**Sons of Anarchy, Volume 1** Christopher Golden , Damian Couceiro (Illustrations)

The first collection of the hit Sons of Anarchy comics based on the FX television series.

Gun-smuggling outlaw bikers with complex pasts and gripping personalities. If you love guys with guns like we do, this is that genre at its most elevated. The BOOM! Studios' comic book ties into the FX crime drama about the Charming, CA Sons Of Anarchy motorcycle club.

Written by novelist and frequent Hellboy collaborator Christopher Golden, the series tells a stand alone tale of a former member's return to the fold looking for help. The only people standing between Kendra and certain death are the Sons of Anarchy, and, for better or for worse, their most violent member, Sergeant-at-Arms Tig Trager, who lost his daughter at the end of season five.

Collects Sons of Anarchy #1-6

### **Dax says**

#### **SOA fix**

This is a great series and compliments all the things I love about Sons of Anarchy. I am not one to check for consistencies in storyline, at least not on first reading, but I do need a story to be consistent with its characters values and choices, the characters have to earn their present reality. This work does that well and I loved it. Will devour the next one...

---

### **Jess says**

Me está dando mucha nostalgia leer estos cómics y me arrepiento de haberlos descubierto tan tarde. Este primer volumen está más centrado en Tig y aporta más profundidad a su personaje y a su relación con Kozic. Siempre me quedé con ganas de que exploraran con más detalle eso en la serie.

El artwork es una maravilla también, estoy enamorada.

---

### **Ana O says**

Only just realized there are Sons of Anarchy comics based on the FX television series why has it taken me four years to figure this out.

I'm ok with the fact that I'm still immature enough to read comics.

Sons of Anarchy is still my favorite trashy guilty-pleasure tv show. That being said, my anger remains the same for what they did to Tara. They literally killed off all my favorites. I should have known when Kurt Sutter said Hamlet inspired his own writing.

I may or may not need to watch the show again. Or I'll resort to fanfiction.

(Definitely check out Do No Harm by oyhumbug, Church of the Lost Cause by Zagzagael - you can find them on Archive of Our Own).

Which reminds me, I need to binge watch the spin-off. Excuse me while I cry over these videos.

### **Charlie says**

This was awesome, just like watching an episode of the show. I love Tiggs so much, his story just breaks my heart.

---

### **Sarah Churchill says**

The artwork fits SOA perfectly, and the characters look and act like they do in the show, which is really important for me with these kind of spinoffs.

This features a whole new story that runs alongside Season 5 somewhere, but with connections and back-stories to key characters. Can't say much else without spoiling SOA, but fans of the show should love reading this extra 'episode'. I need more SAMCRO.

---

### **James DeSantis says**

I love Sons of Anarchy the show. It's fun, exciting, over the top, insane drama at its finest. Who knew I liked a show about a motorcycle gang?

This story mostly focuses on Tig and him getting over the death of his daughter when a new, young, girl comes into the mix that brings back his past. Overall this is for the sons of anarchy fans. While little stretched and very little stakes I'd still give it a 3 for being very entertaining.

### **Francesca says**

I'm not entirely sure what my expectations were going into this book but they were met and exceeded. I am a massive fan of the show, I absolutely love it and I've been missing it ever since it ended. This definitely filled that hole, and I'm sure (or at least I hope) that the other volumes will do the same. The artwork was incredibly well done, they all looked exactly as they do in the show, and the personalities and behaviours of each character were captured perfectly. The story was great and offered more insight and background to Tig and also gave a bit extra to the season that it takes place alongside of, it also fit in with the tone of the show. The book will definitely be even better received if you have already watched the show just because you'll know everything that's lead up to this but the book does take into account people that may not have watched it as there are character introductions and some snippets of information/flashbacks to help people understand what's going on. There are also a lot of references to other things, though, that non show watchers probably won't catch. I highly recommend this to all fans. I absolutely loved it and can't wait to read the others.

### **Nicole Hensley says**

2 stars just for the Gemma eye roll panel.

---

### **Quentin Wallace says**

Wow, very impressive. This first volume captures the feel of the TV series perfectly. The characterization was spot on. It really did feel like an episode of the tv show, and that's harder to pull off than you'd think.

This was set right after Tig's daughter was murdered, so when a fellow SAMCRO's daughter shows up on the run from some very dangerous people, he makes it his personal mission to protect her. We also see Clay is up to his usual tricks. The gang is all here, and even Chinatown Mob Boss Henry Lin shows up.

The art was good as well, but mainly its purpose was not to get in the way of the story. The likenesses were good, and the art never took you out of the story.

I recommend this to any fan of the show, particular since many fans are probably going through SOA withdrawal. Here's your chance to get an all new SOA fix!

---

### **Jessica {Litnoob} says**

This is like an extra episode for the fans of the show and I'm here for it. We see all our favorites and yet get a whole new stories and focus to run alongside the show. A solid edition for any fan of the show but for non fans you'll likely be very lost.

---

### **Rural Soul says**

If the art could have been better.....

---

### **sixthreezy says**

Pretty awesome. The art style fits SOA perfectly. Golden wrote a good story, though mostly based on happenings in the fifth season. This provides a little back story with Tig, his daughter, and the favor he owed another Son. Considering Tig is my favorite character, I really enjoyed this book that focuses on his character.

---

### **Dan says**

I'll admit I have never seen this show before and I would recommend it to fans as they would probably enjoy

this better than I did.

---

### **Robert says**

It takes a few moments to place the story within the timeline of the series if its been a while since you viewed it, but once you do it rolls along.

---

### **Eibi82 says**

¡Me ha encantado volver a Charming y reencontrarme con SAMCRO!

Soy muy, pero que muy fan de SOA y ha sido toda una sorpresa encontrar el cómic en la biblioteca.

Creo que los fans de la serie vais a disfrutar mucho de esta versión comiquera, además los personajes son muy fieles y el dibujo de Damian Couceiro es BRUTAL!

Por lo que tengo entendido son historias independientes a la serie pero contiene spoilers de ella , así que los que no la han visto, ¡cuidado!

Este primer tomo está relacionado con Tig, y aunque el final se precipita un poco, esta primera toma de contacto me ha gustado bastante, totalmente recomendable.

¡Ganazas de continuar!

Pd1: Algún día conseguiré una de esas cazadoras xD

Pd2: #OpieForever
