This is by far the most interesting volume in this manga series. There is an all-out battle going on in the hidden leaf village. The fascinating battle between hokages. A terrifying technique to bring out dead people back. And finally we see the monster inside Gaara. It had everything.

Travis says

Konaha is still under attack and things are not looking good for the village. The battle between Orochimaru and Third Hokage intensifies as the Third Hokage has to make a choice one he should have made a few years back. The match is so intense and one I still remember to this day from the show because he really goes to show you how great of a leader Lord Third is. Naruto, Sakura, and Shikamaru are still on Sauske and Garaa's trail but run into some roadblocks along the way. No one is safe yet.

Waldmar1000 says

The chunin gathering was a trick! It seems the sand village was teaming up with other villages to ambush to leaf! Naruto and friends rush to after Gaara: the main weapon in the sand village's plan. Meanwhile, the 3rd Hokage must fight a match of his own: with Orochimaru.

I know I already said this before but.....IT'S MASTERFUL! THE DRAWINGS ARE AS AMAZING AS MAGNA CAN BE! THE STORY IS GREAT, AND IT EVERYTHING. IT HAS COMEDY, ROMANCE, ACTION, SADNESS, EPICNESS, AND EVEN A LITTLE BIT OF DRAMA. THIS BOOK SERIES IS INCREDIBLE, AND I WOULD RECOMDMEND IT TO ANYBODY
AT!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

THANK YOU SO MUCH MASAHI

KISHIMOTO!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

Naruto vol. 14 Summary: Naruto is a ninja-in-training with a mysterious force sealed inside him and an incorrigible knack for mischief. His antics amuse his teammates, intense Sasuke and witty Sakura, but Naruto is serious about becoming the greatest ninja in the village of Konohagakure!

HOKAGE VS. HOKAGE

Their village is under attack, and Naruto, Sakura and Shikamaru can't stay behind to defend it. They have a top priority mission to track down Sasuke and the Sand genin. But with nine bloodthirsty ninja on their heels,

the hunters have quickly become the hunted! Back at the village, the Third Hokage is still trapped in Orochimaru's impenetrable barrier. Pushed to the breaking point, the Hokage must decide how far he will go to save what is precious to him!

MY OPINION

The village is in danger, and as Sasuke trails Gaara's team, Naruto, Sakura and Shikamaru are trailing him. But it quickly becomes clear that the three rookies are also being followed by nine enemy ninja, prompting Shikamaru to break off from the group and stay behind as a distraction while the others continue on. Led by Kakashi's ninja hound, Pakkun, Sakura and Naruto hurry after Sasuke. Meanwhile, the Hokage faces off with Orochimaru, who reanimates the First and Second Hokages to face the Third. Soon, it becomes apparent that Orochimaru left the village after he wasn't chosen as the Third Hokage's successor. The reason he wasn't chosen was because there was a darkness in Orochimaru that many could not see, or pretended not to. It was revealed that he had been trying to perfect a jutsu that would allow him to continue living for eternity. That is why he wants Sasuke, so he can shape the boy and one day take possession of Sasuke's body. Sasuke soon catches up to Gaara's group and is prepared to face Kankuro while Temari escapes with Gaara, but Shino appears first and insists that he fight Kankuro while Sasuke goes after Gaara. Sasuke does, and as Shino and Kankuro face off, Sasuke soon catches up to Gaara once more, only to witness the strange and bloodthirsty sand genin transform into a monster. Is this the mysterious Shukaku that Gaara told Shikamaru and Naruto about? And what will be the fate of the Third Hokage as he unleashes a powerful jutsu that could be the death of both him and Orochimaru?

Quote: "The villagers believe in me, and I believe in all of them... that is what being Hokage means!"

Bradley says

The big chase, filled with resolution, sacrifice, and creepy Gaara, while back at home, the third is fighting for his life and putting it all on the line.

Solid volume, even if it doesn't have any truly fantastic revelations in it. It's all about the build up and the action, now.

Brenna says

Unlike many serials, the ever-hyped *Naruto* franchise is deserving of its popularity due to the storyline's ability to consistently thrill, with cliffhangers which find resolution in a logical manner.

That is to say, the conflict is intense - yet the various dénouements never feel forced, and the reader never cheated.

In this tankobon (released in America during a time of rapid-fire *Naruto* publications, timed in order to catch up with and pace the original Japanese storyline), there is plenty of action... but also some critical back history on the story's then-primary antagonist, Orochimaru. The physical strength of the aged Third Hokage (who had retired, but stepped up to his duties once again after the Nine-Tailed Fox spirit - yes, the one infamously sealed inside the titular character - killed the Fourth Hokage) is tested... and the character, who

had until now been a lampoonery of the classic Japanese leader stereotype-of-old, becomes as rich as many others found in modern-day fiction.

Suffice to say, this is not a stand-alone volume to be read by a newcomer to the Naruto story, nor does it serve as an adequate "jumping off" point. However, taken in its proper context, the story (though arguably slow-moving) is enhanced, and the characterizations are given adequate focus.

Nicole says

All H-E-'double hockey sticks' is breaking out in this volume as the finals match between Gaara and Sasuke is interrupted with the invasion of Orochimaru and his allies. So, the Hokage is in danger, all shinobi are in battle mode, and some of the young ninja are given their first real-world battle experience. Hakashi (cool as ever) protects Sakura and then sends her, Naruto, and Hikamaru on a mission to retrieve Sasuke (who ran after a fleeing Gaara) so they can bring Sasuke to safety...

Samantha wickedshizuku Tolleson says

We're starting off this volume with Chapter 118: Orochimaru's Summonings.

The Chunin Exams have been interrupted, and the ambitiously evil Orochimaru has brought the former two Hokages back to life with a forbidden jutsu. From there on it's a battle between the best ninja the Fire Country has ever had.

Elsewhere Naruto, Sakura, Shikamaru, and Pakkun are tracking down Sasuke and Sabaku no Gaara. Shikamaru offers himself up when they are tailed on their mission. Freeing up the other three to track the disturbed Jinchuriki.

While Shikamaru starts to lose chakra, Asuma is finally showcase in a little skirmish. So join in on this exciting manga.

Don't miss out on this epic volume.

Cheers and Happy Reading!

La morte dietro l'angolo

L'invasione apertasi nel volume precedente continua a seguire dinamiche sue, senza che si capisca troppo bene il motivo né come mai le difese complessive di Konoha siano più ritardatarie dell'intervento della politica italiana; in compenso il maestro e l'alunno, Il Quarto e Orochimaru, costruiscono uno scontro che vale l'intera vicenda, forse addirittura l'intero primo atto dell'opera.

Applausi anche all'abnegazione della bassa manovalanza, qui incarnata dallo svogliato Shikamaru Nara e il silenzioso Shino Aburame.

Soul says

I must say it is and it will forever be(fingers crossed) my favorite Manga novel read.

the way Masashi Kishimoto described the characters is just awesome, you get to see them growing up, becoming responsible... powerful...

and it is not just characters,

The plot itself is so much bigger... u simply can't get enough of it. and add to that,

u get more than just entertainment, you learn...

what is

responsibility,

respect,

kindness,

friendship...

so it is not just a manga it is a way of living... The sprite of never giving up!!!

NARUTO!!!

kim song ng says

Least favourite volume so far. But of course, the pages are packed with action as always

Taruia says

Whilst the epic Hokage v Hokage battle is raging (with no clear winner as yet emerging). Naruto and his band of merry men (and Sakura and a doggie ... yeah OK one merry man) try to get to Susuke who is running after Gaara. we are starting to drift a little now, I hope it is only temporary.

Radwa says

The fights are awesome, though I prefer them in the anime, like the Hokages fight.

JoPaul says

Naruto is the only only manga I am currently reading, not because I don't like the other stories but because I am hooked with this ninja world that I thought it is a crime to navigate away from this manga series when it is not yet finished. I actually re-read again all of the chapters and volumes just to remind me of the jutsus (techniques), names and thrilling actions and learning.

This volume is one of the best that Sir Kishimoto has written. The battle between a sensei (teacher) and his student is an extraordinary occurrence. Although the Third Hokage died at the end of the battle, he still won. Why? Because he didn't fight for his own good nor of fame and supremacy but out of his love for his village men, for the community of Konoha (Hidden Village of Leaf). I do not imagine things away from what Sir Masashi creates because his masterpiece alone feeds my fantasies. I thank him for designing such great manga series, for it entertained me and at the same time make me learn a lot of good things such as friendship, courage and sacrifice.
