says**

This was a darn good book. Totally engrossing from page one to the very end. With everything from the previous books in this series tying in so nicely, I'm convinced Jasmine Haynes is a genius. I can't wait to read what happens next in Power to the Max.

Love this series, the characters, the mystery, and all the twists and turns.

I don't write many reviews; most books aren't worth the effort and I'm pretty lazy. However, I'm convinced that Haynes wrote these books specifically for me. And I just happen to be nice enough to share.

Needless to say, this series has quickly risen in the ranks of My Top 5 Favorite Series EVER and I'd write a million reviews to get the word out to anyone who's a fan either of erotic romance, paranormal, or mystery-suspense. And I just happen to be a fan of all 3 genres - so imagine how happy I was to discover a series that combined all of that with healthy dash of humor and a few pinches of heart-wrenching, tear-jerking sorrow. It's the recipe for a perfect series, I tell ya.

In this third book, the heated chemistry between Witt and Max is absolutely blazing. And I was completely taken by surprise at the introduction of Witt's mother, Ladybird Long. I honestly didn't think I would like her character, but her kooky blue hair and no-nonsense ways have charmed me - almost as much as her super hot blond detective son has. :)

#### **Fantastic book series**

It is getting really thrilling, plots are amazing. Very well written with great details. Somehow I really feel sorry for Max, that she is struggling so much to open up her feelings for Witt. She really is cruel and treats him like dirt.....But I believe pain is a part for her to feel more. I guess she had a very terrible past. The cases she has are brilliant and with the help of Witt she finds the murders to let the spirits rest in peace. But she started to get confronted more and more with Bud Trynor, he is evil incarnate and will try anything to get Max on her knees for his dirty games. Looking forward to the next one!!

Probably my favorite books out of the ones I have read so far.

Finally the "relationship" with Detective witt and max has some progress confusing progress but at least its something

The author does an amazing job at making bud a villain. Reading his name alone makes my skin crawl.

Am I the only person who finds it highly frustrating that everything is in Max perspective. I think some scenes would be better if they were done in Detective Witts perspective.

I loved this series. The sex with the ghost husband was a bit hard to swallow (no pun intended) at first but becomes so much a part of the heroines flawed character. Loved Loved Loved it. More please!
