[Siren Menage Amour 43: Wild West Menage Romance, F/M/M/M/M] They're not your average bad boys. They're armed, dangerous, and ready to kill. Trouble with that is, they look good enough to eat, even when they're drawing their guns. Still, Emily has somehow avoided getting tangled up with the three men who share too many delicious similarities. They should--they're cousins. Making a pact to stay away from the gentle and beautiful woman living all alone, the outlaws form a friendship with Emily and it proves important soon enough. With a crooked town and a bought marshal, Emily never sees the trouble that comes looking for her. She never expects the kind of danger she'll be forced to face alone. But she's not alone. With a torn dress, swollen face, and men just positioned to take advantage of her, Clay, Levi and Luke make it to her place in time to save her, but it isn't enough. Soon, they want to make it their full-time duty to love and protect her. However, she's not ready to love three men who are wanted by every lawman in the west, until she realizes the true pleasure found when a woman is wanted by three handsome outlaws...and the marshal who can save them all. \*\* A Siren Erotic Romance \*\* 4 Kisses: This is a good read, quick and just really flowed together easily. It was steamy from the beginning and wow, just got even better. Wanted by Outlaws has a good plot and a good ending to the story, which with some short stories is hard to find. Natalie Acres did a great job with this one. I will be revisiting it again in the future." -- Lila, TwoLips Reviews

### **Willa Edwards says**

I really liked the beginning of this story. The characters were compelling and all three guys were colorful and sexy. The sex is wicked hot. But the addition of the fourth gentleman was just to much for me. I could believe that a woman who had been a virgin only hours before would invite a stranger into her bed. Otherwise I thought it was a very hot sexy fun read.

Stupid 'humor'. Dumb guys and a dumber female. Not her usual book.... I almost never dump a book from my Amazon kindle list, but this one is gone.

OMG, this was one raunchy cowboy menage. It was one of those very naughty little stories that you can't believe you are reading but just can't put down and hope to God your mother never finds out you read that trash. LOL

The heroine is a virgin who must be a Ms. Jeckel Dr. Ho because one minute she is a sweet, shy virgin and boom, the next she is a ravenous, sex-starved nympho. The outlaw cowboys kept falling all over each other to get to her and I couldn't stop laughing at some of the lines in this story.

Nympho to Horndog Cowboy: \*\*\* Oh my, you have such a great big d\*\*\*. Whatever are you going to do to me? Maybe we should wait for the others to join us and then you all can make me a real woman\*\*\*. I had to give this 2 stars just for the laughs alone.

I really liked her manipulation and not so innocence. I mean she is kinda innocent being a virgin and all but also she is one horny girl. The thing is Davis was just weird and HOW THE HELL DID THAT FUCKING HAPPEN? One minute their gunning him down, the next he's in her ass. My God! This girl has guts! And Clay is kinda off. I feel that he'll leave her any second now. Like he'll get bored and find a whore. It just felt like it. Then the matter of they can't spell. Man, that's too fucked up and weird. Anyway, it was a hot one.

This was a train wreck...first this is historical...not my favorite genre and a bit irritating as from the cover it looks like it would be contemporary. I found the characters to be TSTL...all of them and the dialogue....horrible. Normally I would have never finished but it was for a challenge so I made myself finish. Very disappointing as I have read other books by this author that I have liked.

Four Angels from FAR: "Natalie Acres writes a hot sex story set in the old west... This is a great short read for anyone who enjoys the erotic genre... Ms Acres manages to build the plot throughout the story with an interesting twist at the end." Excerpt from Wanted by Outlaws:

Cripple Creek, on first sighting, did not impress Emily in the least. The saloons were on either side of the dirt road leading through the town center and from what she could tell women were hell bent on selling more than a little sugar.

She kept glancing from Clay to Luke. Levi had control of the team for most of the day and he was ready to find a hotel. Emily understood all of his reasons. He said he was tuckered out but she knew better. He wanted her and tonight, she planned to let him have her.

A painted sign hung lopsided, but barely, over a nailed-up board that used to read 'rent a girl'. It now advertised 'furnished rooms'. Clay shrugged when Levi stopped the wagon in front of the place.

Emily smoothed her hands over her dress. "I'm not staying here," she announced.

Clay's mouth looked like it shrugged. His top lip curled under his teeth before he dared to ask. "Do you mind to tell me what's wrong with this place?"

She glared at the two story building. "It looks like it's old and ready to fall down."

"It's not gonna collapse and the sign says 'furnished rooms'. I doubt you wanna sleep on the floor somewhere."

"No, and I don't want to sleep in a bed where a whore used to sleep." She pointed to the sign. "Did you notice

what it said there before?"

"Yep, sure enough, I read it," Levi said jumping down. "It's one of the reasons I think we should stay here."

"Wrong thing to say, bright one," Luke said.

"Honey, in case you didn't know, that's probably been some time ago. Those rent-a-girl signs are hardly appropriate in this town anymore."

"What's so special about this town now?" she asked.

An old man sat on the front porch with his legs crossed at his ankles and he thoughtfully observed them. "Gold," he said, "and plenty of it."

The fella kept his focus on her after she made such an open accusation about his establishment. He probably considered it an outright slander to the working class that once occupied his rooms.

"Clay, you and Luke promised me a home," she purred.

"Hell, honey, we're hardly in position to find one just two or three minutes after riding into town. Besides, I'd like to wash up, get a bite to eat, and a good, long—"

"Watch it, Clay," Luke warned. "I don't think she's in the mood right now."

She crossed her arms. "No, I'm not."

"Suit yourself." Clay shrugged. "Come on, Levi. Let Luke handle her. I don't do well with mad hens."

Before he walked away from her, she picked up a canteen and slung it at him. "Damn you, Clay. You said, you'd find me a home and you didn't say anything at all about making me sleep where whores once slept."

"Well, since you put it that way, woman." Clay ran his hand over his face and smiled mischievously. "I'll just tell ya. I don't think the women who stayed here got a lot of sleepin' done....
