## Wild Ride: Two Cowboys Are Better Than One Juliette Jones

For Lacey Callihan, things couldn't get much worse. She's working a dead-end job, living with a dead-end boyfriend and stuck in a dead-end town. When Lacey's boyfriend steals her life savings and hits her for questioning him, it's the last straw. She skips town in her rust-heap of a car – which she can only pray will get her as far as Texas. And it does. Spluttering to a final stop just as she crosses the border. But when two ultra-hot cowboys pull up in their convertible red Mustang and offer her a ride, Lacey has a feeling her luck is about to change ...

# From Reader Review **Wild Ride: Two Cowboys Are Better Than One** for online ebook

**Exina** says

**Lacey** lives with her loser boyfriend, and works as a waitress in a trashy bar in Tulsa. She is beautiful with a flawless and perfect body, with cute freckles, waist long white-blond hair (curly at the ends which she hates), and too big tits (according to her).

After a fight with her boyfriend she cuts and runs. Her likewise trashy car breaks down, and she decides to hitchhike.

What comes after that probably is most girls' ultimate fantasy. **Who doesn't want two stunning, gorgeous, loaded, attentive cowboys?**

One of them is blond, "sun-lightened with straw-colored flicks", cheerful and funny, with an "easy-going extrovert manner".

The other one is dark, silent type (but only at the beginning, later he turns out to be practically a poet), brooding, and sensitive with violet-blue eyes.

**Riley and Nate** have "Adonis-like features and wide shoulders". Their bodies are sculpted, pieces of art. Their manner is gentlemanly and caring, and they are "exceedingly gifted in the ways and means of pleasing a woman". They are "virile, alluring, and magnetic".

Especially **Nate**. He drives a red Mustang, and books the presidential suite. He buys Lacey a spectacular red dress, and gives her an unforgettable oral in the pool.

Evidently, all of this leads to a "bond forged in steel."

I was annoyed by all those words in italics. I don't like being told what to think, or what to consider important. But at least I can give you a very throughout collection of adjectives about **Nate's cock**. It was not merely huge, oh, no. It was also enormous, punishing (?), mammoth (my favorite), glorious, voracious (I had to check it in a dictionary, and wow! I learned a new word!), starkly hot, and insanely hard.

**It is a story built of clichés.** No original thoughts here. Cliché on cliché. The characters were clichéd, the erotic scenes were clichéd, the simultaneous orgasms were clichéd.

I expected a steamy, fun erotic story, but it is **a sappy romance starting with a threesome.**

**Originally posted on my blog, on June 03, 2014.**

### **Mandie (Naughty Book Snitch) says**

Well, well, well... what a **WILD RIDE!!!** I wasn't sure what to expect when I sat down to read this today and I was very pleasantly pleased. I was hooked from page one. I could relate to Lacey's situation with the self-centered, nasty, abusive, exboyfriend. Of course I never met up with two hunky Texans, but this is fantasy after all.

This was a fantastically erotic story about a girl in a bad relationship, stuck at a dead end job in a nowhere town. After a heated argument with her boyfriend... who hits her, she bolts and never looks back. She barley crossed the border into Texas when a couple of good looking Texans pick her up. They all get to know each other very, very well and this is their story.

This has some really well written sex scenes! LAWD its hot! I need a cold shower and about an hour alone with my husband. Lacey, Riley and Nate are molten together. Not only is the sex scorching, but the story is really, good too. I didn't want it to end. With that being said, we do get a very sweet HEA.

*I received a copy of this book from the author in exchange for an honest review.*

---

### **Dawn Parker says**

WoW...what a ride!!! :)

I thoroughly enjoyed this book! It is a very hot and steamy read. It is short, sweet and I will say that Juliette did a fabulous job in telling the whole story. The epilogue was perfect!!!

Lacey leaves her ex in a rush after she had enough. His abusive, stealing ways was enough. She jumps in clunker of a car (that the jerk wouldnt fix) and headed straight to Texas. Lacey only gets across the boarder before the car finally dies. She meets two cowboys in a convertible that change her life and take her on a wild ride!!~

\*\*\*This is my honest opinion based on ARC from Juliette Jones. (Thanks so much!!!)

---

## **Pam says**

*3.5 young wild & free stars*

***I wanted to live, laugh and have an adventure like nothing I'd never known. Hell, yeah: I was young, free and ready for anything. No more ties or weights. Just open road and possibilities.***

It's Lacey's 21st birthday, and her asshole of a (*ex*)boyfriend has finally gone too far; (1) He forgets her birthday, (2) He steals the money she's been saving up *and* (3) He puts his hands on her...

Leaving everything behind with only a hundred dollars to her name, she jumps into her car and heads to Texas; hoping to reconnect with an old friend and go back to college. Her day only gets better when her piece-of-shit car breaks down at the state border leaving her no choice but to hitchhike...Her luck turns around when a convertible mustang with two hot men pull over to help her out. She doesn't know if it's the whiskey or her new sense of freedom but she lets loose and decides to enjoy the rest of her day, taking advantage of the *a-men*-ities, Nate and Riley are offering...throwing caution to the wind, after all after tonight she might never see these two hotties again.

**Wild Ride** was a short fun HOT read, it was all about being young, happy & free. Lacey was a sweet young girl who may have been sexually naïve, but was smart enough to understand the dynamics of this night. Riley was the outgoing sweet talker of the bunch, calming her nerves and bringing everyone to ease. Nate on the other hand, was the quiet intense hero, who was more reserved but just as sexy. (*Guess which one I wanted more, lol*) It was one night of passion, one night where it was about the three of them with no promises of tomorrow. The sex scenes were pretty damn HOT, making me jealous of Lacey. This is a stand-alone read, perfect bed-time story and has a nice epilogue that wraps the story up nicely.

*ARC kindly provided by the author, in exchange for an honest review.*

## **~ Cariad ~ says**

**Smoking hot!! I couldn't put this one down**

Beautifully dirty and sexy. Truly erotic and worthy of 5 stars!!

TERRIFIC HEA - really nicely done ;)

---

## **Sherry says**

I was looking for a book to cure my book hangover and this was the perfect escape. Wild Ride by Juliette Jones is fun, exciting, and oh so delicious. You will need to suspend your disbelief of the scenario because it is a bit out there, but it is so worth it.

At only 113 pages, if you have an hour or so...pick up this book! It is such a sexy escape from real life. You'll meet two sexy cowboys, a 21-year old who is about to learn a whole lot in the next day or two, and some super hot sex scenes. I'm talking you're going to want your man around (or your toys). Super sexy, intense love scenes.

I'd love to tell you more, but I just want you to know when you pick the book up that you aren't going to want to put it down until the end. It's that good. Plus, it has a happily ever after. So, what are you waiting for? Go get it!

## **C Joy says**

NOTE: Received a copy from the author in exchange for an honest review.

This aptly titled story riveted me from the start. It was indeed a wild ride and I loved the way Lacey took control of her life and skipped town.

I'm a fan of stories that inspire and this one does. Lacey decided she deserved better and was fortunate to be picked up by two kind hearted Texans, who were also hot in bed.

I liked the sexual tension that brought fire to the sheets in a menage that's really wicked. I loved everything about this book from the story, the characters, the setting, and I didn't even mind it's length. It was just right for me, the end is quite open and promises a lot of good possibilities between Lacey and Nate.

That's another part I liked, a happy ending doesn't always spell out as marriage. Ms Jones gave me something to ponder on, wonder how Lacey and Nate would date, bond with each other, learn each other's differences, really getting to know each other, and not just in a biblical sense.

In love there's really no specific time or occasion to know you're with "the one", it just happens and this book was finished in one sitting.

## **Romazing Reader says**

This steamy novella just pulled me in and I couldn't put it down! Mind-blowing spicy ménage and sweetly romantic at the same time! Some of the wildest, sexiest three-way writing I've ever read!! Wow! I had to fan myself A Lot! Lacey, a small town beauty is trying to get a fresh start in her life..she quits her job, dumps the abusive boyfriend but then her car breaks down on the side of route 69...all on her 21st birthday...But as luck would have it...two handsome sweet-talkin' Cowboys in a mustang convertible stop and are willing to do a lot more than just help her out...Nate and Riley both give her the best wild ride of her life...Save a horse and ride two Cowboys! What a really fun read and thee perfect happily ever after too!

---

## **Crystal~BIG book addict~ says**

### **3.5 Hitchhiking Stars!**

It's Lacey's birthday and so far it isn't going great. She wakes up to find her boyfriend has stolen some of her money that she has been saving forever and he didn't even get her anything unless you count a slap across the face a present. She jumps in her old junker car and decides to get as far away from him as she can. She makes it as far as the Texas border before her car finally gives up and dies. She decides to hitchhike.

Two very sexy cowboys, cousins, Nate and Riley, pull up in a red Mustang convertible.

What starts out as a horrible day, ends up very steamy with Lacey being in the middle of two very frisky cowboys.

This was a hot novella, perfect for when you are in between books.

Romance Level ~ 5 Stars

Heat Level ~ 5 Stars **SCORCHING STARS**

Ending ~ 5 Stars

Overall Rating ~ 5 Stars

Wild Ride was an excellent read for me and I REALLY enjoyed it. It has been a while since I've read a HOT ménage, but this book was SO much more than that.

Lacey was working a dead end job and had a dead end boyfriend too. She was working double shifts and hiding some of her tips from her boyfriend in hopes of leaving someday soon to start on a new and better life. One day she went to her secret money stash and notice that it was all almost gone. She confronted her boyfriend and asked him where her money was and then proceeded to tell him that she wanted it all back. This is when he did it; he struck her in the face which knocked her into a wall and she bangs her head. Lacey immediately knows it time for her to leave before he can catch her. She runs out of the house with the rest of her money, jumps in her junk pile of a car and sets off for Texas.

Just as she passes the border into Texas, her car dies. She pulls her suitcase out of the car, takes a seat on it and waits for a car to come by so she can hitch a ride. Not too long afterwards she spots a car coming. It pull over, but she gets a really bad vibe from the driver and realizes that there was NO WAY she was getting in the car with him. All of a sudden a sleek new red Mustang pulls up with two gorgeous guys in it. Of course they offer her a ride and she jumps in.

I'm not going to go more into the story except that what happens shortly afterwards is a **SCORCHING HOT SCENE**. The scenes with Lacey, Nate and Riley were some of the HOTTEST scenes that I have read in a long time.

Somewhere during their shared time, Nate and Lacey became more. OMG, Nate was SO PERFECT! He was so kind, considerate, caring, tender and very attentive towards Lacey. I swear I swooned over the way he treated her. I also LOVED Lacey, she was smart and never once did she expect that things were going to continue as they were. She knew Nate had money and it never crossed her mind to even try and get something out of him. They made an excellent couple and I definitely felt the connection between them.

The ending was VERY GOOD, and left me sighing and smiling. The ending also included an epilogue that ended this novella in the best possible way.

My overall thoughts on *Wild Ride* are that for a novella of only 112 pages, there was a full story with well developed characters. Yes, this book was a ménage and it was extremely steamy, but it also turned out to be a tender love story too. I find myself hoping that Juliette Jones has plans to write a book or two from some of the secondary characters that were in this book. I would DEFINITELY read them! It seems I have found myself another fantastic must read author...LUCKY ME!

## Carol [Goodreads Addict] says

### RATING 4.5 STARS

Wild Ride: Two Cowboys Are Better Than One, is a short, hot, fun novella by Juliette Jones.

Lacey Callihan has been working at the local bar in Tulsa for eight long months saving every penny she can. She's been dating her boyfriend for about three months but she knows it's not going anywhere. But she was in a rut and it just seemed easier to stay with him. It is Lacey's twentieth birthday and she's going to treat herself to something special until she realizes that her boyfriend stole all her money. Then when she confronted him, he hit her. That's it for her. She gets in her rusty old car and leaves town, just like that, leaving her old life behind.

Riley and Nate Walker, who are cousins, are on their way to Dallas for a business meeting in Nate's bright red convertible mustang. They had just passed into Texas when they saw the most beautiful woman they had ever seen standing by the side of the rodeo needing a ride. How could they not offer to help her?

***"This was the new me. I was going to take what I wanted and live my life. And my life was going to start right now."***

Riley and Nate couldn't be more different. Riley was blonde and easy to talk to and fun. Nate was stoic and intense. It was Nate she couldn't take her eyes off of. He stirred something in her that she didn't quite understand.

***"Tonight my wild ride was a gift to myself."***

Riley and Nate offer to take Lacey with them to the fancy presidential suite they have reserved in Dallas for the night to celebrate her birthday. Lacey wants this adventure to remember for the rest of her life. Two hot cowboys that awaken her in a brand new way.

This is a super hot, sweet, fun little story. Riley and Nate were so sexy but it was Nate that made me swoon. Lacey was turning over a new leaf and starting her life over on her birthday and wow did she start things out with a bang. She definitely did get her wild ride. The entire story is told from Lacey's point of view. There is a sweet little epilogue four months in the future that gives us a glimpse into how our characters are doing. I really enjoyed this and can't wait to see what Juliette Jones has for us next!

**\*\*May Contain Spoilers\*\***

**Story Rating 4 Stars**

**Hero Rating 4 Stars**

**Heroine Rating 4 Stars**

**Romance Rating 3 Stars**

**Heat Level 5 Stars**

**Overall Rating 4 Stars**

I received this ARC from Juliette Jones. My *first ever* directly from an author. I was excited and nervous...I was in quite a state to say the least.

Anyway, I digress. Normally, I'm not a big fan of novella's, but I really enjoyed Wild Ride. It was a fun and quick read, even if it did leaving me wanting more.

### **First, what I *didn't* like...**

Honestly, my only complaint is that I wish the story was a bit longer.

I would have loved to get to know the characters more.

But, since it was a novella, I didn't get that chance.

*\*le sigh\** I wish there were more Nate and Riley to enjoy is all really...

### **What I *did* like...**

Ah! All of it.

So much so, I didn't want it to end.

Lacey was sexy and a fairly realistic character.

Nate and Riley were perfection. They're exactly what you would want in two sexy Alpha men, who just so happened to pick Lacey up after her car broke down.

And, although the story was short and I would have **LOVED** to read more about each character and their relationship, the ending was wrapped up very nicely and made me smile.

It was quite cute actually.

And sexy.

### **Conclusion...**

I loved it.

Would I have liked for there to be more?

Yes.

But, I think keeping it short is what made it so memorable, sexy and at the end, sweet.

Recommended to anyone wanting a quick, fun and sexy read.

Oh, and it also made me want to move to Texas.

So, brava for that!

Here's my casting for Nate and Riley...

Nate

Riley

---

### **Victoria says**

**4 'FUN AND SEXY' STARS-** I've been in a bit of a book funk lately and decided to check out some novella's since they aren't a big a committment of time and might be a better fit for my wishy washy mood. Someone had recommended Wild Ride to me a couple months ago and when I saw that I could borrow it through Amazon's Kindle Unlimited program, I thought I'd give it a try.

The story is sweet, sexy, and very enjoyable. There isn't a ton to work with because of the shorter length and the ending it a bit unrealistic but I thought the story worked as it was written. I'd recommend this story for those that are looking for a quick shot of sexy and enjoy M/F/M menage. I'm glad I made time to read this one.

(view spoiler)
