## **Beg Me Jennifer Probst**

Remington Steele comes to Vegas to be with his brothers and try to get over the one woman he's never been able to forget. As childhood sweethearts, she hadn't been able to handle his Dominant tendencies, choosing to run away without a good-bye. But when he's suddenly face to face with Cara Winters, all grown up and finally ready to be his, Remington needs to make his own choice. To leave the past behind forever, or forgive and be with the woman he's always loved?

Cara wasn't ready to be the type of woman Remington needed in his life, so she disappeared and broke his heart. But she's changed, and is ready to embrace the woman she always craved to be. She begs him to take her for one night, and Remington finally agrees. Will they get a second chance at love, or are the scars from their past too deep to heal?

ADVISORY: THIS IS A SHORT EROTIC NOVELLA WITH BDSM ELEMENTS. THIS IS NOT INTENDED FOR READERS UNDER 18 YEARS OLD. HAS BEEN REVISED TO INCLUDE ADDITIONAL SCENES.

## From Reader Review Beg Me for online ebook

### MELISSA \*Mel Reader\* says

4 Stars!

(ARC provided by author)

Beg Me is about Remington Steele. Out of the four delicious Steele brothers, Rem is the youngest. He's just moved to Vegas for a fresh start & to be closer to his brothers who are also dealers at the casinos there. Nothing seems to satisfy Rem anymore & his brothers suggest he calls FANTA-C, the exclusive matchmaking agency that fixes you up with your perfect woman for one perfect night where anything goes. It's confidential & Rem decides to take their advice & give it a try. He then comes face to face with the only woman he's ever loved, Cara Winters. Cara was his college sweetheart, & he hasn't seen her in five years since she left him & broke his heart. Cara is now a sub looking for a night where she can experience her deepest fantasies. When she sees Rem she realizes she's never been able to forget him, & no man could ever compare to him. Rem is a Dom, & excites her in every way. Rem is hesitant to be around Cara again, but decides what's the harm in them spending one night together where they can both fulfill all their fantasies. He gives her a night that is extremely memorable & she wants more. She wants him to give her another chance at them being a real couple again, & Rem has to decide if he can trust her again with his heart. I really enjoyed this sexy series & LOVED all the Steele brothers! Another fab series by Jennifer Probst & just a little dirtier than her usual! Just DELICIOUS!!! ;))

-Damn her. Damn her for making him want her this badly again.

-Oh, God, his body. Cara had never forgotten that body.

-Her fingers curled with the need to reach out and touch him.

-Remington Steele was addictive. Her body had never forgotten him, and was well trained in responding to the slightest touch or look.

-The sheer freedom of giving herself over to this man who'd once held her heart in an iron grip coursed through her like a delicious drug.

### Lauren R. says

*Remington Steele...yes you are reading correctly was the Final Cherry on top in this series!*

*Oh Yeah, I lost count on how many times I blushed Cherry Red while reading this book. Rem is totally what I imagined he would be. Sexy, confident hot Dominant Man who takes no mercy.*

*Cara is just all kinds of awesome. She messed up and knows that once she sees Remington again, she can't let go of her feelings towards him. We find out whether Rem will move on from their past.*

*Yes Rem is a very dominant male and boy did he have my panties in a bunch with how he let's Cara know that she hurt him.*

*This book ends off this series with a BIG bang!*

*You will be very satisfied and may need to have a drink or a cigarette after reading.*

*(I don't condone smoking but shoot, I was ready for one after finishing this book!)*

**Mayas says**

It's called the past for a reason. The real test is can you move from it and build from scratch.

Remington and Cara were two lost souls. Past lovers looking to feel a void left from 5 years ago. Regardless

of where life took them, that one night opened the flood gates. Rem was still in denial but Cara went on to prove her growth, stability, and bratty submission. How could a Dom resist a subs cry for love, respect, and total devotion? You can't.

This second chance romance was a fun push and pull of growth not only for the runaway lover/submissive but the battered and bruised Dom.

---

### **Carra says**

Jennifer Probst has saved the kinkiest for last with *Beg Me*, along with giving us a second chance romance to boot. It does follow mostly the same formula as the first three stories in terms of the meet, one night, try for more with complications and then the resolution, but *Beg Me* kicks things up a notch with the most intense erotic scenes of this series.

You can't not like Remington, even when he's being stubborn and afraid of getting hurt again (yes, let's be honest-afraid). He exudes alpha power and strength, and like his brothers before him, you'll be adding him to your permanent book boyfriends list (the extra kinky ones).

Cara is an obvious submissive, and the way she and Remington interact clearly shows a natural match of personalities. While we don't get a ton of background on their previous relationship with each other when they were in college, it is made up for with their story this second time around as they learn about each other again.

Highly intense and explicit, *Beg Me* was a 4-star read for me and another fantastic addition to the Steele Brothers series. Recommended only for 18+ due to adult language and explicit erotic/BDSM scenes. Have your fire extinguishers handy for this one folks, you're going to need them!

---

### **AJ's book-reMarks says**

Received an ARC for an honest review. The Steele Series is about four brothers who are close in all they do in life, including sharing their lives in BDSM culture. This book we get introduced to Remington Steele, the youngest of the brothers who fell in love with Cara Winters. Cara was the girl who got away, and Rem was still feeling the pain years later.

As with all first loves, we make the mistake of hiding our real feelings, wants, and needs. I have read this series twice, and can honestly say that I missed the meaning behind this series. It doesn't matter what lifestyle you choose for yourself as long as you are honest to yourself and to the person you fall in love with, communication is the key in any and all relationships.

---

### **Chelsea says**

I loved this book. I loved all of them, but this one was just so much hotter. I very much enjoyed the premise and having an old flame come back and the second chance being possible. I thought Rem was hot hot hot, and he is probably my new favorite dom. I think a full length novel of him and Cara would be a thousand

times better than 50 shades of grey. Even just this short novella was awesome, but more would be even better! The past hurt was a good addition to the story between Rem and Cara, and I enjoyed learning about them. I thought Cara was perfect as a sub, that she was tough and still was able to be what Rem needed. Rem was so mysterious, sexy, and sensitive to Cara and her needs, yet the most intense dom of the brothers. I give this book 5 screaming steamy stars and recommend that everyone read the four Steele Brother's novellas!

### **Hannah says**

#### **ARC REVIEW**

Beg Me, the final and previously never before released Steele Brother book and probably the most BDSM predominate themed of the series. Rem Steele always knew he was a dominate and in college when he found the perfect girl; his perfect submissive he knew. Cara wasn't so sure and at times it scared her so she left without explanation, leaving Rem broken hearted. Rem was never able to get over Cara, every woman since has been a poor comparison to Cara. Rem was the last of his brothers to finally make the move to Vegas, and his brothers knowing him gave him the FANTA-C card. Rem only did it so that he could finally move on. But FANTA-C really works magic the perfect date they matched up for Rem is Cara.

It was first supposed to be the final hurrah, one last time to get each other out of their systems. But all it did was dig them in deeper into each other's hearts. Cara was finally able to verbalize her fears to Rem and admitted she hadn't orgasimed since him.

"I'll give you as many orgasms as you can handle."

Oh, no.

She stood frozen in place. Her belly fluttered with sweet anticipation and a hint of dread.

Through the night they finally open up fully to each other and now Cara is willing to be exactly what she needs to be with Rem, but now with the new information of why Cara left Rem is scared that he isn't the dom she needs and rejects her. Rem, with the help of his brothers realizes his mistake, but it might be too late for Rem to win Cara over after the last rejection. Rem isn't going to give Cara up that easy though.

Overall, this series surprised me. I never knew Jennifer Probst could be this versatile. The progression of BDSM throughout the series gradually becomes more intense so by the time you get to Beg Me it can be a little tough for some to handle, I loved it, but I think I've just got thick skin when it comes to that. All the characters are great, I love the brothers. The struggles that they each have to overcome are very believable and very real struggles people face in the lifestyle.

---

### **Heather andrews says**

Remington he's my favorite out of the boys hands down, he's a strong, intense dominant, and he's quite outspoken, "good. I always liked you sore. Meant you were worshipped the way you should be." I loved this book.

---

### **Elizabeth says**

read all 4 books today..... I think the author could have made these stories into 1 book

08/30/2018 reread my thoughts haven't changed...still rate the series with 5 stars

---

### **Chrissy Medeiros says**

Imagine trying to calm your rapidly beating heart as you wait in a hotel room. You're interested in the BDSM lifestyle, and you're a submissive who's just been matched by an agency to a dominant man who can grant all your darkest fantasies for the night.

A knock sounds, and you smooth your barely there skirt before opening the door to find that you've been matched with your first love - Remington Steele, the man who you broke up with five years ago with just a note.

That's the predicament that Cara Winters finds herself in, a situation that occurs early on in Jennifer Probst's fourth and final Steele Brothers novella. It's a sizzling moment that fulfilled my own reading fantasy, and a beginning that begged me (sorry I couldn't resist) to continue reading because I couldn't wait to find out how Cara and Rem overcame their demons to discover their HEA.

"Waves of tightly wound energy snapped around him. Underneath, Cara caught the sexual chemistry between them flare to life and crackle like a live wire. It was still there. Even after years apart, the moment they came near each other, the connection took over, drawing them together like magnets doomed to never separate."

Ahh, the fated love scene was my favorite moment in the story, but my enjoyment didn't end there.

No.

Another reviewer said that the rest of the story faded after Cara and Rem's one night, but I disagree with that comment. After their sexy encounter, the story focuses on the hero and heroine's journey of forgiveness and second chances. I loved these scenes because they were opportunities to spotlight the heart of both protagonists while the heat level was turned down. I enjoyed those moments because the characters found out what they truly wanted, even though they hadn't admitted the truth to themselves yet.

Ooh yes, the sexual tension coiled tight here, and my heart raced with anticipation. I wanted to use my safe word because the plot threads squeezed too tight.

In this story Rem seems to have the longer battle to fight, but that didn't mean that Cara sat back and didn't have anything to do either. I understood Cara's reasoning for breaking up with Rem, (but the way she did it broke my heart as well as Rem's) and the admission she reveals to him (I won't spoil it!) is filled with a little hesitancy, but enough self-confidence that had me cheering for her. A lot of Cara's battle had been fought years earlier after she left Rem, but the demons remained for the readers to see.

I appreciated Rem's battle. As a dominant man it was incredibly hard to try and trust Cara again (or anyone

really). Meanwhile, we were able to see Cara's renewed self-confidence and her battle to receive a second chance with Rem.

As a novella it is hard to deliver a satisfying story without feeling rushed, but I think that the author did a great job of balancing the sexy scenes surrounding the other ones with heart.

Jennifer warns readers that this was an intense BDSM story, and not the typical one some have come to expect from her work. I haven't read the previous books in the Steele Brothers' series (I definitely will now though), but I loved every single part of this novella, and I finished the story within a day.

### **Michelle says**

*ARC provided by author in exchange for an honest review*

In this last installment of the *Steele Brothers series* aptly titled **Beg Me**, Jennifer Probst has readers like myself begging for more for Remington Steele. In this first three books, we have read and witnessed three perfect matches via Fanta-C agency for the Steele Brothers, and now the youngest brother Remington is ready to be matched. Remington is a true alpha Dominant and is in search for a woman who can handle his need for control and Dominant tendencies. What he didn't expect was to be matched up with an old flame that left him brokenhearted. When Cara Winters stood before Remington, all her emotions and feelings for this man she loved begins to flood back. Can Cara beg this man to take her to new sexual limits and back into his life after walking out on him five years ago? Will Remington have Cara begging on her knees as she submits to his will?

*Beg Me* happens to be my favorite of the series. I thought this book had the perfect balance of erotic elements while weaving a tangible connections between the characters. Ms. Probst was able to incorporate the BDSM trope while keeping readers like myself engage with the intense emotional past that Remington and Cara had. I loved that within this short quick steamy read, this book was detailed as it explained what happened years ago and at the same time kept the focus on the present moment and the brewing passion and flame being reignited. So if you want a hot sexually charged romance that will have you begging for more, then *Beg Me* by Jennifer Probst is the book to help satisfy that need.

I enjoyed this read

---

### **Dali says**

*A hot and kinky erotic short story.*

Remington Steel thought he knew exactly what he and Cara wanted and needed. He had his life planned out together with the woman he loved. But when she unexpectedly leaves him without a farewell or explanation she leaves a deep scar in his heart.

Reuniting with his brothers in Las Vegas a few years later, he's still trying to find the connection he's been missing. Indulging his brothers, he signs up at the exclusive matchmaking service and is promptly called to meet the woman who'll fulfill his deepest fantasy. Never in his wildest dreams would he have imagined that he would come face to face with Cara. Will he forever close the door on his past or can he forgive her?

*“His fantasy had been the same exact thing. A woman he could break. A woman he could conquer. A woman he could heal. A woman who could heal him.”*

Handling such a domineering and self-assured man is no easy feat and Cara was simply not up to the task. She didn't know herself well enough to face the kind of future Remington was so sure of. So she left. But she's grown into herself and is now ready to be the woman Remington wanted and needs. Can they get over their past in order to have a shot at a second chance?

*“He was a man who could bring her to a ruthless orgasm, yet care for her with such shattering tenderness.”*

Following the same recipe from the previous novellas, Remington (yeah I thought of the 80s show too, turns out he was named after Pierce B.) and Cara are setup to meet for one night to indulge in their deepest fantasies, but one night is not enough and after some bumps in the road they get over the hurdles that had complicated their relationship. The big difference between this book and its predecessors are the extra kink and second chance elements.

*“Tonight was not just about being physically naked, but emotionally.”*

Even though this story is scalding hot and incredibly erotic with its intense sex scenes, I found it hard to connect with the characters. I think I would have loved a full length novel for these two. Because I liked

Rem's power and passion but I did cringe at a couple of times at his derogatory comments. And I liked how Cara came into herself but somehow their reunion didn't quite work for me. I do recommend this as an erotic quick read.

Beg Me is novella #4 in Steele Brothers series by Jennifer Probst. It can be read as a standalone. Told from alternating points of view with a happy ending. WARNING: This is an erotic story with some BDSM, intended for mature readers 18+.

### **Veronica of V's Reads says**

This is the fourth book in a series, and can be enjoyed as a standalone.

Remington Steele (yes, I died, too, reading that name!) is the youngest of the four Steele brothers and the last to leave his home in Atlantic City to become a Vegas dealer. He's also the next on the list to get a night of extreme pleasure via the FANTA-C matching service. Remy's been feeling down, unable to build a bond with a new female sub for years...not since his college sweetheart, first and only love, and first D/s partner fled their home leaving only a note on his dresser.

So, naturally, the woman of his dreams is Cara--and she's his FANTA-C match for one night only.

I liked this one. What gal doesn't want to pass out from too many orgasms, amiright? Cara's a BBW, and she was really fragile when she first met Remny in college. She couldn't tolerate his compliments, which led to lots of punishment. She wasn't sure about the direction of her life, and she panicked. It happens. She explains all this in their night together, and it solidifies one thing for her...Remy is the only man who can be a partner to her in all ways.

Remy, on the other hand, thinks their one night is a chance to purge the toxic emotions from his memory. He's pined for Cara too long to just let it all go...right?

Well, it's a ROMANCE and an HEA is required. Fear not, it happens. It's a sexy short read, with a sub that will not be denied, and a Dom who will not relinquish control. This was one of the more strong BDSM titles in the series, with bondage, orgasm denial, and flogging. Expect lots of tears from both parties, and a break-up to make up formula, as is the norm here. Enjoyable, quick, sexy read to fill in your time waiting for the nurse to call you into an examining room.
