Lost In You Sandy Lo

Cooper Jackson is a young woman who flies by the seat of her pants. She has a commitment-free life; always picking up and leaving whenever she feels like it. She doesn't let anyone get too close, but a wedding in sunny Florida changes everything.

Cooper meets Sound Wave, a famous "boy band"; the crooners are practically fighting for the young girl's attention, but she is holding out for only one of them: Ryan Latham.

Cooper could not deny the sexual energy between her and the band's resident "bad boy" , JT Madden. After a trip to the emergency room with Ryan, she is stuck in Florida with an injured ankle. Feeling like Cinderella after a night out with Prince Charming, Cooper is glad she has an excuse to stay in town. Momentarily forgetting to keep her heart locked up, she finds herself pursuing Ryan, only to find out he's engaged. With no hesitation, she agrees to go on a date with JT, leaving Ryan jealous and confused. He couldn't help but be intrigued by this stranger, despite his pending nuptials.

With the help of JT and Sound Wave's inner circle of friends, Cooper finds herself letting go, and actually loving life. Soon she realizes JT is getting serious about her, but not before she and Ryan come to their own realization: they can't stop thinking about each other.

Rana Joiner says

Great love story.....lots of back and forth drama....but worth it in the end :)

Dini Annav says

I don't know, Cooper is not the idea of heroine I can favor, but the storyline was good. Too many heads tho, with switching povs even from the supporting characters, made me feel like watching soap opera

bookaddict22 says

What a beautiful story. What I really liked about this was the writing style. It had an easy flow where the character's point of view was intermixed in the pages rather than being separated. It was different and yet it worked for me.

Luz Greer says

OMG I loved it. is there more to this story??

I want more. do they have kids, how many???? lol sorry, I like it so much I just want more.

Jo Notary says

Cooper Jackson is a twenty-five year old woman, who shuts down in relationships. Burdened by her mother's failed love life and her untimely death, Cooper won't allow her heart to get broken, or stolen, either. A chance meeting with a famous singer, Ryan Latham could change Cooper forever. She finds herself wanting to give her heart to Ryan...one problem: he's engaged. To divert her attention, Cooper throws herself into a relationship with Ryan's best friend, JT, a man just as unstable as she is. Lost In You is a coming of age love story for a slightly older generation; it's about finding yourself, overcoming your past, and building a future.

Very cute plot, but the writing was a little amateurish. I also thought there were way too many POVs and the transition from one person to the next was a bit confusing. I rooted for the one Cooper didn't pick, but overall cute story.

Sandy Lo is not to be overlooked, she certainly has earned her spot in the limelight. Lost in You is a perfect guilty read from cover to cover, you won't want to put it down. Her writing envelopes you and her characters are polished enough to feel real beyond the pages. No restraints here, this new writer is one to look out for. A delicious indulgence, this book will certainly keep you coming back for more. You'll fall in love over and over again with her leading men and find yourself wondering what you would do in Cooper Jackson's broken shoes. Every woman will find a bit of herself in Cooper even if they won't want to admit it.

I LOVED this BOOK!! It was AMAZING!! If you've EVER dreamt of being with a boyband member (HAHA...who hasn't?!) then this book is for YOU!! COMPLETELY well written and the love stories have some pretty AMAZING twists & turns!! LOVED this book and can't wait to read more from Sandy Lo! :)

Sarah Fitz says

I enjoyed this book. A little wordy at times and tried to tie in too many characters and their stories. But none the less it was a cute story. Looking forward to reading her other 2 books.
