Nighty-Night

Leslie Patricelli

Nighty-Night Leslie Patricelli

Nighty-night, Baby! The cheekily charming tot goes through a typical nightly routine in a humorous bedtime book.

Dinner is finished, the sun is setting, and Baby is getting ready for bed, sneaking in a naked dance before bath time. Then it's on to tooth cleaning, hair brushing, bear hugging, and getting cozy in PJs. Finally it's time for a bedtime story ("Again! Again!") and a song with Mommy before Daddy turns out the light. Kissy kissy!

Alison says

I just realized this is a brand new release. Lots of "baby talk" in this one.. Cute and humorous illustrations that interest my baby. She likes this baby from reading *Tubby* by this author.

Lanika Rodrigues says

Perfect for toddlers!

So far, Leslie Patricelli is my favorite author for baby books. She's humorous (for parents), it's worded in a way that encourages toddlers to practice memorizing their favorite parts, and the illustrations are very colorful and inviting. My baby makes me read her book, *Potty*, over and over again, and after previewing this one, I am sure I have another hit on my hands!

Beckie says

Great kids book about getting ready for bed that my 2 year old just loved including the naked dance. We love this series!

kim says

love, need a non-library copy for every bedtime!

Shawna Satterlee says

0-2

This was an excellent book for a toddler. The vocabulary was very small, with only a couple words per page. The pictures used supported the text and allows the child to see how the story is unfolding if they do not yet know how to read. The vocabulary also successfully targets a 0-2 age range, using phrases such as "tubby scrubby" that a toddler can understand and relate to. The end of the book also gives the child an overview of the baby's night time routine, almost acting as a summary of the story with illustrations to support it.

Cindy Mitchell *Kiss the Book* says

Patricelli, Leslie *Nighty-Night*, Candlewick; Board Book edition, 2017. \$6.99 BOARD BOOK Content: G

It is evening, dinner is done, and Baby begins to get ready for bed. Bath time, story reading, and kisses from Mom and Dad are all needed before snuggling down for a cozy night's sleep.

This story is an average entry in books about bedtime for little ones. The illustrations are cute and the story appealing in its simplicity, but overall no lasting impression is left after reading the story.

Tracy says

Leslie Patricelli draws some of the happiest naked babies I've ever seen, and that's just great.

Alex (not a dude) Baugh says

If your littlest readers can't get enough of Leslie Patricelli's irresistible baby, they are in luck. This time, it's all about going to bed. Baby's nighttime routine is simple. Once dinner is finished, it's time for baby to say good-night to the sun, hello to the moon, to kick off the diaper, do a little naked dance with mom and dad, and hop in to a bath. Then, it's tooth brushy, hair brushy time, followed by a nice bedtime story and a little bedtime song, kissy kissy with mom and dad, and off to sleep. After all, tomorrow's another busy day for baby. If bedtime is a problem in your house, this may just be the book your baby needs. Nighty-Night is another welcomed addition to the Patricelli oeuvre of wonderful baby board books.

Adri says

Illustrations are bright and eye catching. The story keeps all three little ones engaged and giggling.

Stacy says

Way too much "baby talk" for my taste.

Becky says

First sentence: Dinner is done. Bye-bye, sun. See you soon. Hello, moon!

Premise/plot: It is BABY's bedtime. Almost. Is this your typical bedtime routine book? Yes and no. It stars Leslie Patricelli's BABY. So it doesn't feel typical. It is DELIGHTFUL AND FUNNY. For anyone--of any age--who has spent time with this character, it's a must.

My thoughts: Board books CAN be great fun. Leslie Patricelli is GREAT at making board books fun for the

entire family. The text itself is simple, and, the illustrations are bold and colorful. But the story is easy to relate to and genuinely amusing. (Loved the "bye-bye, pants" and the "naked dance" on the way to the tub.)

Matt says

From a series that Neo enjoys a great deal, this book is all about the bedtime routine of a baby. Told in rhymes, Neo is able to read along at times and I was sure we would be free from the potty humour told in his all-time favourite book by Patricelli (Toot). Alas, the mid-story 'tear off the diaper and do a naked dance' had Neo laughing and me shaking my head. More for his amusement than anything else, this book is sure to be one that Neo remembers for a long time.

Vicki says

Warning: naked baby butt appears on several pages of this book!! :) I think young ones will enjoy this book about a night time routine.

Angie Carter says

What can I say, another fun book for kids (and adults too).

Mary says

Nice illustrations and good bedtime book. I plan to use this at Baby & Toddler Storytime.
