Bound for the Holidays

Mackenzie McKade

Bound for the Holidays Mackenzie McKade

An invitation too hot to pass up... Angela Clarke finds herself bound for the holidays, literally. Not by one, but two gorgeous men -- a powerful executive and one sexy cowboy.

Angie expected to spend Christmas alone, not in the arms of her new boss after the office party. Their attraction is hot enough to melt ice, and his wicked promises alluring. What he's offering she has only fantasized about.

To her surprise, the night not only involves silk scarves and a set of handcuffs, but one tall dark cowboy.

Ryan Tyler has never thought twice about sharing his women with his best friend -- until Ryan touches Angie. She stirs something deep inside him. But it's too late to stop the decadent night from unfolding. What starts as hot sex with a warm, willing woman turns into something more. After tonight, Ryan knows he'll never be satisfied with just one taste.

Could his fantasy lead to something lasting, or will it only be one night of pleasure?

Warning, this title contains the following: explicit sex, graphic language, menage-a-trois

MelissaB says

What did Angie want for Christmas? A sex fest with her new sexy boss! Plus a quick threesome with his cowboy friend who drops by. Add a little tinsel to tie her up, a mustache ride from the cowboy and a few day of sexual escapades and you have a quick, hot read that doesn't try to take itself seriously - so why should you? Ryan and Angie have this sudden intense connection that we are supposed to believe is real and lasting - not sure I was buying that with the whole ménage thing and the short time frame. The ending was a bit abrupt but the love scenes were pretty hot. Not bad for a freebie from Amazon.

Katrina says

A short quick erotic read that will tantalize and tease. Filled with sexy cowboys , a hot boss = A menage !! Hot, and fast but certainly a treat ! BONDAGE and BDSM in small doses.

Recommended to all who like there reads hot and sexy... Quick and fast but filled with goodies to make your toes curl and panties bunch !!

A free read from Amazon Kindle.. Definetly worth a read . Smooth flowing storyline, great descriptions and overall and ok storyline ..

Catherine Mustread says

Warning! Explicit sex, graphic language, ménage a trois, and (not as much as you might expect from the title) – bondage. According to the blurb – "sizzles the pages with scorching sex, fantasy and deep emotion." Best of all, like sex sometimes is, this was short, intense, and fun. No messy plot except could this be a lasting relationship question, but the time span of the book is two days – then they are set to fly across the country to meet his parents??

Kelly says

This is one of those books that is fun and a little naughty but once you're done with it, it's over. You aren't left with any really burning questions about what's going to happen next or how the main characters are going to fare after. And that's okay. This is a book about a woman who gets to have a steamy romp with two hunky men, one of whom she might have a future with. There you go. End of story. There's a little bondage, a little threesome action and... ta-da! Yep, that's it.

Mackenzie McKade does a nice job of bringing out facets of the characters' personalities. She shows that Ryan is family oriented and that Angie both misses her family and is looking to start one of her own. It gives them a bit of depth.

Overall, while not a life-altering book, this was a fun, fast, naughty read. Although, and I hope the folks who love facial hair don't hate me for this, someone asking if they were ready for a mustache ride gives me the willies. Still, I got over my willies and moved on.

-Kelly @ Reading the Paranormal

Rebecca says

A little bit more sex than story, Bound for the Holidays by Mackenzie McKade is a hot read. Quick and flirty, this book is as difficult to pass up as Angie's invitation to spend the night with her boss. Mentions of family ground both main characters but really it's a simple story of the beginning of their relationship. By the end, I wish I could've known more but as it is, I enjoyed Angie and Ryan's story.

LorettaLynn says

Nice Holiday read. Spicy and a little hot! I would say this is a Christmas party That the heat was turned up on. What would you do if your boss asked you over after the party? Angie thought about passing up on the offer, but with a boss as hot and sexy as Ryan, She just couldn't stop her self.

I recommend this to the reader who's looking for a Spicy Holiday read that's full of Sexy fun!

Happy Reading Everyone:)

Vicenta Ramos Giner says

Es un libro que esta muy bien y me lo he leido cinco veces ¡¡es muy entretenido!!

Kaylyn says

This book was below average. There was no build up to Angie and Ryan. He says "come home with me" and she agrees. When Wade was added it seemed too easy. Angie didn't question him or ask about him just jumped right in. I disliked Wade because if he got his heart broke why was he jumping into a threesome. Ryan couldn't voice his jealousy about Wade with Angie. Angie blindly went along with everything and didn't show a mind of her own. The sex scenes were good and the only reason I gave it two stars. The end felt like the author gave up on her characters. It ended just as quick as it all began. There was no plot only sex which doesn't normally bother me but this was so unreal. It felt fake from beginning to end.

Sally says

I really enjoyed this read. It was hot from the outset and for a short erotic Christmas tale, this has it all. A super sexy boss, an employee who fantasies about the boss but doesn't know whether she should dabble and then when she decides to go with it, incomes the boss's best friend a gorgeous cowboy – let the fun begin!

There is enough in the story to get to know the characters as they reveal that family is important to them and although finding the one they want to be with forever is a little scary, when they find it, they don't want to risk losing it. Emotions run high for all three as they have a Christmas Eve to remember.

This was a lot of fun and there were some scenes that made me laugh out loud. I enjoyed watching Ryan and Angela get closer together and I will be reading the sequel Bound in the Past to find out whether the cowboy, Wade gets the girl who has captured his heart.

Epeeblade says

Incredibly hot and erotic. However, I was surprised it ended where it did. I wanted more to the story.

Heather in FL says

This was a sexy little holiday read. The story opens at the company Christmas party with the owner, Ryan, flirting with one of his employees, Angela. They're drawn to each other, and Angela has been attracted to him, so she decides to throw propriety to the wind and she accepts his invitation to go to his house. She doesn't know if she'll have a job tomorrow or if things will be awkward "after", but she wants Ryan and he obviously wants her. When they get there, sparks (and clothes) fly, and all of a sudden, Ryan's best friend Wade shows up. Ryan thought Wade would be arriving the next day. Wade and Ryan have shared women in the past, so Wade assumes Angela will be up for it as well. Again, Angela takes the opportunity presented and decides she wants to experience the fantasy of two men at once. And they proceed to have lots of sex. But Ryan isn't excited about this whole scene. Sure, he's "excited" and sure he's shared women before, but for some reason he can't figure out he wants Angela to himself. More hot fun ensues, including a very sensual meal between the three, and there an HEA (a little bit rushed, but still sweet). Not a permanent menage. No m/m action.

Amber says

Angie takes Ryan up on his offer to come home with him after a Christmas party for their office (he is her boss, she has just begun working with the company). Once they get to his place and start getting romantic, Ryan's cowboy friend Wade walks in on the action, and no one has any objection to him joining in. I really liked this book, great dialogue and lots of passion. It ended rather abruptly, however, it's book one in a series so I think there will be more to come from these two.

Shannon says

Definitely a short read, I liked it but it isn't something I'd probably recommend, the author has much better books. The sex was ok, I thought there would be more bondage based off of the title. I think maybe I expected more because I've read some of this author's other books and this just seemed, rushed? lacking? Not what she usually produces. My favorite part was the food play scene and my least favorite was the heroine.

MountainKat says

Nice little short. Plenty of heat. At first I wasn't impressed, but I felt better about it by the end. As usual in novellas, everything moved very quickly but I thought the author did OK with that.

Francesca the Fierce (Under the Covers Book Blog) says

3.5 Stars

This review was posted at Under The Covers

If you are looking for some heat this holiday season then this short story will warm you up. What could be the worst thing to do at the company Christmas party? Go home with the boss. But heck, Angela knows she's good and she can find another job and Ryan is utterly delicious. But when she agreed to go home with him she wasn't expecting that he'd have his best friend there.

Of course Ryan didn't expect it either. Wade is ruggedly handsome, a cowboy. Ryan is sophisticated model good looking. I mean... what more can a girl ask for Christmas? I'd say she was a good girl this year!

Ryan has never had a problem sharing women with Wade in the past but something about Angie wakes every possessive instinctive.

This story is short and it is an erotica story so there's a lot of sex and not a lot of the actual storyline so if you're looking for something hot then this will be for you.
