One Bad Decision Michael Anderle

Shay goes to a museum and consults with the AET. Then, she doesn't come home on time.

Brownstone goes on a rampage when he learns what happens.

**** AMAZON Top 100 Bestselling Author ****

Using his contacts, Brownstone gets Tyler involved when he learns that Lt. Hall is in trouble.

The criminals are powerful, *and* clever.

It seems the hit on the Los Angeles Museum was planned far in advance.

Well, planned or not, if you come into Brownstone's area and kidnap his woman, you have a problem.

And that is just Shay. That doesn't include when James gets involved.

The Professor is concerned that the heist is bigger than anyone realizes. Now he is hoping Brownstone and the missing Shay can help him recover the artifacts.

Scroll back to the top, and click “Read for Free” or “Buy Now” and kick back for a fun, action-packed adventure that will have you yelling for the good guys and laughing at just how much Brownstone can infuriate Shay, especially with his fashion sense.

And how thoroughly Shay mystifies Brownstone as she tries to uncover what makes him tick.

NOTE: This book contains cursing. Perhaps humorous cursing, but cursing nonetheless. If this offends you, I don't suggest reading this book.

Another great adventure

Love how this urban family is growing and kicking a**. At times I wish James', Shay's, and Allison's stories were all in one volume, it would make each book longer and help with incongruent time lines with the three series but probably lessen the \$ for the authors

Must read!! You wount want to miss out!

Another great book for this author!! Action packed with amazing characters you will fall in love with!! Bounty hunter, Ex-killer turned Archeologist, information brokers, and Magical artifact and wispy doom chain(I love this chain. It's so funny) you don't want to miss out on this read. It's light, fun and a pallet cleanser for more action packet reading!! Ok. Spoiler alert!!! Don't read further if you don't want to ruin a potential surprise...

Ok, author here is my suggestion for a dog for Mr. B ---> GERMAN SHEPHERD. Mr. B need a dog that can handle himself and be a partner if he needs one and protect the family! German Shepard and extremely smart, loyal, tough and are family oriented dogs. He needs a GERMAN SHEPHERD!! Lol. Just saying..

Another great book and I was pleased to find that by the time I finished it the authors had another in this series waiting for me. They actually have three concurrent book series' which means I could almost live with what they are collectively writing because they are writing these things just a tad slower than I can read them. As always the mix of action and romance are where I like it, I'm not a huge romance fan but a little breaks up the action nicely. The lead character Brownstone is a Bugs Bunny in that much of the story is him wrecking havoc on his opponents who are total assholes. Given the world we live in is far more nuanced I find this clear distinction between good and bad refreshing as is the unrealistic the good guys always win part. That's the way I'd like the world to be realizing it isn't but not caring because I get enough of the nuance shit in real life. One interesting thing is that in the notes after the book he talks about killing Brownstone's dog in the first book, which is a John Wick like element in that it finds Brownstone's anger and showcases he is a living nightmare to anyone that hurts something he cares about (his adopted daughter, girl friend, truck, or dog). He is a very simple man. But the question asked is whether he should get a new dog. I'd say yes and I'd vote for a Schipperke that arrives in a basket on his front door with a collar and an amulet similar to Brownstone's as a gift from an unknown benefactor. Schipperke's are highly protective just like Brownstone but the amulets could then have conversations, the dog wouldn't again be at risk and represent what could become another complex character, and the mystery of who provided the dog another story line, you could also make the dog a were who turned into a beautiful witch who loves Brownstone creating some additional drama but I think that would be overreach (on the were thing a wolf might be more appropriate but I think, given he drives an old truck, that a smaller but kick ass dog would make more sense). Anyway loved

the book.

Fantastic

Fantastic addition to a great series! Lots of thrills and action. Not a lot of development but that was ok, absolutely great!

Bobby Childers says

Brownstone is back....

Brownstone is with Shay and Alison after winning Alison's adoption in Court. Lt. Hall of AET fame discovers that Brownstone is not so bad after all. Shay learns just how much James will do to protect her and Alison.....good book... waiting on next in the series.

Bad Decision

Shay, James and Alison, oh my. What an amazing story! This book has enough badassery for anyone. Magic artefact thieves using magic potions, spells and artefacts to fend off elite police, James, and Shay. You're going to want to be there for this one. Thank you Michael for a great read.

Jim Guldner says

As the author notes state, not.much growth of.character, but action bloody action

Yes, a number of angles were played in this story, including moving the cop and information broker story along, Shay and James getting their relationship further refined, and the amulet moving further forward into prominence. More Oriceran crap coming to the fore, with Correk and the mysterious 6. Looking forward to the next book in whatever series he's playing with.

One Bad Decision - a review by Rosemary Kenny

The bad decision is, as we soon learn, that made by the Museum thieves caught in the act by Shay, (MC James Brownstone's fiancee), when they kidnap and threaten her, in the amazing Michael Anderle's 10th

book in The Unbelievable Mr Brownstone series. BIG mistake - as JB's the ultimate fighting, unforgiving (of wrongdoers) Terminator meets Wyatt Earp killing machine (though with a marshmallow centre for his woman and his adopted daughter Alison and his dog).

The Professor is JB's associate and tells him the stolen amulets are magic-enhanced and the thieves/kidnappers used spells to escape capture, by police, while overpowering and capturing Shay.

What happens next will bring very different outcomes for the guilty and the innocent and you'll be glued to the edge of your seat with excitement at the thrilling action scenes and paranormal events. You'll also laugh out loud at the hilarity of the BBQ competition between Shay, Logan and JB at the end of the book. Get yours today!

Awesome

Brownstone once again kicks major bad guy butt!!

I enjoyed the interaction of Whispy Doom & Brownstone.

Laughed out loud several times over their snippets of conversation.

Brownstone needs a Wolf. He too manly for a dog now. How about a dragon? He should have a dragon. Or griffin.

How about a contest to name a new creature he finds. Something ferocious and killer.

Sabrina Ford says

An unclassic museum caper - read it to believe it!

Back to the basics of Brownstone with a little extra added: ol' "Whispy Doom" is talking and sometimes surprising Brownstone, but always with the same goal - get stronger and kill their enemies. With Alison back at school and Shay at home, James thinks they will have a little time for themselves. Then chaos erupts and the fun begins! Don't miss this episode of their story!

Salina Bennett says

Yes

Of course James should get a new dog but not some NORMAL breed a breed that is unique or at least rare like it's about aliens and magic so what about a hellhound that can have impenetrable skin but Alison finds it

at school takes it home and James finds it when he was making sure everything was okay and Alison tells him and then it hatched and she leaves it because it won't be allowed at school because there's already a Dragon there.!!!?????

Diane Diorio says

Well.....

Did I say well so never threaten brownstones family why have these idiots not figured that out yet but that's how idiots are they are bigger badder scarier than everyone else this book shows that so fantastically even to what happens at the end with shay another book soon please and brownstone should adopt a pit bull the most misunderstood dogs out there or maybe 1/2 pit and 1/2 magic.....

Bonnie Dale Keck says

kindle unlimited, deleted most of the blurb, due to spoilers and misleading/wrong info given. This was better than the last couple, should have been, gave last one a 2 and one before a 3, skipped last Shay one to go ahead and read Brownstone one, about to get back to the Shay one

Shay goes to a museum and consults with the AET. Then, she doesn't come home on time. Brownstone goes on a rampage when he learns what happens. Using his contacts, Brownstone gets Tyler involved when he learns that Lt. Hall is in trouble.

Seriously awesome humour

I truly love how humour is so intertwined through all of the books. The growth of the characters and their relationships with each other is fascinating. I love seeing how Brownstone has been forced to move out of his KISS comfort zone and do complicated. This is an excellent series, and Michael doesn't disappoint in this one either. Awesome!
