Netter's Anatomy Coloring Book Updated Edition John T Hansen

Learn and master anatomy with ease, while having fun, through the unique approach of Netter's Anatomy Coloring Book, 2nd Edition. You can trace arteries, veins, and nerves through their courses and bifurcations...**reinforce your understanding** of muscle origins and insertions from multiple views and dissection layers...and develop a better understanding of the integration of individual organs in the workings of each body system throughout the human form. Whether you are taking an anatomy course or just curious about how the body works, let the art of Netter guide you!

Key Features

Netter's Anatomy Coloring Book is a perfect companion to the *Atlas of Human Anatomy* by Frank H. Netter, MD as well as *Netter's Anatomy Flash Cards* and *Netter's Clinical Anatomy* textbook.

Understand the correlation between structures. Outlines of Netter anatomical illustrations in multiple views, magnifications, and dissection layers, accompanied by high-yield information reinforce visual recognition and provide context.

Master challenging structures through illustrations small enough for quick coloring, but large enough to provide you with important details.

Facilitate learning by following tips for coloring key structures and quizzing yourself with end-of-section review questions.

Quickly review key concepts with accompanying tables that review muscle attachments, innervation, and actions.

Understand the role of anatomy in medicine through Clinical Notes which highlight examples.
