It's a pretty weak book compared to the other Little Blue Truck books. However, my nieces absolutely love it, so there's that.

### **Beckie says**

Another Little Blue Truck classic. This one you get to beep along with him in this sing-song rhyming story. Both kids enjoyed it very much.

### **Lynne Marie says**

This is a fun sing and beep-along book with interactive horn for little ones, which goes to the tune of "If You're Happy and You Know It."

### **Jordan says**

A pleasant-enough little story, though in my experience, blue trucks do slightly more than "beep." I hope my two-year-old nephew does not comment on this reductive portrayal of truck culture.
