Another wonderful read by this author who is fast becoming a favorite of mine. I have loved every book I have read by her and this was no exception. Set in Germany and Russia during the time of Rasputin it tells the story of a young gypsy girl who meets up with Rasputin when her Gypsy kumpania(caravan) ends up in Russia. She is mesmerized by him and totally drawn to him despite his weird looks and persona. But when they leave for the season and go to Germany her whole life is changed. I have not cried at the end of many books, but I surely did so at the end of this one. Highly recommended for those who love good Historical fiction.

I have always been interested in Russian history, especially during Rasputin's time but this wasn't as much about him as one of his many lovers. That was somewhat disappointing but the story was good and not too long.
