Join Sunaya one last time for this final installment in the Baine Chronicles series...

Even as Sunaya's fairy-tale romance with her handsome, powerful Chief Mage is celebrated in the media, all Sunaya wants is to get past the endless duties and social engagements of her new role, and spend a bit of private time with Iannis. Doing her best to ignore the many naysayers poo-pooing their match, she counts down the days of these last stressful weeks before the wedding and much-needed honeymoon.

But as it turns out, dealing with snooty mages and uppity politicians are the least of Sunaya's troubles. For Sunaya and Iannis have failed to reckon with an ancient and powerful enemy, who does not want their union to take place, and will go to any lengths to separate them--including murder.

Torn from her friends and family, faced with harrowing dangers with no one to call to for help, Sunaya must fight for her love and happiness against overwhelming odds.

Whether or not Sunaya survives to see her wedding day rests entirely on her overburdened shoulders. And despite being ill-prepared for the challenges ahead, Sunaya has every intention of making her latest enemy regret their attempt to keep her from the man she loves most in the world.

## From Reader Review Taken by Magic for online ebook

### **Suz says**

Good wrap to an excellent series. It left several potential places for the story to branch or spin off into other series without leaving it feeling unfinished.

---

### **Ashley Martinez (ilovebooksandstuffblog) says**

#### **Taken by Magic**

Absolutely loved this series! So sad to see it end but it was an excellent ending. Perhaps we'll see some of the other characters in future books?

I thoroughly enjoyed the characters and their journeys it will definitely be one I'll never forget. This book was full of emotion, adventure and suspense and one not to be missed!

---

### **Tala Gilbert says**

#### **What a great ending to a great series!**

Oh this book is truly bittersweet being the ending of the long journey of Sunaya Baine and Iannis, the Chief Mage. The excitement of Sunaya's surprise testing by her not so great Grandma on her husband's side truly had me biting my nails hoping she would survive and wishing Iannis would hurry up and save her. Of course, Grandma gets what's coming to her in the end! The wedding was even more beautiful than Fenris and Mina's, and with the blessings of Resinah how could this be wrong? I'm sorry this series is at an end, but I know Jasmine has a lot more stories in her head waiting to come out, and I'm so ready! Thank you for another great read!

---

### **C. Erani Kole says**

4.5 for me.

This was the last book and I'm so sad to see it finished! I'm not ready to say goodbye to Sunaya, but with the way the author made it, I enjoyed seeing her, getting a break with Fenris, and coming back for a final time. And this book was pretty funny. It's a last act of proving herself but this time, it isn't to the world or their town. It's to Iannis's family. And the women are... well, not all that impressed with his bride-to-be.

It was entertaining, pretty fun but I had major nostalgic feels because I just couldn't let it go. I did enjoy seeing Sunaya get another revelation with her current life status, which of course only made it more bittersweet XD I'm totally gonna miss this crazy girl. She gave me a pretty good run while it lasted. This is definitely a series you'll have to check out.

---

### **Latricha says**

#### **Sad that it's over but**

Enjoyed the series immensely! It took me awhile to read it but happy to be a part of Sunaya's world.

---

### **Kimberly says**

I was both excited to dig into this book and sad that this is the last book in the series. This book is a wonderful final adventure to complete it. I love the well thought out characters and the great descriptions that lead to easily form pictures in my mind. I admire Sunaya's strength and determination to conquer any difficulties thrown in her path. This book is action-packed, full of danger, magic, adventure, secrets, romance, shifters, mages, friendship, and mystery. My favorite is Trouble, the ether parrot. He makes me laugh and wish I could have one! I will definitely be reading more from this entertaining author.

---

### **Richard Fish says**

#### **Excellent Finish**

I have read this series and truly enjoyed the story and adventures involved with the people involved. It has a good spin to this tale and I hope many others enjoy it too.

---

### **Dev Rodrigo says**

2.5

Quick read

Below expectations

Wrapped everything up too conveniently

(I think watching Infinity War makes me want more inconvenience and death whoops)

---

### **Patricia Huynh says**

Ahhhh, the ending to a wonderful series! The last eight or so books have been quite the adventure and I must say I'm inconsolable that it's the end. How dare she end it, right? I will desperately miss my favorite Chief Mage so.

Over all the Baine Chronicles world was filled with a mix of innocence (I think this was Jasmine's first

published book?), allure, magical moments, suspense, adventure, and danger. You can't forget the characters either and everyone who helped make it the story that it was along the way. But I think Taken by Magic has been one of the best books in the series so far with an ending that does our two leads justice. Well done, Ms. Walt.

I honestly hope this isn't the last book! I can hardly imagine not checking up on Iannis and Sunaya sometime soon.

---

### **Keoki Ki`Ili says**

Oh let's just get it out there, I'm sad this is the last book in this series because this is one absolutely great world and characters. This book does not disappoint either, it's action packed and filled with surprises. I really wanted the evil grandmother to get a harsher sentence but 500 years does give them time to have a family. I'm glad to have read both series in this world. Now I have to wait for a new book in one of the authors other 3 worlds.

I received an ARC of this story and have chose to voluntarily review it here.

---

### **Clarke says**

I liked the story but not for the end of this series. I wanted more for their relationship to help cement their bond. Their relationship took a backseat to the action (like it did in all the other books). I wanted more then stolen moments for them. :(

---

### **Jana Gundy says**

#### **An excellent read**

I love this series and was not disappointed in this book that might be the end for the characters. Crazy things happen, like always, and they handle it so well. Sunaya is a favorite tough as nails character and I love her relationship with each person she loves and holds dear. Her soon to be in laws leave a lot to be desired and I wouldn't deal with them!!!

---

### **Gabrielle Drumm says**

Great storyline! This book is the perfect ending. This series is filled with adventure, romance, drama, and intrigue. What more can you ask for in a series?? All of them are fun reads. However, this one stole my heart with the ending. When love is tested, you must decide if it is worth the risk or not. No love is worth keeping if you cannot survive the trials that will certainly come your way.

---

## **Audrey Friedman says**

### **Great ending!**

This last book of Sunaya's may be over but I hope to learn more of the new adventures that the Tua trio have with Barrla and Marris, as well as I am still interested in Annia's mysterious torque magic spirit.....

---

## **Jill Urbanek Gauger says**

### **Trials of love**

Sunaya is enjoying some free time with the girls playing hide and seek when a hand comes out of the fountain and whisk her away. She finds herself face to face with Iannis's grandmother Ta'sradala, his mother Ennartha and his aunt Deryna. She is to take on 3 dangerous tasks to prove she is worthy to marry Iannis. She is terrified yet angry at Ta'sradala for taking her right before the wedding. Will she survive and find her way back to the love of her life. A perfect ending for this series. Jasmine is a great writer and now one of my favorite authors.
