Kiss Me Jillian Dodd

This is an alternate cover edition for ASIN B00AEEFKZ2.

I've always written scripts for my perfect life.
But no way could I have ever scripted this.
My life is so far from perfect, it's not even funny.
All because of a stalker.

I'm at a boarding school where I have to lie about who I am.
I can't see my family.
I'm tutoring a Hottie God that tortures me with his smile.
The most popular girl already hates me.
But there's this boy.
This hot, sweet, sexy boy.
So I'm going to stop trying to script my life and just live it.
Because who knows how long I have left.

THIS REVIEW WAS POSTED ON MY BLOG AT ANGIE'S DREAMY READS

5 SWOON WORTHY DAWSON STARS

I'm not sure what it is about this series but I just absolutely **ADORE** it. I think it's the mix between Gossip girls meets The Hills (*which was a catty show on MTV with high school girls*) that makes me love it. It's seriously like watching an entire season but better; if that make sense!! Keatyn is just one of those girls you want to be. She has the "it" factor! Her personality is to die for and she makes you smile, laugh and feel all her boy drama. I really lived vicariously through her in this book. **I. WAS. KEATYN!!** I really want to be her!! She freaking rocks!

MY KEATYN

When we last left Keatie (*sigh...yeah that's Dawson's nickname for her **has dreamy look in my eyes***) she had just made the dance team, had a kiss from Aiden at the ferris wheel and was trying to make some new friends. Her life has pretty much been turned upside down but she's trying to make the best of it. That's just her...she always makes the best of a bad situation. She's resilient even when she thinks she can't deal with situations. She's in love with 'The God of all Hotties' aka Aiden and is trying to figure him out. Aiden has an issue with being hot and cold to her constantly. They have a couple awkward and weird situations but their kisses are blissful, romantic and soft leaving Keatie (yeah I LOVE that nickname) feeling like her soul has met it's mate!

"It's a slow, soft, amazing kiss. The kind of kiss that makes me feel like he's kissing my soul." - Keatyn talking about Aiden

MY AIDEN

They just have this pull to each other that Keatyn cannot figure out. He's definitely delicious but he's extremely hard for her to read and understand. She goes to a party one night and gets kissed by another boy (*Keatie loves to kiss boys*) and this kiss is so bad she dubs it the worst kiss **EVER**. That kiss is given to her by Dawson (*swoon..swoon..swoon*) !! Now let me tell you...Ohmigawd he is absolutely, completely, fantabulously, **A.M.A.Z.I.N.G!**

"You make me feel like a superhero, Keatie."

"A superhero?" "How?"

"In bed. I feel like I could fly, kick the Hulk's ass, bust Superman's chops, all before lunch." - Dawson ((*swooooooon*))

MY DAWSON

"I know we're suppose to be taking it slow. I know you don't want to be in a relationship until we're sure, but I wanted to give you this." He runs kisses across my face and when he gets to my lips, he murmurs, "It's the key to my heart." - Dawson ((sigh...he makes me melt))

I don't know if you ever knew a "boy" in high school was **THAT** boy. The one that was so gorgeous and so sweet and just **EVERYTHING** a girl could ever dream of. That is Dawson!! Dawson is still hung up on his b*tch of an ex girlfriend Whitney (not my favorite person) when that kiss happens. He was drunk and having a bad night. Keatyn and Dawson's friendship is formed when she see's him at the cave -the hangout- and they bond over their relationship drama. Keatyn and Dawson have a lot in common and their relationship really starts to form. The problem is that when Keatyn left home she left the boys she loved behind (Cush and B) who she still has feelings for. She also feels completely compelled and pulled to Aiden and is super attracted to Dawson. Not only does she have all that going on but she's in a new school with new friends and is all alone!! AND on top of all that is still dealing with the stalker drama. Keatyn has to find her way in this book! She has to become independent and learn that love is work. Who is worth Keatyn's time? and most importantly who is worth Keatyn's love?

Overall I loved this book and series. I find Jillian's writing addictive, witty and absolutely fun. She has such a knack for writing these delicious boys who leave you grinning and swooning like a senior in high school. Reading her books are like falling in love for the first time. It gives you a sense of complete and utter enjoyment. I mean what's better than getting lost in a world of fashion, girl drama and hot boys! I think these books tantalize and sizzle leaving you with the desire to be young again and experience the world in fun ways. To love with all your heart even if it means crashing and burning. Keatyn to me symbolize **LIFE**...She lives it with everything that she has. She loves hard, plays hard and parties hard and I. ABSOLUTELY. LOVE. HER! I would HIGHLY recommend this series. It's the perfect escape from your everyday life. There is nothing better!

KEATYN AND DAWSON

[image error]

Jillian Dodd says

Vote for Aiden from The Keatyn Chronicles? in the YA Crush tournament! If he wins the tournament, I'll be releasing a very long sneak peek for LOVE ME!!! (Please share with your friends!)
<http://ya-sisterhood.blogspot.com/201...>

HILLZ says

BOYS BOYS BOYS

Keatyn is living the teenage dream. She is rich, beautiful and surrounded by tons of gorgeous boys. I mean buff, gorgeous, dreamy, god-like boys!! Her life is perfect, right? Oh wait, except that she has a stalker and can't ever see her family again.

I love this series! It is adorable. Easy great read. Love the inner monologue that goes on in her head.

Beverly says

5 I vote for Keatyn Stars

Kiss Me picks up where *Stalk me* leaves off. Keatyn is attending boarding school in New York to avoid her stalker. In this installment of The Keatyn Chronicles we meet her new friends, and even get a little peek at some of her old ones.

I will start with my favorite of Keatyn's friends...

Yes, I am 100% Team Aiden

We meet Keatyn's current flame Dawson...I like to refer to him as horndog, but in his defense he is a teenage boy.

Then we have a slew of other mouthwatering friends: Riley, Dallas, Jake, Brad, Logan...this list goes on. Basically, its safe to say that Keatyn is a very lucky girl! This first book goes into the struggles Keatyn faces being the new girl in school, living on her own, and for once not being Abby Johnston's daughter. Keatyn matures a lot in this book and begins to realize the error in some of her ways.

Another safe bet...I am 100% hooked on this series about high schoolers. I am not sure how it happened, but I find myself thinking about Keatyn and the gang while I am supposed to be working, cleaning house, etc. Embarrassing to admit but its true...**this series is addicting!**

I highly recommend this series to just about anyone, the books are quick reads, humorous, and even a little sexy.

I actually listened to the audiobook of this one and absolutely loved it, the narrator does a great job!

Kala says

Also posted on my blog at:

Kala's Book Blog

I wasn't planning to read this because the first book made me so mad, but I decided what the hell and gave it a shot. I didn't hate the first book because of the writing and I still liked That Boy (though I wasn't a fan of the sequel). I was hoping and praying this one would redeem Stalk Me for me. And it kind of did and kind of didn't? It's hard to explain.

If Keatyn had started off at boarding school and I hadn't spent 300+ pages in Stalk Me getting to know a bunch of other characters, only to have them ripped away and have her tossed in with a bunch of new ones, I would have liked this book a LOT better. Probably not more than 3-stars better, but still better.

Unfortunately, that's not what happened. What happened is that I read Stalk Me. I got attached to the characters Keatyn spent the first 300+ pages of the book with, especially Cush. If you read my Stalk Me review, you'll see how much I liked Cush. Cush was THE ONLY male love interest that jumped off the pages and just made you fall for him. He was lively and real and SO perfect for Keatyn's personality. Brooklyn came across as a dick for the entire book, and even more so in Kiss Me. Sander was alright, but hello, GAY. The other boys Keatyn made out with were all introduced in the last few pages of Stalk Me and I was so pissed off at that point that I just hated them all instantly. After reading Kiss Me, I still pretty much hate them all (except Dawson).

The way Cush was handled in Kiss Me infuriates me even more. First of all, we get this near the beginning:

And I know I told Cush that I loved him at my party. But he bought me boots! The. Perfect. Boots. And I maybe got a little caught up in the moment.

This right here showcases all of the big issues with Keatyn in a few short sentences. She constantly is telling boys she loves them, or internally saying she loves them. She told a boy she loved him because he BOUGHT HER SOMETHING. Never mind that the boy has been in love with her for years, treated her like a freaking goddess, has similar interests to her, and loves her for who she is (unlike Brooklyn who only loves her when she acts the way he wants her to act).

But whatever. That was pretty bad. But the worst is yet to come. About 5-6 times Keatyn internally mentions that she misses Cush, but she then instantly forgets about him when she starts making out with one of the three boys she kisses during Kiss Me. Then at around 70%, the bombshell that is the reason why this book is getting 2 stars instead of 3.

SPOILERS!!

(view spoiler)

Seriously?

I don't even know what to say. It's depressing that Dodd would take THE best character and have it turn out like this.

UGH!!!!!!!

Anyways. This book mostly focuses on a love triangle between Keatyn and Aiden and Dawson. Keatyn makes out with both a bunch. She thinks she's in love with Aiden, but he acts like a weirdo douchebag most of the time so she starts dating Dawson (who is the only other decent character in this entire series). I can't help it. I don't hate Dawson. He's not as fun and interesting as Cush, but he's not unbearable. I just can't help but be so emo about Cush that I can't really get in to the Dawson/Keatyn relationship that much. It appears, from reading other reviews, that I'm the only one, but I can't help what I feel.

I don't know if I'll continue the series. I probably will, because I have this weird complex about finishing series (it took me slogging through five terrible awful books to finally give up on the Celestra series). I'm really disappointed in how this is going though. :(

4 STARS out of 5

Genre: YA-Mature Contemporary Romance

Book 2 in The Keatyn Chronicles

FAN-FREAKING-TAB-U-LOUS! I LOVED IT!

I am totally addicted to this series!

If you enjoy YA then you need to read this series. I finished hours ago and I still cannot get these characters out of my brain they are embedded there!

Boy's Boy's Boy's Boy's

Boy's I do adore.....*sighs*

Kiss me. Date me. Love me. Hate me. STALK ME. Yes this says it all.

This book picks up exactly where book 1 left off. Keatyn decides that she can no longer script her life. Instead due to extreme circumstances Keatyn has assumed a new identity. And is now living clear across the country attending boarding school for kids of the wealthy. Faced with limited contact to her family and zero contact with her friends, life as she knows it has changed.

In less than a week Keatyn has the hottest guys at school wanting her...and the most popular girl hating her. Mind you, this is the very first week of the school year... *And things are just getting started!*

Caution: Reading this book will make you wanna

-Smack a BITCH *coughs* Whitney **clears throat**

-Find a cave and claim it as a chill spot

-Make out with a hot guy just for the heck of it

-Smack a BITCH again

-Order a pair of sexy high heeled boots

-Rock your hair in a bun and dress as a librarian

- Learn to speak french
- Surprise your boyfriend or hubby by getting *naughty* in public
- Make your own special blend of spiked Kool-Aid
- *SLOW DANCE* **wiggles eyebrows**
- And last but not least SMACK A BITCH one more time

Fave Lines said and unsaid

'Oh boy. I know what this means. Queen Bees never say anything mean in front of anyone. They're like politicians. Plausible deniability. If no one heard it, it didn't happen.' ~Keatyn referring to Whitney

"You know about the Kool-Aid?"

"Everyone knows about the Kool-Aid." ~Keatyn and Aiden

"Oh, Whitney, honey, we really need to work on your designers. These boots aren't Slutty, they're Gucci." ~Keatyn

"What do you have on?" He runs his hands slowly across my body like he's blind and I'm braille.

~Dawson

"Too bad I'm not a vampire. I'd bite you. Make you mine." ~Aiden

Thoughts

Dear Readers,

I loved this book waaay better than the first book!

And book 1 was **G O O D**!

Book 2 offers tons of fun new characters. The writing style and storylines remain solid and the characters are even more appetizing; which I thoroughly enjoyed! The only teensy weensy problem I had was the grammatical errors. Ummmm there was a little more than a few so I definitely noticed them. However I inhaled this book regardless, I was literally SUCKED IN from page 1.

My Ratings

Characters- Lovable

Writing Style- Fun, Witty, and Savory

Plot/Storyline- Unputdownable, and fast paced with a touch of Suspense

Steam Factor- High/Very Steamy

Overall- I LOVED IT! READ IT!!

Warning: This book has mature content and is best suited for readers 16 and older.

Now go forth and read. Then come tell us all about it on Goodreads!

Jennifer Kyle says

Keatyn & Dawson

Okay I want a redo of my high school experience with Keatyn Monroe as my bff/roommate at this private school. Oh the fun we would have the designer clothes we would wear and oh the boys we would kiss!

If you enjoyed the first book of this series *Stalk Me* then you will enjoy *Kiss Me*. It's flirty, fun and a bit steamy. The story has progressed along with Keatyn and I can only guess at what the last book of this series will hold. My only complaint was the abrupt ending, I wanted to read more...but See Jillian Dodd's Date Me Sneak Peak it's the next four chapters!!!

my link text

Keatyn has settled into her new life made some girlfriends, joined some clubs at school and is surrounded by boys. There's The God of all Hotties- Aiden, Dawson, Dallas, Reilly and Jake. Picking the perfect guy can be difficult when all are as equally interested in you.

I have switched teams to **Team Dawson** - Yep I'm drinking the Kool-Aid!

I'm hoping Keatyn gets that necklace off of his neck and wears it in the next book!

Erin says

Kiss Me was just as good as the first book in the series, *Stalk Me*. My only complaint is how the books just end. I hate having to wait!!

Keatyn seems to have kept up her ways of jumping from boy to boy, at least in the beginning of the book. I am not a fan of this, but suppose it is the way of some teenagers. I am definitely Team Aiden and was shocked about the whole Dawson thing. Though he is a sweetheart and seems to genuinely like Keatyn. I still have a soft spot for Aiden and hope she ends up with him. His feelings for Keatyn seem to run quite deep. I hope she wakes up soon! I am liking Dallas though too. His little confession to her towards the end of the book shocked me and made me fall a little in love with him.

This was a great continuation of the series and as highly addictive as the first book. I hope we don't have to wait too long for *Date Me*!! If you are a Jillian Dodd fan, then get this book. If you haven't read any of her books yet then get reading!!

Susanne says

Updated review on April 11 after my first reread. Ohmigawd, this book is still beyond adorable!

All I have to say is: boarding school is no day at the beach. It is way more exciting.

My cheeks hurt from grinning so much! There is no way you can get how awesome this book is! And the cover, it really doesn't make this book justice. Keatyn is WAY prettier. And the book is WAY better.

It is so funny, adorable and full of swoony guys. You won't know who to cheer for. Jillian Dodd has an amazing gift. She captures the teen feeling, without making them immature. This book is not about the plot, but the way she tells it. She creates characters you get to know and love. I want to go to boarding school. And

I want Keatyn as my new best friend.

Stories about boys who will steal your heart. It couldn't be more true! I am suffering hot boys overdose! And I also want to kiss all the cute boys. But I'm definitely team Dawson. Best friend love is the best love!

"Tall, dark and dreamy. And he's super sweet. And he doesn't drive me nuts like the god.

But then there is Aiden. The God of all Hotties who bring Keatyn four-leave clovers whenever she need them.

And then there is Dallas, Riley, Jake and Bryce. I want to hang with them too! And this book is **H.O.T.** It's fairly innocent but the chemistry is burning hot. Sometimes less is more *naughty grin*

And it is funny!

WFT!? Did I seriously just think that? My heart mated with his? Oh, baby Jesus, it is time for me to get out of here.

*"That's exactly what I am wondering? Is real love easy or hard?"
"You make me hard." He grins and raises his eyebrows at me.*

I've highlighted so many parts! I laughed and aaaaawwwwed and had a big grin on my face. This is beyond fantastic!

The Keatyn Chronicles are similar to a television series. The books do not stand alone and this book begins the same night as book one ends. There is no recap of the story.

What are you waiting for? You should be off to read book 1 NOW!

Ashley says

I was given an ARC in exchange for an honest review on Ashley's Book Nook.

***"If only boys came with warning labels. Like, yours would be: Do not kiss when drunk. Riley's would be: I'm going to sleep with you and your best friend, too."* – Keatyn**

Okay, let me just start off by saying that if the boys at boarding school are **all** as hot, sweet, athletic, charming, adorable, funny and whatever other adjective I can think of, as they are in *Kiss Me*...I wish I would have known about that sooner. I probably would have begged my parents to send me away! Seriously. My bags would have already been packed and loaded in the Jeep. I would have been strapped in my seatbelt with bells and whistles on yelling, "Let's gooooooo! Hurry uuuuuuup!" So to sum that up: Keatyn's boarding school sounds like a feasting ground. And this girl's hungry.

Kiss Me starts off on the same night *Stalk Me* ends; Keatyn got a weak-in-the-knees kiss from Aiden on top of the Ferris wheel, she learned she made the dance team at her new boarding school, and starts to think that

maybe this new life won't be so bad after all. This second book in *The Keatyn Chronicles* takes you through the beginning of Keatyn's journey in boarding school and follows her through new friendships, new relationships, and as if you couldn't tell by title...lots...**and lots** of kissing.

For those of you who read my review of *Stalk Me*, you know I was 100 percent, all lady parts aboard the Team Cush train...and if you didn't read my review, well, you should have. But now you know. I just loved Cush and I honestly didn't think there would be any way Jillian would be able to sway me to another guy, no matter how many fine pieces of meat were roaming around Keatyn's boarding school. Welp...Jillian Dodd, I underestimated your abilities to make an *even swoonier* (yeah, swoonier. I made it up, deal with it) character than Cush. So, in the words of Joey Tribbiani: "Hey Dawson. How you doin'???"

I don't want to give away any spoilers so I don't want to say who she ends up with, but I will say this; I'm not a big fan of Aiden because he kind of acts like a girl, and I want Keatyn and Dawson to be together, get married and have lots of babies. Well, don't hold me to that; who knows what kind of hotness creation will be in the next book to make me change my mind...again.

Here are a few other things that made *Kiss Me* pretty freaking great:

- 1) "Keatie"
- 2) Greek mythology references (I geek out hard when it comes to mythology)
- 3) H.O.M.E.C.O.M.I.N.G.?
- 4) The naughty librarian

Kiss Me was a good sequel to *Stalk Me*, and I can't wait to read the rest of this series. The main reason I didn't give *Kiss Me* 5 stars is because it lacked the suspense factor. We get little bits of information on her stalker, but he plays a pretty minor role in this book. I loved that there seems to be ends tying up with Brooklyn and Cush, and I must say, I was pretty dang surprised by both of those story lines. All-in-all, *Kiss Me* is another great read by the lovely Jillian Dodd. Is it too early to ask about *Date Me*???

Georgia says

* *Stalk Me* Spoilers*

While I wasn't completely blown away by *Stalk Me*, I was very excited for the release of *Kiss Me*! I was not disappointed. *Kiss Me* was everything and more. Dodd delivered a story full of the perfect amount of romance, boys and mystery. I've already fallen in love with Dodd's *That Boy* series and am so glad I was able to enjoy *Kiss Me*.

Keatyn has left her beach lifestyle, friends and family for boarding school... unfortunately, not by choice. She was forced to leave after she was almost kidnapped by her mum's stalker, Vincent. None of Keatyn's old friends know about her whereabouts and probably never will. So what's the only good side of leaving everything behind? She gets to start fresh. She has a new lifestyle at an elite boarding school, new friends and most importantly new boys! But when keeping the secrets of her former life starts to get harder and harder, how will Keatyn cope? And when there are plenty of boys fighting over her and she doesn't know what to do, will it all become too much? Most importantly, which boy will Keatyn choose!?

I absolutely loved *Kiss Me*! I thought it was great. Jillian Dodd sure knows how to write hot, swoon-worthy boys! That's write plural, boys. Keatyn sure has a rather large line up of boys to choose from! No shortage

for her! Share some, hey?

I liked Keatyn a lot more in *Kiss Me*. She was somehow more mature and I liked that about her. She wasn't acting like a child and she wasn't worried about small, silly things. She had experienced a lot of difficult things for a girl her age and she was handling it surprisingly well.

One thing Jillian Dodd is very good at, is writing love triangles. In *Kiss Me* there are too many boys to count! But it works because Keatyn is working through them one at a time (god that sounds awful). The main boy in *Kiss Me* was Dawson. Sweet, sexy Dawson! I liked Dawson, I honestly did, but I'm still blinded by my love for Cush and Aiden. Sorry, Dawson, but you just don't do it for me. I thought Dawson was actually really sweet and nice and sexy, but he wasn't right for Keatyn. Even Keatyn wasn't completely sure, and Dawson was aware of that. So, yeah, overall, Dawson was good, just not good enough!

The next important boy in *Kiss Me* was Aiden. I'm sorry every other boy in the world in *Kiss Me*, but Aiden is perfect. I am *so* team Aiden. Sure, he is temperamental but that is Keatyn's fault! Keatyn was kind of leading him on, then she was all over other boys (that makes her sound like a slut but she's really not). It was so clear how Aiden feels about Keatyn but she kept turning him down. In *Kiss Me*, she was purely focused on Dawson. It made me so sad, because it's obvious how much Aiden and Keatyn both liked each other. I want Aiden to win Keatyn's heart.

In *Stalk Me*, I was definitely team Brooklyn. Then, along came Cush and I was team Cush. Then both Brooklyn and Cush were assholes and I was confused. Then I was team Cush again and I totally hated Brooklyn. I would just like to put it out there that Brooklyn is indeed the biggest asshole. The scum of the earth. Dick head. Poo bum. Whatever you want to call him! I did not like Brooklyn at all and he was definitely not right for Keatyn. I understood that they both still wanted to be friends after their... issues, and that was ok. But when Brooklyn got Keatyn all excited in *Kiss Me*, when he says he wants to meet up, and then did the stupidest thing in the world of stupidest things, I hated him so much. Honestly. Brooklyn, I hope you die a horrible death, you are awful.

Thankfully, after all the dramatics and heartache in this book, there were no real scary Vincent scenes. Thank gosh! I don't think my heart would have enjoyed that (I might've died). There is one scene, though, that had my heart racing and I was on the edge of my seat! It wasn't that I was *scared*, it was the anticipation as to what was about to happen. It's definitely safe to say that I do not miss Vincent one bit.

There was one thing I missed in this book, though, and it was the regular appearances of Keatyn's family. I loved her cute little sisters and her cool mum and stepdad. It reminded me a little bit of my family, except for the little sisters. Keatyn's mum, Abby, and stepdad, Tommy, still featured in the book occasionally, which was nice. Also the little sisters featured once and it was so cute! I also really loved Garrett. He should be counted as a part of the family because he really is awesome.

There were only a few things I didn't like about *Kiss Me*, but they don't matter that much because the good definitely out did the bad! I didn't like the fact that there were so many characters, especially boys. It was sometimes rather confusing, but I guess I got over it after a while. The plot was quite jumpy. In fact, it was a bit of a strange plot. There wasn't really any basic plot, but I can understand where the books are going, so its lack of actual plot was overlooked. Two other things that really annoyed me: the fact that Keatyn was spoilt rotten and how indecisive Keatyn was! In a fit of rage, Keatyn threw her iPad, and straight away Garrett just tells her he's sending a new one. Like... she just threw her goddamn IPAD and he didn't care. I guess money makes people do silly things. Indecisive Keatyn really pissed me off. I mean, I understand things are hard, but just pick a freaking boy for god's sake!! Keatyn was really confused and her confusion

confused me (see? How confusing was that!?)

Anyway, I thought *Kiss Me* was a lot better than *Stalk Me* and I absolutely cannot wait for the rest of the series to be released.

Christy says

Another fabulous re-read! I can't get enough of this series! On to the next x

Kiss Me starts off exactly where *Stalk Me* left off... Oh I love these books! I just adore Keatyn! She is the funnest person... And of course I love all of Keatyn's many boys, you seriously need an index to keep up with them!

Mr Gorgeous- My Dawson!

And God of all Hotties- My Aiden

There was some tension going on between Dawson and Aiden...

I started out Team Aiden 100%, then I was Team Dawson for just a minute.... Now- I am conflicted. I think I am still Team Aiden... It's just so hard to decide! Although I have a HUGE soft spot for Riley and Dallas- just not for Keatyn! And In the first book I was Team Cush... but there was B who Keats just adored- well, not anymore! Brooklyn- you really sucked in this book! I am seriously glad the next book will be out in a few months! I cannot wait to see what happens next!!!

Some of my favorite lines:

“You should come with a warning label. Do not kiss when drunk. It was horrible.”

“Who picked out the uniforms this year? For God’s sake you look like glitter whores.”

They have two moods, hungry and horny. So if you see a boy without an erection, you should go make him a sandwich.

“Damn, Keatie, you look like some kind of S&M schoolgirl fantasy.”

“You know, Boots, you’re acting very weird.” “I am very weird.” He laughs. “True.”

I am officially done with boys. Forever. I’ll become a nun or a lesbian or get a sex change or something. Maybe I’ll sew my vagina shut. I laugh at my stupidity then cry myself to sleep.

The first book in this series was fantastic, this one was even better! If you haven't read these books, get to it!

Laci says

Another exceptional book in this series. These books are witty and fun and I can't wait for "Date Me"

Tough Critic Book Reviews says

I hated this book until I loved it...

Okay, I never *hated* this book, but me and the first half had a very dysfunctional relationship. It wasn't giving me what I needed, what I wanted. It wasn't until I finished, that I felt the need to return to the beginning of the book and beg forgiveness. This is where I say it's not *you* it's me, right? Well, it is...it *was* me. It had nothing to do with the writing or the story, it was one hundred percent all me.

The first half was *hard* because there was no *Cush-ion*. No *Cush-ion* at all. My stubborn need to have *Cush* kept me from investing or connecting with anything that was going on. This is where I bow down and erect statues to Jillian Dodd.

She made me care.

Not only did she make me care she drafted me to another team, and I went...willingly. TEAM DAWSON FTW! (I'm also Team: She Better Not Eff Things Up With Dawson for Aiden!)

Jillian somehow managed to meet my stubborn resistance by pulling me into a story that is filled with beautifully chaotic, teenage drama. It's a story that's fun and fresh, sexy and steamy. It's dangerously addictive.

I have to admit that I'm ready to see a little more growth from Keats. She tends to frustrate me to the limit by the way she acts with boys in addition to all the conversational "likes". I know the "likes" is a trait and a solid way for character development, but it really gets under my skin. However, I have to remind myself that her growth is a process and it doesn't happen overnight. She *is* trying to change and I just have to be patient. But hey...when have I ever possessed a virtue? ;-)

I have the utmost respect for Jillian's ability not only to tell a story, but to suck you in. It's almost like you become her characters and begin to want what they want, change when they change. As terrified as I am to see what happens next I can't wait for *Date Me*. I. Can't. Wait.

READ ON!

Muse-ic ? says

Someone *please* tell me why this book got such good ratings???????

Allow me to summarize this book for you:

Kissing, sex, popularity, and money, sprinkled with a dash of emotions.

Yup...and this whole books takes place in the course of a few weeks.

Within the first few days, Keatyn has decided that she's **in love**. But then she decides he (Aiden aka the God of All Hotties) is a jerk **because he won't have sex with her!** WTF?

Dude that's NOT the only aspect of a relationship!! Grow up!!

The only thing that made me happy was when Keatyn looked back on her old life and decided how stupid her decisions were.

Keatyn in the last book (see my ranty review):

Virginity is *so* uncool. OMG gotta have sex. Oh he's (Brooklyn) a good candidate and I'm in love with him. Oh no he cheated on me. Don't want to sleep with him. Oh look! Cush says he's in love with me! I love him too! He can take my virginity away. Great idea. Yay no longer a virgin. Fight with Cush. Brooklyn babe, come here! Falling out with Brooklyn. Oh look! Cush bought me a pair of BOOTS! He must love me! I love him because he bought me a present! Yay! Oh no...almost got kidnapped by a psycho stalker. Gotta move away to an expensive and preppy boarding school with tons of hot guys. Now I'm sad. Oh wait! That guy over there! The God of All Hotties! The end.

I kid you not. Granted, I may have skipped over the unimportant stuff but this is basically it.

But the good thing is that in this book, Keatyn looks back and is like *wow that was really dumb of me!*.....YA THINK????

But that wasn't until *after* Cush admitted that his MOM actually bought Keatyn those boots and he's now dating a girl in Oregon.....what else sucks? Keatyn refuses to learn from her mistakes. She's thinking how stupid she was in the **past** without looking at the same exact mistakes she's making in the **present**.

When Vincent showed up at Brooklyn's surf tournament, nothing happened. I was looking for an exciting climax.....nope.

And Brooklyn? Invites Keatyn to his tournament so she can watch him and they can have sex as friends. But then she decides she hates him when he hooks up with some beach bimbo.

You know what Keatyn?? He's not your boyfriend anymore!! He can do whatever the hell he wants!!!!!!!!!

Let's talk about Dawson. He and Keatyn aren't dating. He wants her to be his girlfriend. But she doesn't want to "put a label" on their relationship, because she thinks she's in love with Aiden. But she's like, "okay we can have sex, but no title, okay?" They also have sex only a week after meeting each other. ****sigh****

Aiden is jealous so he acts like a jerk. Why does this player suddenly decide he's so in love? What's so special about Keatyn? She's rich? She wears really expensive clothes (that she **ALWAYS** describes as like "cute" and "sexy")? What is it?

Also I refuse to believe that no one recognized her. She is the daughter of a very famous movie star. There is **NO WAY** she's stayed out of the paparazzi's eye for 17 years! And she supposedly looks just like her mom.....

Now she's in this boarding school in New York because she's hiding out from Vincent the Psycho Stalker. One day, she's browsing on the internet and just buys a really expensive apartment. For safety. Like a back

up hide out. Okay.

Then she invites Dawson up there.....for a straight up nothing-but-sex weekend.

Gee.....doesn't that defeat the purpose of "Safe house than no one but you knows about"???

Keatyn never thinks ahead!

Also if she's fluent in French, why is she taking such a low level French class? She is in a French class with Aiden, who can barely say "Je m'appelle..."

That doesn't even make any sense!

Most of this book was the same few scenes played in an endless loop.

Why does Keatyn keep changing her mind about Vanessa (Queen Bee from the last school)? She either talks about how she was her closest friend or her worst enemy! Pick one!

Whitney is the most clichéd character ever, the generic **one-size-fits-all** of b****y popular girls.

Anticlimactic ending. Keatyn needs to stop taking advantage of Dawson! Poor Dawson. He's a nice guy! I feel bad he got stuck with Keatyn.

I could go on forever so I'm just gonna stop now.

I seriously hope the next book has more substance and emotions. I'm curious because I don't know where this is going. There could be a different boy-toy in the next book....who knows?
