## **Redeemed** Lane Hart

WARNING: This is the SECOND book in the Dark Redemption series. Therefore, Exploited should be read first. Both books contain dark, dirty and dangerous situations.

~ Brede ~

For years I've left a path of death and destruction wherever I go, and now God's punishing me.

Time's running out for my fallen angel, but I'll do whatever it takes to save her.

I made her a promise that I intend to keep.

Until my last breath.

## From Reader Review **Redeemed** for online ebook

### **Kathleen Bradbury says**

This was a great story. It was well written and fast paced. The chemistry between the characters was sizzling hot. This book has everything you need to keep you turning pages hot sexy men, steamy scenes and some conflict thrown in. I can't wait for what this author writes next.

I received a free copy of this book via Booksprout and am voluntarily leaving a review.

### **Sara Oxiton says**

Redeemed by Lane Hart a five-star read that deserves redemption. This is the second book in the Dark Redemption series and you do need to have read book one Exploited first, otherwise you would be lost reading this book. Even authors I love, I will normally read one book by them and then something by someone else before going back to the original author, but this was my third book by this author on the trot and then I went onto read another. (The first was a re-read as I loved it so much)(This series is just that good). It won't be to everyone's taste as there are subjects dealt with that some won't like and one major character plot twist that some won't enjoy but I loved!!! Brede is dark and dangerous, but I would love to feel safe and warm in his arms. If you like your reads dark and steamy then this is perfect for you, if not I would still suggest you give this a try, but be prepared to have a breather and a cool off as you will need it.

---

### **Annie says**

I volunteered to read this ARC for an honest review. I honestly enjoyed this story very much and it's a great continuation of the story about Aden Brede and Blair and their history. This Story begins with Blair on the run, but she is trapped by Roger, a man hired as a back up to get rid of her. Brede was hired to kill her but fell for her instead. Aden is trying to find a way to get his dad off jail. Brede, Aiden and Blair are on the run from Claire's father, the district attorney, who they believe is out to kill her still Brede was not able to complete his job he was hired for, killing Blair. Follow them as they try and stay alive, save there dad and fight for what's right. This is a great continuation and well written.

I received a free copy of this book via Booksprout and am voluntarily leaving a review.

### **Jennifer Crutchfield says**

Book two of two book series. I do not recommend reading as stand-alone. Told in multiple POV with satisfying conclusion at the end. WOW! This book picks up right as book one ends and is just as suspenseful as book one. It keeps you on the edge of your seat with twists, surprises, and a story line that is full of action. I loved this series! Three broken beautiful children grow up separately, differently but come together ten years later to love and heal each other.

---

### **Debbie says**

Oh wow! When I first started reading I thought this wasn't going to be as good as the first book, but how wrong was I, it was full on throughout, a few twists and as great as the ending was you couldn't help but wish it could've ended a bit happier (not going to give any spoilers so hopefully you'll know what I mean at the end) I couldn't put it down and ended up reading straight through to the early hours! ? these are a definite must read ?

### **Ewa says**

Dark and hot. So much tragedy in the past and present..

Blaire,Aden and Brene are put together in this horrible mix of emotions and romance.

When story unfolds more and more truth is uncover. Unclear past become a little more clear.

Thanks for " 5 years later" this part easy my heart...

I received a free copy of this book via Booksprout and am voluntarily leaving a review.

### **Nancy says**

I have been looking forward to reading the conclusion of this series as I absolutely loved reading this series. There are some really great twists and turns that I was not expecting and I as not able to predict the ending which was so great to me. I hate being able to figure out the ending before it comes. As usually Lane has written a brilliant book, she is such a good auther and I love reading her works.

loved

---

### **Misty Schott says**

#### **Wow what a gripping, twisted ending to this dark romance duet!**

This book picks up where book one left off and if you haven't read Exploited please be sure to read it before starting this one.

With Blair finding out her dad put out a hit on her and her two lovers seemed to only care about her

testimony and getting their dad out of prison. Blair tries to run away from them only to end up in a worse situation than the last one. While Brede and Aden try to work through getting their dad released, Blair must decide if she can trust these two men or are they just waiting patiently for the right time to kill her? This book takes you on an emotional rollercoaster ride of epic proportions and you will be freaking out over the very twisted ending that nobody saw coming. Definitely a must read for all dark romance lovers out there.

---

### **Rosemary says**

A quick and entertaining read! This is the second in a two book (as of yet, hint, hint please can I have more?) series as the original left in a cliffhanger. I was not disappointed when I picked up this book and started reading to find out what happens with Briana. I loved this book enough that as I said, I hope there might be a Book 3. Do yourself a favor and read *Redeemed* but don't forget to start with *Exploited* or you will be lost.

I was given an ARC in exchange for an honest and totally voluntary review.

---

### **Debbie Caswell says**

This is the second book in this series and you should read the first book *Exploited* first to get the full story.

Blaine has been saved but her and they are all still in danger. There are plenty of twists and turns and an ending that I didn't see coming. You will be totally enthralled in this book; it is definitely one that keeps the pages turning.

I received a free copy of this book via Booksprout and am voluntarily leaving a review.

### **Romance Readers Retreat says**

I'm so sorry to say that I didn't enjoy this book as much as the first. In this book we follow the twins and Blair who continue to fight for survival and justice. There are some harrowing moments along the way and Blair has to decide what and who she wants in life. The question is who can survive and will the truth be heard?

I really loved the premise of this book and was really looking forward to finding out the conclusion to book one as the ending was on a cliffhanger. I just don't think it delivered for me but that's not to say it won't for anyone else, the book is good but maybe I had too high an expectation going into it. There were a couple of parts I thought were a little out there even for a dark read and I also found a couple of continuity problems that bugged me but that's not to say they won't be fixed after edits I'm sure. I felt that the story followed the events surrounding the trio too much rather than the relationship between Brede and Blair but maybe that's just me. I did however like the little twist at the end. Overall you will need some backbone and unattached emotions to read these books as it can be a bit gory in places. Please remember just because I didn't enjoy this as much as the first doesn't mean to say you won't.

### **Nora Flood-Houston says**

Wow after reading Exploited I thought I couldn't be more impressed but this book is over the top. Brede, Aden, and Blair are still trying to find a way to get Ben out of prison for a crime he didn't commit. There is much sadness in this book, All these lives irrevocably changed because Blair's father is a corrupt murderer. This book is an awesome finish to this story. The epilogue brings so much joy with a bit of heartache. Loved this book!

I received a free copy of this book via Booksprout and am voluntarily leaving a review.

---

### **Wendy Livingstone says**

I received an ARC for an honest review.

This is the second book and the concluding part of this series. Exploited must be read first. Brede, Aden and Blair are back!! They are still working together to seek out the truth, and keep each other safe. There are so many twists and turns in this story, that just when I am lulled into believing that the puzzle has been solved, Lane throws another curveball into the mix, and I was back to square one!

This is a darker and more dangerous read than the first book, and I loved it!! Lane has done an amazing job in writing this intriguing and captivating storyline. Congratulations Lane on a brilliant series. I recommend this authors work to all suspense lovers. I cannot wait to read more from this author in the future. I will definitely be adding her to my favourites list!

---

### **Merry Jelks-Emmanuel says**

I have to say this book does a good job of picking up from Exploited. The story has so many turns that are unexpected it is hard to say which is better because both books were written so well. The characters are well thought out, the setting and description puts the mind set in such a way that you can feel the emotion coming off the characters. I love a story that gets you so involved that you feel that you are right there with the characters.

I received a free copy of this book via Booksprout and am voluntarily leaving a review.
