So we are at Part 4 of Donna Grant's Night's Blaze Serial and honestly, Donna just upset the apple cart, tilted the chessboard..

The only sure thing is the fact that Rhys and Lily have finally come together.. But will they be able to stay that way?

Mating is for eternity, does Lily really want to live forever? Does she want Rhys at her side for all of eternity? (can I just say... only if she has a brain in her head).

But the betrayals are mounting and there is an enemy to catch. A plot that is thickening and a Dark Fae who the light wants to turn back and the Dark wants to mold... Can either really happen?

There's a human falling in love with a fae, sure a light fae, but it's a given fact that the fae ruin humanity for any sort of real love..

And there is a family that must be saved..

Donna blew me out of the water with this book. It's a brilliant work and in my humble opinion, the best she's written yet.

This book demands to be read!

I highly recommend NIGHT'S BLAZE to anyone who enjoys sensuous and magical paranormal romances!

Only one other time in his career as a spy had Henry felt as if he were thrown to the wolves. He'd nearly lost his life that first time, and he was certain he would this time. It wasn't so much that he was going to die, but the fact that everything he knew --- or thought he knew --- wasn't the whole story.

All he had to do was look into the gold eyes and know that Ulrik held all the cards in this particular game. No matter what the Dragon Kings did, no matter if M15 got rid of all the traitors, no matter if the Dark Fae left Earth, Ulrik was going to win it all.

OMG, OMG, OMG! NIGHT'S BLAZE by Donna Grant is the fifth book in Donna's Dark Kings series. I

inhaled it in four serialized installments and am choosing to write this one review for all four. It's a fabulous fantasy read no matter how you elect to enjoy it. Donna never ceases to amaze me with her creative storylines, captivating sexy alpha Highlander dragons, charming damsels in distress, gripping mysteries and dangerous perils. Let there be no doubt that I'm addicted to her Dark Kings... AND NIGHT'S BLAZE is totally awesome! Rhys has been one of my favorite dragon kings through-out this series and we are treated to his story in this installment. Needless to say, it does not disappoint!

First of all, I have to mention the cover... I love it! I dream about staring at that yellow dragon snaking around his torso and having it dance and undulate for me. Ooh la la!

NIGHT'S BLAZE Part 4 (Dark Kings 5) by Donna Grant

They are men of danger, desire, and dragon magic. As old as time itself, this race of shape-shifting warriors have kept the balance of worldly power in check. But when a certain breed of woman enters the picture, the future becomes an unknown entity. . .

NIGHT'S BLAZE (The Dark Kings): Part IV is the thrilling conclusion to the e-serial series by New York Times bestselling author Donna Grant!

Or be consumed by desire.

REVIEW: NIGHT'S BLAZE part 4 is the culmination of a storyline that saw a Dragon male find his mate only to lose her to the evil that has set out to destroy the Dragon Kings. In a surprising twist of fate, Ulrik's softer side is revealed but his reasons are kept unto himself. With the appearance of a Silver Dragon long thought dead, Ulrik has some competition when it comes to destroying Con and the other Dragons.

The final installment follows Rhys and the others as they embark on a plan to prevent Ulrik from taking what does not belong to him. A miscalculation in judgement ends in disastrous results leaving a Dragon King to grieve with revenge on his mind. As Ulrik contemplates his next move, he is caught unaware of the newcomers involvement.

Donna Grant weaves a fantastic tale of the paranormal. There are moments of betrayal, suspense, twist and

turns, blended together into a storyline that is a pleasure to read. NIGHT'S BLAZE is a revealing story where the reader is pulled into the secret life of Dragons and the women whom they love.

Reviewing a storyline that has been divided into a serial format is difficult without giving away too much information or revealing spoilers. There is only so many times one can comment about the smooth flow of the writing, the colorful characters and world building, and the relationship development that continues throughout the entire serial and storyline. In this, it is a given that the writing quality and structure does not change over the course of the book; Donna Grant is a talented author whose storylines entertain and amaze.

**\*\*I received an ARC of this story in exchange for an honest review\*\***

Rhys was very worried for Lily. He knew that without her he was nothing. She was his mate and he loved her. Dennis made Lily go with him through the hedge to look for the weapon. Dennis had been working with the dark forces since he was twelve. He said he always had a need to hurt things, that he liked it. Kyle had went to Dennis in the dark side and hadn't been home in three years.

I enjoyed this last part. The whole serial was well written and all came together. I'd recommend it to anybody that reads paranormal. Make sure read all parts and in order.

*Part 4 covers chapters thirty-one through thirty-nine.*

I will keep this short because I don't want to give anything away. With that said, I was drawn to the quiet Darius. The others seemed worried about him, and it looked like they weren't wrong.

Wow! The unexpected twists and heart-wrenching moments made for a fantastic, teary-eyed ending. I did not see any of it coming!

I swear on Dragons, there are too many nuggets that keep feeding my curiosity meter: Ulrik, is he really that bad or is there hope? Why was Rhi shocked to see Darius? Is Darius the King she was pining for? There are even more Kings? Asleep? What will happen to Rhi? I'm really worried about her, especially after what she did on the last page.

Well, after reading all four parts of Night's Blaze, I can say that I'm hooked. Donna Grant really knows how to create amazing worlds with dragons, druids and fae, and the suspense is off the charts. The romance between Rhys and Lily was very sensual, and more romantic than erotic (which I loved). Don't expect to find copious amounts of sex in this book because their developing relationship based on communication and trust as well as the suspense were the driving forces. I think paranormal fans would really like this series, and I

would recommend it to anyone.

I really did not know if I would like reading a novel broken up such as this but I got to say this one was done in a way that you did not want to miss a single part. As I entered the final part knowing that things must surely come to head here in a way that someone is going down. Sure enough Lily is taking Dennis in but things are not always as they seem. Many have a hand on seeing this through with the edge of your seat drama that is now associated with this novel. Love will also have a very big part in here in aiding a certain King to do and overcome something he thought was lost to him. Lily sadly will also though have the true nature of the one she thought she was protecting revealed to her. That is just a taste of the things to come in this last part. A very heart wrenching event will occur that will have someone for the least suspected in coming to aide step in but of course he will have his reasons. Never fear though when everything is all said and done in this part it really is not over yet. This author has the talent to deliver time and time again romance reading that is also filled with high quality adventure. Make no mistake though it is not the same stuff though refreshingly different for each novel but in the style that is all her own. Received a copy for a honest review.

The final installment in the Night's Blaze novella had my heart pumping. I couldn't read through it fast enough to find out how things were going to end for our hero and heroine. It was a bumpy ride full of happy and heart wrenching moments. At one point I wasn't sure I wanted to continue the story thanks to Donna Grant taking my heart and tearing into tiny pieces but don't worry I was able to pick the pieces up and put them back together thanks to some magic and to Ulrik.

I'm not going to delve too much into what happens in this final installment but I will say the conclusion is satisfying, there are a number of unpredictable twists in the storyline and we are left with even more questions than answers concerning what is to come next for the Dragon Kings, the battle against their enemies and with Rhi.

Night Blaze is a great novella that's part of the Dark Kings Series. It's a paranormal romance full of action and adventure. If you haven't read it yet you need to get to it! Donna Grant does an amazing job of relaying her fantasy world and bringing the story to life with her creativity and enduring characters.

Night's Blaze: Part 4 bring to a satisfying conclusion the dilemmas that had been separating Rhys and Lily, but not without some major twists that I did not see coming. It is a hard-to-put-down-last part to this novel. However, after a harrowing escape all is well for them, just like I want romances to conclude.

Along with Rhys and Lily relationship secure some of the big questions I have had in this series are answered. The identity of the mastermind behind the assault against the Dragon Kings is revealed. The upcoming showdown between Con and Ulrik is growing imminent. Other supporting characters motives and actions are not so clear. Ulrik and Rhi leading the pack in this. In fact, the struggles of Rhi are becoming complicated when the last seen of her raises my eyebrow as well as many questions. I have no idea what she has planned when she asks "I want to know if someone can do bad things and still be decent." Now that is the question of the ages. I can hardly wait for the next in the series.

Fans of Donna Grant, Night Blaze in its entity is a must read. She has out done herself this time.

### **Alima Livzletlivz says**

The final part of Night's Blaze is a fury of deception, twists and the ultimate betrayal that puts Lily right in the path of danger and her life is at stake. As Lily tries to fathom the betrayal coming from close to home, the fear of losing Rhys is even more painful, and she would take a bullet to save him.

Part 4 of Night's Blaze resounds with the echoes of evil that is hell bent on getting to the secret weapon. It unleashes the dragon with Rhys as he's finally able to shift, but would he be able to save Lily from an imminent death from close to home?

Donna Grant brings an end to Night's Blaze with more questions than answers, keeping us reeled into the stories of her Dragon Kings. She takes us on a ride of pure danger and the sacrifices the Dragon Kings are willing to make to save their mates. And she ends Night's Blaze with an amazing twist of sequences that as an avid reader has you caught up in Dreagan Land, will keep you wanting more and more.

And will Lily survive the betrayal to make a future with her Dragon King???

Okay... now we're back in the game... great conclusion!

Even though this wasn't my favorite of the series I'm still a huge fan of the series. I just never could wrap my head around the Lily, Dennis thing. And, why didn't Rhys just kill Dennis when he had the chance?? That

was the plan all along anyway wasn't it?? I struggled with that part of the story. BUT... now I'm definitely sitting on the edge of my seat in regards to Rhi... is she going to give in to her dark side?? Please don't Rhi... :((

Anyway... full review of book five coming soon when it's released on March 31st... Night's Blaze

The conclusion to Night's Blaze was fantastic. I really enjoyed each installment and loved Rhys and Lily's story. There were a lot of twists and turns that as a reader I didn't see coming. I thought Lily was a great heroine, she got stronger and came back into her former self. Rhys, hot and sexy dragon king, who adored Lily and cherished her.

Can't wait to read more about the Dragon Kings. This is the first book I have read about them and I want to go back and read them all from the beginning. I think this whole novel could be read as a stand alone, but there is a little bit of background information that would be good to have by reading the other books. Highly recommended.

#### **5 CROWNS!!!!**

What an ending! I will not give away any details of this part, because I would not want to spoil it for other readers. But suffice it to say, there are a lot of unexpected surprises here. Some are good, one made me cry, and everything is wrapped up in a not so neat little package. There is a lot that goes on in this last part of the serial. It's an action-filled, emotional roller coaster that leaves the reader breathless, anxious, and teetering on the edge of her seat.

It's a great finale and one that leaves me satisfied with the main characters, and anxiously waiting for the next release. I cannot wait to get my hands on some more of Donna Grant's novels. I will say that I will probably not be reading serials very much. I'm not big on waiting for the next chapter and prefer to read the full novel all at once. With that in mind, the full novel will be available on March 31, 2015. I'll be picking up my copy then for future rereads!

This is why I love Donna Grant's books. They do not follow the regular template for romance, fantasy, or paranormal. Her writing puts you through a whole range of emotions. I have smiled, laughed, cried, yelled, and yes – I even threw my kindle – not once, but twice! I had to read the ending three times just to make sure

I read it correctly and then just sat and stared at the wall for thirty minutes. Why? Because, Donna changed the rollercoaster ride again. The loops and turns amaze me every time.

Donna has created a world with such originality that it is hard to limit the genre description to fantasy or paranormal. Her books take you to a place of mystery, intrigue, seduction, and romance while lulling you into the belief that dragons, magic, fae, and druids are a reality.

I don't pretend to try and guess which direction she will lead us to, but I know that her books will be on my pre-order list and I'll gladly follow.

Dayreader Reviews give Night's Blaze a SCORCHING 5 STARS!

I received this book as an ARC from Net Galley for my honest review.

This is book 4 out of 4 in the Night's Blaze series and things are past heating to well done. In book 1 you get more of an intro into Rhys and Lily's life, in book 2 things are heating up between the sheets and while the truth is slowly coming out trust is far from given. In book 3 the truth is out and they have to learn how to handle it. In book 4 plans have been made and are not going exactly how they wanted it...who is going to be the winner of this battle? Read and find out!

I am very happy I requested all four books because I would be going crazy waiting for the next book. Luckily when these books are released they are only about a week apart. This is a great series and it is well thought out, cant wait to read Grants next series.

The enemy's latest plan has humans on Dreagan land and Lily in danger and Rhys is forced to make a decision that will change their lives irrevocably in this sensational conclusion to the Night's Blaze serial.

Rhys is forced to go forward with a plan to stop their enemies even though that plan puts Lily in danger and Lily is confronted with even more painful betrayals and the reader can't help but get caught up in all the thrilling excitement as this latest battle comes to a head. Lily and Rhys make an awesome couple that defies fate and the fast paced and smooth flowing plot keeps expectation high with lots of suspense, excitement and romance. The well written scenes and details capture the imagination and bring the story to life while the fascinating Dragon Kings ensure that the reader comes back for more. Wow! What a surprising conclusion, I certainly didn't see that coming. I was completely enthralled by it and I for one can't wait to read the next one.
