Trial by Fire R.A. Salvatore , Ron Wagner (Illustrator) , Caesar Rodriguez (Illustrator)

Rezor-edged sword and sorcery action. All new tales of R. A. Salvatore's epic fantasy series. Unforgettable battles between demons of the dark world and heroes striving to overcome their own inner demons.

Welcome to the world of Demon Wars. Best-selling author R. A Salvatore's DemonWars saga comes to graphic novel format with all-new tales of the world of Corona. In the first volume of epic fantasy, the ranger Andacanavar uncovers a plot by the giants of the north to wipe mankind from the face of the world.

Tony says

Being a fan of the Demonwars series, I found the art to be a good representation of the characters - but I honestly enjoyed the short story at the end featuring a powrie, Grave Mungo, more than the graphic novel itself.

Trial By Fire focuses on an untidy alliance between a religious, magic-using group (the Abellicans) and a barbaric-type settlement in the harsh winter-climate of Alpinador, as they face a group of giants and their demon lord. It moved at a very fast pace and I was somewhat confused at part of the ending. I don't usually read graphic novels however, so maybe they are supposed to read fast.

At the end of the graphic novel, there is a short story entitled "Three Ships" about a young powrie named Grave Mungo. Grave Mungo is different, as he isn't just a blood-thirsty powrie. He is a blood-thirsty powrie with reason. I would like to hear more of him but I think that's doubtful considering this was his only appearance as far as I know and this novel is over ten years old.

For those of you just discovering the land of Corona (why he named it after a cerveza I will never know), I highly recommend you check out Salvatore's original DemonWars series, starting with The Demon Awakens

?enis says

No ako druhé zo série som dostať za?iatok a už chápem Oko za oko. V tejto úvodnej ?asti je rozprava o návrate rangera, ktorému neviem prís? na meno, naspä? medzi svojich ?udí severanov. Dostáva sa do stareho sváru medzi nimi a obrami, ktorí chcú pomstu za starú krivdu.
