## **She's Only 15** Shameek Speight

Standing here in front of you today, sharing my story; this wasn't supposed to be my reality. There's not a day that goes by that I don't ask myself; what can I have done different? Was there anything that I could have done to prevent this heartache; to prevent this tragedy? To wake up and feel whole again; and regardless of every possible scenario I came up with, there was always a way around it." Yvonne said as she wiped tears from her eyes and composed herself. "I shouldn't be standing before you today. I shouldn't feel this pain; but because this is now my reality, I'm sharing my story with you." She's only 15.

**Tammy says**

VERY GOOD REA!!!

---

**Mrs.Nicole ILuvMines says**

**Good Read**

I really enjoyed this book. It makes you think about alot of these psycho predators we truly have in this world. Yes I would recommend.

---

**LoveLee Kourage says**

THE THINGS YOU DO TO THE ONES YOU SAY YOU LOVE ....

---

**Debbie says**

Every teenager and Mother should read this book. This book grabbed me at the onset and didn't let go until I looked up and was on the very last page. The story really pulled at my heartstrings and I found myself tearing up. What a shame for a young girl to end up down a road such as this. Very informative for anyone raising a teenage daughter. The only thing that I can say is that this book hit home and although it went the way the author wanted it to go it was definitely based on real life instances. This book is a 5 star read indeed but I took off a star due to the bad editing . I will definitely recommend this book ?

---

**Jounay says**

4.5 stars

---

**Cynthia Clay says**

**Cruel man**

I enjoyed reading this book and as a young girl I could remember this happening to me. This book is for all people to read young and old to understand the concept of how evil people can come into your lives and ride everything for you. I didn't agree with the 21 year old male because he took a life of a young teenager for us own happiness and ended her life and a year later her mother life for the wrongdoing and choices he made. It

was very sad because her daddy never was in her life and she look for love in all the wrong places.

### **Sharon Thompson-Lloyd says**

#### **This book**

Was raw and gritty. All teenager's should read this book. This is a very brilliant author. I haven't read a book by him yet, that I didn't like. I highly recommend this book to everyone who reads. Don't sleep on this talented author. Check him out.

---

### **Charlene A. says**

This was an all-too-real glimpse of how easily children can be sucked in to the twisted web of online predators, sometimes, regardless of the household dynamic.

Sophia was your typical teenager, who excelled in school while her mother worked tirelessly to provide a comfortable life, as a result of her father's absence. Because of dad's absence from Sophia's life, she went looking for the love that she wasn't receiving and, for which, she paid the ultimate price.

From beginning to end, the story is engaging, although there were quite a bit of (simple) grammatical errors that, sometimes, made following the story a bit challenging.

---

### **Kay says**

#### **Excellent!**

This book had me on the edge of my seat. Sophia was young and naïve. There's no other love than a Mother's love. Yvonne never gave up on her child. The book's ending is certainly a twist. I can't talk about it because you won't read the book. It was so real that I know that parents need to communicate with their children. Just read the book.

### **Doretha Bradley says**

#### **Tragedy**

Wow!!! This is such a powerful, well written book. More young girls need to read this as a cautionary tale. You never know who you're really meeting through the computer screen and parents have to stay vigilant at all times to keep their children safe from all kinds of threats. It's scary to think of the world we're living in where it's easier to hide one's true identity while creating a new one for social network. I'm looking forward to reading where the next installation will take me. Great job as always Shameek Speight!!!!

---

**Dee Cherry says**

This was a different type of read from this author. Yvonne's love for her daughter, Sophia never wavered as she tried her best to protect her. This was a sad story that unfortunately could happen.

---

**Gina Harris says**

**W\*O\*W**

This book was really good. A teenage life can sometimes be AWESOME! Then again it can be AWFUL! This one went from sugar to sh\*t!! Great read!!!

---

**Prinzessbtrfly? says**

What a sad real life story ? but worth the read.

---

**Brittney Green says****Adult Decisions**

Quick story, with a sad ending. I wish she never met Miguel because she wouldn't have been in the predicament she was in. Also, I would love to read a stand-alone about Miguel, seems to be an interesting back story to him.

---

**Celeste says**

**\*Trigger\***

This book had some of everything in it, domestic violence, Catfishing, murder.... You name it. I liked the fact that the storyline was realistic to today's society, what happened in this book can and unfortunately probably has happened in reality. I have 3 daughters and it reminded about the cautions of social media. What I didn't like was how it ended. Be prepared to ball your eyes out because I definitely did. I saw that there's a part 2, I can't even begin to phantom how that's possible with the ending of part one. Overall, lessons upon lessons are learned from this story.
