Samantha says

The classic tale of Goldilocks is retold by Susanna Davidson. The story starts by introducing us to Goldilocks and telling us that she's a very naughty girl. The illustrations show us that she plays practical jokes on her family daily and gets in trouble with her mother a lot, but she doesn't listen. It then goes into the fairytale which is told in a simple, straight forward way which is perfect for children in the Early Years to follow and join in with. Davidson incorporates what Goldilocks says into speech bubbles, which is a great way to introduce characters speech. It then goes on to incorporate speech marks when the three bears are talking therefore 'next steps' for children are already incorporated in the book.

Ayse Akdogan says

Goldilocks goes for a walk and finds herself in the house of the three bears. She eats their food, sits on their chairs, and sleeps in their beds. Will the three bears catch Goldilocks?

This story of Goldilocks teaches young children about different sizes, different tastes, and feelings. It also helps pupils with EAL needs to build on the vocabulary of size, feelings, and tastes.

Sophie says

I loved reading this book to grandma and mom and dad. Later, I would pretend to be Goldilocks at Tim Hortons.
